94	Forest Street, Quincy Line
95	Randolph Avenue, Quincy Line
96	Randolph Avenue and Highland Street

Special Signals for Fires in the Blue Hills Reserv'n.

*Special Signals.

Directions for Sounding an Alarm

Open outside door of Fire Alarm Box, then pull the hook down **ONCE** and let go. Remain at Box until arrival of Firemen and direct them to the Fire.

Signals

1	One blow, 7.30 A.M., 12 M., 5.45 P.M. Fire Alarm Tests.
1-1	Two blows, Recall.
1-1-1	Three blows followed by four rounds of box number, general alarm.

Signal for No School

The signal 2-2 sounded four times on the fire alarm at

7.15 o'clock means no school sessions for all schools for entire day.

7.30 o'clock means no school sessions for all schools below the Junior High School for the entire day.

11.40 o'clock means no afternoon session for all schools below the Junior High School — this signal will not be sounded if the 7.15 or the 7.30 signal has been sounded.

The 7.15 signal will rarely be sounded as it includes the closing of the High and Junior High Schools. If the 7.15 signal is given, the 7.30 signal will be unnecessary.

The widely varying conditions in the several parts of Milton make it difficult to reach decisions equally fair to all interests. Parents are, therefore, expected to exercise discretion in regard to their own children

Annual Report

1926

Boston
Wright & Potter Printing Company
32 Derne Street
1927

REPORT OF TOWN ACCOUNTANT

To the Honorable Board of Selectmen.

In accordance with the Revised By-Laws of the Town of Milton, and General Laws, chapters 41 and 44, the books and accounts of all officers and committees intrusted with the expenditures of money, and all original bills and vouchers on which moneys have been paid from the treasury for the year ending December 31, 1926, have been examined and found correct.

Respectfully submitted,

JOSEPH H. DUFFY,
Town Accountant.

REVISED BY-LAWS

Town of Milton, March 2, 1902

Adopted by the Town and approved by the Superior Court May 20, 1902

The amendments to Chapters 2, 3, 4, 7, 8, and 10, adopted by the Town March 2, 1914, March 13 and September 1, 1915, March 11, 1922, March 14, 1925, March 13, 1926, were approved by the Attorney-General, December 10, 1914, May 8 and September 22, 1915, April 6 and July 19, 1922, March 26, 1925, March 18, 1926

Chapters 12 and 13, adopted by the Town July 10, 1922, were approved July 11 and 21, 1922

The amendment to Chapter 12, adopted by the Town March 13, 1926, was approved March 17, 1926

CHAPTER 1

General Provisions

Section 1. These By-Laws, contained in this and the succeeding chapters, being ten chapters in all, may be designated as the Revised By-Laws, adding the number of the chapter and section when necessary.

Sect. 2. So far as the provisions of these By-Laws are the same in effect as those of previously existing By-Laws, they shall be construed as a continuation of such By-Laws, but, subject to said limitations and the provisions of the next section, all By-Laws of the Town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any By-Law, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

Sect. 3. These By-Laws and the repeal of all By-Laws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any By-Law thereby have the effect of reviving any By-Law theretofore repealed or suspended.

Sect. 4. When in a By-Law anything is prohibited from being done without the license or permission of a certain officer, officers, or board, such officer, officers, or board, shall have the power to license or permit such thing to be done.

Sect. 5. In all the By-Laws of the Town the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows: —

The word *public way* shall include any highway, town way, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; *the owner or occupant* of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word *person* may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

Sect. 6. All fines and penalties for the violation of any By-Laws shall, when received, inure to the use of the Town, and be paid into the Town treasury, unless it be otherwise directed by the laws of the Commonwealth or the By-Laws of the Town.

Sect. 7. Whoever violates any of the provisions of the By-Laws of the Town, whether included in these By-Laws or any hereafter enacted, whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

Sect. 8. Whoever shall refuse or neglect to obey any order of any Town officer or board of Town officers, issued under any of the By-Laws of the Town, directed to

him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for such offence a fine not exceeding twenty dollars.

Sect. 9. Prosecutions for the breach of any of the provisions of the By-Laws of the Town shall be commenced within six months from such breach.

Sect. 10. Any or all of the By-Laws of the Town may be repealed or amended, or other By-Laws may be adopted, at any Town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

CHAPTER 2

Town Meetings

Section 1. The warrants for all Town meetings shall be directed to the constables of the Town, and the meetings shall be notified by posting attested copies of the warrant in each of the post-offices of the Town at least fourteen days, and by leaving printed copies thereof at the dwelling-houses in the Town at least four days, before the day of such meeting.

Sect. 2. The annual meeting for the election of Town officers shall be held upon the first Saturday of March, the polls to be open at fifteen minutes before six o'clock in the forenoon, and they shall remain open until four o'clock in the afternoon for the election of such other Town officers as are required by law to be elected by ballot, all said officers to be voted for on official ballots. At any time after said four o'clock a vote may be passed to close the polls in not less than ten minutes.

Sect. 3. All business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be considered at an adjournment of said meeting to the following Saturday at one-thirty o'clock in the afternoon.

Sect. 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting.

Sect. 5. Upon taking the question, if the decision of the Moderator is doubted, or a division of the House called for, the Moderator shall request the voters to be seated, and shall appoint tellers; the question shall then be distinctly stated, and those in the affirmative and negative respectively shall be requested to rise and stand in their places until they are counted by the tellers, who shall carefully count each side and make a report thereof to the Moderator; provided, however, that if prior to the opening of the Town Meeting or adjourned Town Meeting at which any specific Article is considered, twenty-five citizens shall in writing have requested the Moderator to submit any question arising under such Article to vote by ballots in case the decision of the Moderator upon voice vote being taken is doubted, then in such case, if the decision of the Moderator is so doubted or a division of the House called for, vote upon any such question shall be taken by ballots indicating the affirmative or negative, which shall be distributed, collected and counted by the tellers and a report of the count made to the Moderator.

Sect. 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the voters present and voting thereon.

Sect. 7. When a question is before the meeting, the following motions, viz.: —

to adjourn,
to lay on the table,
for the previous question,
to postpone to a time certain,
to commit (or recommit) or refer,
to amend or substitute,
to indefinitely postpone,

shall have precedence in the order in which they are placed in this section.

In proposed amendments involving amounts or dates, the smallest amount and the shortest time shall be put first.

Sect. 8. After the declaration of the vote for Town officers, fifteen legal voters shall be appointed by the Moderator, who shall constitute a committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said committee until the Town meeting of the ensuing year.

CHAPTER 3

The Warrant Committee

Section 1. The Warrant Committee shall, within two weeks after their appointment, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

Sect. 2. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the Town, the subject-matter of which is generally included in the warrants for its Town meetings; and the officers of the Town shall, upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the Town or its citizens.

Sect. 3. The Warrant Committee shall consider the various articles in the warrants for all the Town Meetings held during the period for which they were appointed including the various articles in the warrant for the annual Town Meeting next after their appointment; they shall also consider all questions submitted to the voters of the Town at any meeting, including State elections under any act or resolve of the Legislature and proposed amendments to the Constitution; and they shall report in print before all such meetings their estimates and recommendations for the action of the Town.

On or before January first of each year each board, committee or officer of the Town shall file with the Selectmen, who shall transmit the same to the Warrant Committee, a statement in detail of the appropriation or appropriations recommended by such board, committee or officer for the work under its or his charge for the ensuing year.

The Warrant Committee shall include in its report of recommendations for the annual Town Meeting a statement setting forth the total appropriations so requested, the appropriations recommended, and the totals of such appropriations requested and recommended, and an estimate of the tax rate for the ensuing year if such recommendations are adopted.

CHAPTER 4

The Town's Finances and Property

Section 1. The financial year shall begin with the first day of March.

Sect. 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the tax-payers of the Town, a detailed report of all moneys received into and paid out of the Town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report shall be printed the records of all meetings of the Town held since the last annual report was printed, the reports of the Auditors, of the Surveyors of Highways, and of the Engineers of the Fire Department, the Collector's account of receipts, payments, and abatements, a list of all taxes assessed, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and funds of the public library and the cemetery to be furnished by the Trustees respectively, and a statement of all other funds belonging to the Town or held for the benefit of its inhabitants; also statements of the liabilities of the Town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the Town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain such other matters as may be required by the By-Laws of the Town.

Sect. 3. The assessment of taxes shall be completed and the tax list and warrant shall be delivered to the Collector on or before the first day of August in each year.

Sect. 4. Poll taxes shall be payable on demand, and all other taxes assessed in each year shall be payable on or before the first day of November in the same year; and on all such taxes as are not paid on or before the said first day of November, interest shall be charged at a rate to be fixed annually by the Town, pursuant to Section 71 of Chapter 490 of the Acts of the year 1909, Part I, and the Collector shall use all the means and processes provided by law for the collection of all taxes remaining unpaid after the first day of November in the same year.

Sect. 5. No person being an officer of the Town shall in his official capacity make or pass upon, or participate in making or passing upon, any sale, contract or agreement, or the terms or amount of any payment, in which the Town is interested and in which such officer has any personal interest at variance with that of the Town.

Sect. 6. The Selectmen, being duly authorized by vote of the Town under the limitations imposed by statute, may authorize the Treasurer to borrow money temporarily in anticipation of the collection of taxes, or upon loans authorized by vote of the Town, and to give promissory notes therefor in behalf of the Town, the same to be signed by the Treasurer and countersigned by a majority of the Selectmen.

Sect. 7. No money granted for special purposes shall be applied to any other use unless by a vote of the Town, and all unexpended balances of such grants shall be stated in the annual report.

Sect. 8. The Selectmen shall keep full accounts in respect to the several separate appropriations and the drafts made against each and shall not approve any draft which does not state specifically the appropriation against which it is drawn, whether general or special.

Sect. 9. The Warrant Committee shall send to the Selectmen and to the Auditors certified copies of all votes whereby transfers are made out of the Reserve Fund for extraordinary or unforeseen expenditures.

Sect. 10. No board, committee, or officer of the Town shall commit the Town to any expenditure or liability which would, in the ordinary course of business, be chargeable to the appropriation of which such board, committee or officer is or has been in charge, after such appropriation has been exhausted, or after the satisfaction of all liabilities against it would exhaust it, until either the Warrant Committee shall have transferred additional sums to such appropriation, or until the Town at a meeting of the voters, shall have acted in the matter.

Sect. 11. No grant of a sum of money exceeding five hundred dollars shall be made until the subject-matter thereof has been considered and the estimates reported to the Town, either by the Selectmen or other Town officers, or by the Warrant Committee or some committee chosen for that purpose in pursuance of a vote of the Town.

Sect. 12. The Selectmen shall have full authority as agents of the Town to institute and prosecute suits in the name of the Town, and to appear and defend suits brought against it, unless it is otherwise specially ordered by a vote of the Town.

Sect. 13. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the Town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the Town, unless the Town shall otherwise vote in any special case.

Sect. 14. The Selectmen shall appoint a Town Accountant, who shall perform the duties prescribed by law. At the close of each fiscal year he shall cause an audit of the accounts of the Town to be made under the supervision of the Director of Accounts, as provided by Section 35 of Chapter 44 of the General Laws.

CHAPTER 5

The Cemetery

Section 1. The sole care, superintendence, management, and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the Town.

In case of vacancies in the Board of Trustees the remaining members may fill the same, but any member so chosen shall hold office only until the next annual Town meeting, when a Trustee shall be elected for the unexpired term.

Sect. 2. Citizens of Milton who are heads of families and have been residents of the Town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family, subject to the regulations adopted by the Town, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

Sect. 3. The Trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of not less than fifty cents a square foot, but only to those who are in some way connected with Milton people.

Sect. 4. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall

omit for thirty days after notice to erect such land marks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

Sect. 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

Sect. 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

Sect. 7. There shall be no structure or inscription placed in, upon or around any lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

Sect. 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such Tomb, carefully remove its contents to a lot prepared for the purpose, and erect over the remains a suitable memorial stone.

Sect. 9. The following regulations shall be posted within the Cemetery: —

1. All persons are prohibited from driving on the borders.
2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.
3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.
4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.
5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.
6. Dogs are not allowed within the Cemetery grounds.

CHAPTER 6

Police Regulations

Section 1. No person shall move or assist in moving any building, over any way which the Town is obliged to keep in repair, without the written permit of the Selectmen being first obtained; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

Sect. 2. Whoever, without a written license from the Selectmen, shall cause or suffer any cart or wagon to remain within the limits of any public way so as in any manner to obstruct travel thereon, or for more than twenty-four hours, shall forfeit and pay a sum not less than one dollar and not more than ten dollars for each offence; and he shall be subject to a like penalty if he neglects to remove the same within the time ordered by such officers, who may revoke such license at any time.

Sect. 3. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a constable, police officer or the Selectmen.

Sect. 4. Any person who intends to erect, repair or take down any building on land abutting on any way which this Town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish, shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such a portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days, and to be on such conditions as the Selectmen may require; and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

Sect. 5. No person shall throw or place, or cause to be thrown or placed, any ice or snow into or upon any public way unless the same be broken into small pieces and spread evenly.

Sect. 6. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 7. Whoever shall suffer any horse or grazing beast, or swine, to run at large in the Town, or to feed in any public way either with or without a keeper, and whoever shall drive any such animal upon any sidewalk, or suffer any horse to remain hitched across any sidewalk, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 8. Three or more persons shall not continue to stand or remain in a group, or near to each other, on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 9. No person shall dig up or obstruct any portion of any way which the Town is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these By-Laws for such failure, he shall reimburse the Town for all expenses and damages which, or for which, the Town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

Sect. 10. No person shall ride or drive any beast of burden, carriage or draught, or shall propel or cause to be propelled any bicycle, tricycle, automobile or any vehicle whatsoever, at a rate of speed exceeding ten miles an hour, in or over any crossing in any public way.

Sect. 11. No person shall permit any team under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any team in any public way so near to another team as to obstruct public travel; and no person shall stop with any team or carriage upon or across any crossing in any public way.

Sect. 12. No person shall drive or take charge of at the same time in any public way two or more vehicles drawn by horses or other beasts; or shall allow any vehicle belonging to him to be driven in any public way without some competent person in charge thereof.

Sect. 13. Whoever shall coast upon ice or snow on Adams Street, between Churchill's Lane and the line of the City of Boston, or upon any public way on which the Selectmen or Superintendent of Police shall by public notice have forbidden such coasting, and whoever shall drive, wheel or draw any coach, cart, wheelbarrow, handcart, velocipede, bicycle or any carriage of burden or pleasure, except children's carriages, or coast upon any sidewalk in the Town, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 14. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

Sect. 15. Any person or persons who shall play or perform on any musical instruments, or sing, parade, march, or congregate in any public way or public place, except in connection with a funeral, without the written permit of the Selectmen, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

Sect. 16. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any constable or police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 17. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons, in any public way.

Sect. 18. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any sign board of the Town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each

offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

Sect. 19. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

Sect. 20. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other building whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge or cause to be thrown, led or discharged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

Sect. 21. The Selectmen may grant licenses to use a certain portion of any public way as a carriage-stand, under such terms and conditions as they may prescribe; and no person shall use any portion of any public way as a carriage-stand for the solicitation of passengers for hire without a license from the Selectmen. But licenses shall not be confined to one person to the exclusion of other applicants, and shall be granted so as to allow competition and promote public convenience.

Sect. 22. No person shall distribute papers, circulars or advertisements through the Town or any portion thereof in such a manner as to make a litter or otherwise cause public annoyance.

Sect. 23. No person shall fire, discharge, explode or set off any gun, firearm, torpedo, fire-cracker or fire-works in such manner as to frighten any horse, or to disturb the peace or quiet of any neighborhood.

Sect. 24. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

Sect. 25. No person shall own or keep a dog which by barking, biting, howling or in any other manner is disturbing the peace or quiet of any neighborhood.

Sect. 26. No person shall hawk or peddle any of the articles enumerated in Section 15 of Chapter 65 of the Revised Laws, until he has recorded his name and residence with the Superintendent of Police, and been assigned a number by him, nor unless any vehicle or receptacle in which he shall carry or convey such articles shall have painted on it in letters and figures at least two inches in height the name of the person selling, and the number given him by the Superintendent of Police, and be approved on the first Monday in every month by the Superintendent of Police; provided, however, that the foregoing provisions shall not apply to minors licensed by the Selectmen; and, further, provided that the Selectmen may restrain the sale by minors of any or all such articles.

No person hawking, peddling or selling, or exposing for sale, any articles enumerated in Section 15 of Chapter 65 of the Revised Laws, shall cry his wares to the disturbance of the peace and comfort of the inhabitants of the town.

No hawker or peddler shall carry or convey any articles enumerated in Section 15 of Chapter 65 of the Revised Laws in any manner that will tend to injure or disturb the public health or comfort, nor otherwise than in vehicles or receptacles which are neat and clean and do not leak.

Sect. 27. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles, in the Town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the Town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subjected to the provisions of Sections 186 to 189 inclusive of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Sections 26 and 27 shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

Sect. 28. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter.

Prosecutions and Penalties.

Except when otherwise provided by law, prosecutions for offences under the By-Laws of the Town may be made by any constable or police officer of the Town.

CHAPTER 7

The Construction and Inspection of Buildings

Section 1. This Chapter shall constitute and be known as the Building Code and may be cited as such. It provides, in conjunction with Chapter 635, Acts of 1912, known as the "Tenement House Act", for all matters concerning the construction, equipment, alteration, repair, demolition or moving of buildings or structures erected or to be erected in the Town of Milton.

Sect. 2. Whenever the word "Inspector" occurs in this Chapter it means the Inspector of Buildings.

Sect. 3. The Inspector may, so far as is necessary for the performance of his duties, enter any building or premises within the Town at any reasonable hour.

Sect. 4. In this Chapter the following terms shall have the meanings respectively assigned to them:

First Class Buildings: A first class building shall consist of fireproof material throughout, with floors constructed of iron, steel or reinforced concrete beams, filled in between with terra cotta or other masonry arches or with concrete or reinforced concrete slabs. Wood may be used only for under and upper floors, window and door frames, sashes, doors, interior finish, handrails for stairs, necessary sleepers bedded in cement, and for isolated furrings bedded in mortar. There shall be no air space between the top of any floor arches and the floor boarding.

Second Class Buildings: Second class buildings shall include all buildings not of the first class, the external and party walls of which are of brick, stone, iron, steel, concrete, reinforced concrete, concrete blocks or other equally substantial and fireproof material.

Third Class Buildings: Third class buildings shall include all buildings not of the first or second class.

Thickness of Wall: The minimum thickness of such wall.

Grade: Average grade of the ground immediately adjoining a building.

Cellar: A story more than one-half below the average grade of the ground immediately adjoining a building.

Wooden Frame Building: Any building of which an external wall is constructed wholly or partly of wood. Wood frames covered with metal, wire lath and plaster or brick shall be deemed to be wood structures.

Reinforced Concrete: By the term "reinforced concrete" is meant an approved concrete mixture reinforced by steel of any shape so combined that the steel takes up the tensile stress and assists in the resistance to shear.

Story: That part of a building between the top of any floor beams and the top of the floor or roof beams next above.

Permits

Sect. 5. Before the erection, construction or alteration of any building or part of any building, structure or part of any structure, wall, or any platform or flooring to be used for standing or seating purposes, is commenced, the owner or lessee, or agent of either, or the architect or builder employed by such owner or lessee in connection with the proposed erection or alteration shall, except for ordinary repairs, submit to the Inspector a detailed description of the location, purpose and construction of the proposed structure or work on proper blanks to be furnished by the Inspector, and full and complete copies of the plans of such proposed work, and such structural detailed drawings as the Inspector may require.

Such plans and detailed drawings shall be furnished in duplicate and, if approved by the Inspector, one set shall be kept at the building during the progress of the work, open to the inspection of the Inspector or his representative. The other shall be kept on file in the office of the Inspector.

The Inspector may require an applicant for a permit to submit with the plans of a building or other structure detailed drawings and calculations of any portions thereof subjected to unusual stresses, or of complicated construction, or for a steel frame or reinforced construction, or of any type of construction not particularly described in this chapter.

Nothing in this section shall be construed to prevent the Inspector from granting

his approval of the erection of any part of a building or structure where the general plans and detailed descriptions have been filed for the same, before the entire detailed plans have been submitted.

Sect. 6. It shall be the duty of the Inspector to approve or reject any plans filed with him pursuant to the provisions of this chapter within a reasonable time and within ten (10) days in any event, and no work shall be commenced until a permit is issued.

Sect. 7. Upon approval of plans the Inspector shall issue a permit. The permit shall be void unless work is commenced within three (3) months from the date thereof.

Sect. 8. No building shall be lathed nor shall any metal ceiling, plaster board or other covering be put on until the Inspector has been notified that the building is ready for such work, and until he has given written consent thereto.

Sect. 9. If a proposed building or structure is of a size or character not provided for by this chapter, plans and specifications of such building or structure shall be submitted to the Inspector and referred by him, with his recommendations thereon, to the Board of Selectmen for approval.

Construction

Sect. 10. The Inspector shall examine all buildings in the course of erection or alteration as frequently as is necessary, to see that the Law and the By-Laws of the Town are complied with.

Sect. 11. Every portion of every building or other structure in process of construction, alteration, repair or removal and every neighboring building or other structure or portion thereof affected by such process, or by any excavation, shall be properly supported during such process or excavation.

Sect. 12. All masonry below the finished grade shall be laid up in mortar no poorer than one part Portland cement and three parts sand.

All masonry above grade shall be laid up in mortar no poorer than one part Portland cement, one part lime, and six parts sand.

Sect. 13. Every building or structure hereafter erected shall have a masonry foundation resting upon the solid ground, piles, or other durable structure. Said foundation shall be securely and properly built, and shall be of such thickness as to properly sustain the weight it is intended to support; provided, however, that the Inspector may, in his discretion, permit the use of other materials for foundations of buildings not over one and one-half stories high.

Sect. 14. The underpinning above grade, if of concrete, shall be not less than ten (10) inches in thickness; if of brick, not less than twelve (12) inches in thickness; if of stone, not less than sixteen (16) inches in thickness; and shall be laid in cement mortar, as prescribed in Section 12.

Sect. 15. All foundation walls and pier footings shall be laid at least three (3) inches below cellar bottom and not less than three (3) feet six (6) inches below any adjoining surface exposed to frost.

Sect. 16. All piers shall be built of stone, good hard burnt brick laid in mortar, or reinforced concrete. Isolated brick piers shall not exceed in height ten (10) times their horizontal dimensions and, if of reinforced concrete, fifteen (15) times their least horizontal dimensions, which shall not be less than twelve (12) inches. Cement filled iron columns may be substituted for piers if of suitable size to carry the superimposed load. Such columns shall have cast iron caps and bases and shall rest on footings of masonry, stone, or concrete which shall be at least twelve (12) inches in each dimension.

Sect. 17. For buildings other than frame, where the walls are of brick or solid concrete, the minimum thickness in inches of all exterior and dividing walls carrying the loads of floors and roofs and including foundation walls for the same shall be not less than specified in the following table:

Height.	Foundations.	Basement.	Stories.					
			1	2	3	4	5	6
1 story . .	16	12	8					
2 stories . .	16	12	12	8				
3 stories . .	20	16	12	12	8			
4 stories . .	20	16	16	12	12	8		
5 stories . .	20	16	16	16	12	12	8	
6 stories . .	24	20	16	16	16	12	12	8

The height of stories for the thickness of walls given shall not exceed:

First Story	17 feet
Second Story	15 feet
Third Story	13 feet
Fourth and Upper Stories	12 feet

and if any story exceeds the foregoing heights, it shall be counted as one additional story for each twelve feet in height or fraction thereof and the thickness of the walls not diminished from the thickness of the lower portion of such story.

If stone is used in place of brick or solid concrete, the thickness of walls shall be made four (4) inches thicker than above specified.

In external walls of the thickness specified in this section, the area of openings for windows, doors, flues, etc., shall not exceed 50 per cent of the gross sectional area. In case the width of such openings exceeds one-half the length of the wall, the thickness of piers between openings shall be increased so as to maintain an area of at least fifty (50) per cent of the gross area required by the specified thickness; provided, however, that in the upper half of any vertical portion of the wall required to be of constant thickness a smaller addition may be made to the thickness of piers, if the stresses allowed by this code are not exceeded. Curtain walls of brick or concrete between piers, where carried to the piers by arches or lintels at each story, shall be not less than eight (8) inches in thickness.

Sect. 18. Vaulted walls shall contain, exclusive of ties, the same amount of material as required for solid walls, and shall be securely tied together with headers in every sixth course at least.

Sect. 19. In reckoning the thickness of walls, no allowance for ashlar shall be made unless it is at least eight (8) inches thick, in which case the excess over four (4) inches shall be reckoned as part of the thickness of the wall. Ashlar shall be at least four (4) inches thick and properly held by metal clamps to the backing, or properly bonded to the same.

Sect. 20. Reinforced concrete construction will be accepted for buildings of the first class, and must be designed in accordance with the recommendations of the Joint Committee of the American Society of Civil Engineers, or American Society for Testing Materials, and all materials used in the construction must conform to the requirements of the standard specifications of the American Society for Testing Materials.

The Building Inspector shall have authority to require tests to be made of all materials used in the construction. Such tests shall conform to the requirements as approved by the American Society for Testing Materials.

Only stone or gravel concrete shall be allowed in the construction of reinforced concrete buildings, except that slag or cinder concrete may be used for fireproofing purposes and for floors or roofs where the superimposed load does not exceed fifty (50) pounds per square foot, and the spacing between supports does not exceed six (6) feet.

The allowable unit stresses shall not exceed those recommended by the Joint Committee above mentioned.

Before issuing permit for the construction of reinforced concrete buildings, the Inspector of Buildings shall require the owner to submit a complete set of working drawings and details of the proposed construction with the approval of some well-known consulting engineer written upon each sheet of the drawing, and the cost of such approved drawings shall be paid by the owner.

Sect. 21. The studding in outside walls shall be at least two (2) by four (4) inches in size and spaced not over sixteen (16) inches on centers.

Studs next door and window openings shall be at least three (3) inches by four (4) inches and shall be mortised into sills and girts.

Openings in outside walls shall be trussed if the Inspector so requires.

Sect. 22. Every wooden building hereafter erected or altered shall have all parts of sufficient strength to carry the weight of the super-structure; shall be built with sills, posts, girts, studs and plates all properly framed, braced and secured together by mortising, strapping or halving, to the satisfaction of the Inspector.

The posts and girts shall be not less than four (4) inches in size except intermediate posts, which shall be not less than four (4) inches by eight (8) inches in size. Studs in interior partitions shall be placed not more than twenty (20) inches on centers. Plates shall be not less than four (4) inches by four (4) inches in size, but may be two (2) inches by four (4) inches doubled. Sills shall be not less than four (4) inches by six (6) inches in size.

Sect. 23. The studding of main or carrying partitions shall be not less than two (2) by four (4) inches in size, and shall rest on a sole piece of hard pine two (2) by four (4) inches. All openings in main partitions of more than thirty-six (36) inches shall be trussed and have studs doubled at sides. Every partition shall have a header extending the length of the partition, and carrying partitions shall be bridged with stock the full width of studding and two (2) inches thick, at least once in height.

Partitions over twelve (12) feet in height shall be bridged at least once in every six (6) feet.

When carrying partitions rest directly over each other, the studs shall run down between the floor beams and rest on the header of the partition below.

Headers of carrying partitions shall be at least two (2) inches by four (4) inches in size, doubled and of hard pine.

Sect. 23A. All wooden header beams more than four (4) feet long used in any building shall be framed together and pinned or hung to the trimmer beams in stirrup-irons. When it is not practicable to frame or secure the ends of tail beams into header beams, the ends of the tail beams shall be hung to the header beams by stirrup-irons.

Sect. 24. All wooden beams of floors or flat roofs shall be properly bridged with cross bridging at least one (1) inch by three (3) inches in size, and the distance between bridging or between bridging and walls shall not exceed eight (8) feet.

Sect. 25. No part of any floor timber shall be within two (2) inches of any chimney; no studding or furring shall be within one (1) inch of any chimney; and no timbers or woodwork shall be within two (2) inches of the back wall of any fireplace. The header beam, carrying the tail beams of a floor and supporting the trimmer arch in front of a fireplace, shall be not less than eighteen (18) inches from the finished chimney breast.

Sect. 26. Every wooden beam, except header beams, shall rest four (4) inches in the wall at each end, or upon a girder or column as authorized by this chapter, unless the wall is properly corbelled out of four (4) inches, in which case the brickwork or corbelling shall extend to the top of the floor beams.

Sect. 27. The ends of all wooden beams of floors where they rest on brick walls, and the ends of all wooden roof beams in parapeted walls, shall be cut to a bevel of three (3) inches in their depth.

Sect. 28. No cutting of timbers for any purpose shall be done so as to reduce the strength of the supporting parts below that required by the provisions of this chapter. No floor timber, header or trimmer beam of any building shall be cut into more than two (2) inches in depth for piping without a permit from the Inspector. Holes for electric wires through wooden beams, girders or floor beams shall not be located more than one (1) inch from the neutral axis thereof.

Sect. 29. Every second and third class building hereafter built shall have in each story all vertical space in the exterior walls, and carrying partitions thoroughly stopped with fireproof materials not less than four (4) inches in height. These steps may be omitted on approval of the Inspector in cases where the studding is to remain open and uncovered. In every building used solely as a mill or factory there shall be a fireproof stop between the upper and under floor. This fire stop may, however, be omitted if the floor boards are at least two (2) inches thick and splined or tongued together and the space between the timbers of the floor open and uncovered.

Sect. 30. All floors shall be of sufficient strength to bear the weight imposed thereon and of sufficient strength in all parts to safely bear (in addition to the weight of the material of which the floor is composed), upon every square foot of its surface not less than the weights named below for the specified purposes for which such floors are respectively used or designed to be used:

Dwelling houses and hotels [except public rooms having a floor area of over five hundred (500) square feet and corridors], fifty (50) pounds; unfinished attics used for storage purposes only, thirty (30) pounds; schoolhouses, except corridors and assembly halls, sixty (60) pounds; stairs, landings, platforms, fire escapes, office floors, places of public assembly and public buildings having permanent seats, seventy-five (75) pounds; stables, private garages and the portions of public garages not containing machinery, seventy-five (75) pounds; corridors of hotels, of public buildings and of schoolhouses and rooms in hotels exceeding five hundred (500) square feet in area, one hundred (100) pounds; retail stores and buildings for light manufacturing purposes, one hundred and twenty-five (125) pounds; places of public assembly and public buildings having movable seats, dance halls and gymnasiums, two hundred (200) pounds; warehouses and buildings for heavy manufacturing purposes, two hundred and fifty (250) pounds. Loads not included in the above classification shall be determined by the Inspector.

Sect. 31. The pressure upon brick masonry in walls or piers, of which the thickness or least dimension is more than one-sixth of the height, when lime mortar is used, shall not exceed eight (8) tons per square foot; with lime and cement mortar, twelve (12) tons per square foot; with cement mortar, eighteen (18) tons per square foot. When the thickness or least dimension is between one-sixth and one-twelfth the height, and lime mortar is used, the pressure shall not exceed seven (7) tons per square foot; lime and cement mortar, ten (10) tons per square foot; with cement mortar, fifteen (15) tons per square foot.

On first class stone work laid in cement, pressures shall not exceed: on sandstone, thirty (30) tons per square foot; on marble or limestone, forty (40) tons per square foot; on granite, sixty (60) tons per square foot.

Hollow blocks of terra cotta or concrete when used for bearing walls shall have not more than fifty (50) per cent of cellular space. Concrete blocks shall not be used in construction until they have attained the age of twenty-eight days, or developed the strength required in this section. All building blocks shall be laid in Portland cement mortar.

The compressive strength of building blocks shall in all cases be calculated upon the gross area of the bedding faces, no account being taken of the cellular spaces. The average ultimate compressive strength for terra cotta blocks laid with cells vertical shall be not less than twelve hundred (1,200) pounds per square inch; the average for concrete blocks laid with cells vertical shall be not less than eight hundred (800) pounds per square inch. Concrete blocks shall be not less than thirty-six (36) days old when tested. The average strength of the blocks as here given shall be obtained by testing ten blocks of average quality.

The allowable working stress of hollow building blocks shall not exceed one hundred (100) pounds per square inch of gross area for terra cotta blocks, or seventy-five (75) pounds per square inch of gross area for concrete blocks. If a wall be built of blocks with the cells horizontal, the allowable working stress shall not exceed thirty (30) pounds per square inch of gross area.

The maximum stress in pounds per square inch in woodwork shall not exceed the following:

	Long-leaved Yellow Pine, Oak and Locust.	Other Woods.
Direct tension on compression or fiber stress . .	1,500	1,000
Direct compression side grain	500	300
Shear across fiber	1,200	800
Shear with fiber	150	100
Short columns	1,000	700

Columns may be used with a length not exceeding forty (40) times the least dimension. The unit strain for lengths up to ten (10) times the least dimensions shall be as given in the above table, with a reduction of one hundred (100) pounds per square inch for every increase of ten in the ratio of length to least dimension.

The maximum stress in tension in cast iron, or tensile fiber stress in case of beams, shall not exceed three thousand (3,000) pounds per square inch. The maximum compression in short pieces or compressive fiber stresses in beams shall not exceed sixteen thousand (16,000) pounds per square inch. Cast iron columns may be used with a length not exceeding twenty (20) times their least external diameter. The unit stress for lengths up to three (3) times their least diameter shall not exceed eleven thousand (11,000) pounds per square inch, with a reduction of five hundred (500) pounds per square inch for every increase of 3 in the ratio of length to least diameter.

In rolled steel the maximum stresses shall not exceed the following:

Tension and fiber stress, 16,000 pounds per square inch; compression in columns, 13,000 pounds per square inch.

Columns may be used with a ratio of length (1) to least radius of gyration (r) not exceeding 16, 1 being expressed in feet and the r in inches. The unit stress allowed shall be 13,000 pounds per square inch for 1/r from 2 to 4; 12,000 from 4 to 6; with a decrease of 1,000 pounds for each succeeding increase of 2 in the ratio of 1 to r.

Shear in rivets, 10,000 pounds per square inch; shear in rough bolts, 9,000 pounds

per square inch; shear in web (stiffened), 8,000 pounds per square inch; bearing on rivets, 18,000 pounds per square inch; bearing on rough bolts, 15,000 pounds per square inch.

The maximum stresses in wrought iron shall not exceed seventy-five (75) per cent of those allowed in rolled steel.

Materials not specifically mentioned above shall not be allowed to carry stresses exceeding one-quarter the stresses which would cause fracture or cracks in specimens of such materials of average quality under similar conditions of loading. In cases of doubt of the strength of such materials, the owner may be required to make such tests as the Inspector shall deem necessary to determine the strength, said tests to be made in the presence of the Inspector or his authorized representative.

Sect. 32. Frame buildings veneered on the outside with four (4) inches of brick or stone work shall have such brick or stone work supported on a foundation of masonry, and shall be properly anchored to the frame structure. The height of any such veneer shall not exceed twenty-five (25) feet above the solid masonry.

Sect. 33. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

Sect. 34. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight (8) inches larger than the pipe. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

Sect. 35. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; then the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one (1) inch larger in diameter than the pipe — having a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

Sect. 36. All walls, ceilings and partitions inclosing drying-rooms, when not made of fireproof material, shall be wire lathed and plastered, or covered with metal, tile or other hard, incombustible material.

Sect. 36A. No portion of any building of third class construction to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall be hereafter erected, enlarged, altered, or placed nearer than four (4) feet to the line of any adjacent lot or to any other building of the first or second class; or nearer than eight (8) feet to any portion of any other building of the third class on the same lot, unless fireproof masonry walls, with openings protected as required by Section 36, are built next to the said lot or other building, such walls to be of thickness provided under Section 17.

Sect. 37. In first or second class buildings all openings in walls within four (4) feet of adjoining property lines shall be protected by metal shutters or by metal sash, frames and wire glass.

Sect. 38. Every building of the third class hereafter erected to form a block of two or more buildings shall have a wall of brick, or Portland cement concrete, or other equally substantial and approved fireproof material between adjoining buildings, completely separating same. Such walls to be of thickness specified in Section 17, carried to under side of roof boarding.

Sect. 38A. Every dwelling to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall have at least two independent means of egress.

Electric Wiring and Fixtures

Sect. 39. All wires, appliances and apparatus in the interior of a public building or on private premises, which are intended for the transmission of electricity and to be connected with an outside circuit, shall be made and at all times kept safe, and

shall be placed, arranged, attached, changed and maintained by the person, firm or corporation owning or using the same, to the satisfaction of the Inspector of Wires appointed in accordance with the provisions of Chapter 337 of the Acts of the year 1899. The Inspector of Wires shall have access at all reasonable times to such wires, appliances and apparatus.

Before any person, firm or corporation shall arrange, fix, or essentially change any such wires, appliances and apparatus, the Inspector of Wires shall be notified and given full opportunity to inspect the said wires and their arrangement and fixtures before the same are covered or enclosed. Wires in the interior of buildings and on private premises shall not be connected with an outside circuit which crosses or runs along, over or under any street or way of the Town without written permission therefor having been first obtained from the Inspector of Wires.

Companies and contractors making any repairs on or installing any electric plants in the Town of Milton shall send a notice to the Inspector of Wires before the work is commenced.

All work and material must be supplied and installed in accordance with provisions of the National Electric code and any amendments or additions thereto.

Gas Fixtures

Sect. 40. The burners of all gas fixtures shall be at least three (3) feet below any ceiling or woodwork, unless the same is properly protected by a shield, in which case the distance shall be not less than eighteen (18) inches. No gas bracket on any lath and plaster partition or woodwork shall be less than five (5) inches in length, measured from the burner to the plaster surface or woodwork.

Sect. 41. Gas pipes in any building or structure shall be installed in accordance with the rules and regulations prescribed by the company furnishing gas. All gas pipes shall be inspected and tested by the gas company before the pipes are covered, and a certificate of the same from the gas company shall be placed on file with the Inspector of Buildings by the owner of the building or his representative. The method of installation of the gas pipes shall be subject to the approval of the Inspector of Buildings.

Sect. 42. Every hot water boiler hereafter installed, to be used for heating purposes, shall be provided with a safety or relief valve of a size not less than that known commercially as one-half (½) inch. Such valve shall be attached either directly to the boiler or to some pipe connected therewith at a point not more than one foot from the boiler.

Regulations Made by the Fire Engineers According to the Provisions of Chapter 32, Section 46, of the Revised Laws in Regard to Chimneys, Flues, Fireplaces and Heating Pipes

Sect. 43. All chimneys hereafter erected shall be built of brick, stone or other incombustible material.

Sect. 44. All chimneys hereafter erected, if walls are less than eight (8) inches thick, shall be lined on the inside with terra cotta or tile pipe, made smooth on the inside from two (2) feet below girder, or from the throat of the fireplace, if the flue starts from the latter, and carried up continuously to the top. The ends of all such lining pipes shall be made to fit close together, and the pipe shall be built in, as the flue or flues are carried up. The walls shall be at least four (4) inches thick. No parging mortar shall be used on the inside of any fireplace, chimney or flue. The firebacks of all fireplaces hereafter erected shall be not less than eight (8) inches in thickness if of solid brickwork nor less than twelve (12) inches if of stone. When a grate is set in a fireplace, a lining of firebrick at least two (2) inches in thickness shall be added to the fireback, unless soapstone, tile or cast iron is used and filled solidly behind with fireproof material.

All chimneys shall extend at least three (3) feet above the highest point at which the chimney cuts the roof and at least six (6) inches above any roof surface within ten (10) feet in a horizontal line.

Sect. 45. Imitation fireplaces intended for use with gas or electricity and not having a flue shall be constructed throughout, including the hearth, of fireproof material not less than two (2) inches thick.

Hearths of all fireplaces and chimney breasts where mantels are placed shall be supported by trimmer arches of brick, stone, burnt clay or concrete at least eighteen

(18) inches in width measured from the face of the finished chimney breast and not less than sixteen (16) inches longer than the width of the finished fireplace opening. Wooden centers under trimmer arches shall be removed before plastering the ceiling underneath. Hearths may be supported on steel cantilever beams built not less than sixteen (16) inches into the chimney.

Sect. 46. No chimney shall be supported by, started or built upon any woodwork.

In no case shall a chimney be corbelled out more than two-thirds the thickness of a wall to which it is attached, and in all such cases the corbellings shall consist of at least five course of brick. Where chimneys are supported by piers, the piers shall start from the foundation on the same line with the chimney breast, and shall be not less than twelve (12) inches on the face, properly bonded into the walls. When a chimney is to be cut off below, in whole or in part, it shall be wholly supported by stone, concrete, brick, iron or steel.

All chimneys which become dangerous in any manner whatever shall be repaired and made safe, or taken down.

Sect. 47. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

Sect. 48. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight (8) inches larger than the pipes. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

Sect. 49. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; then the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one (1) inch larger in diameter than the pipe — having a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

CHAPTER 8

The Regulation and Inspection of Plumbing

Section 1. There shall be in the Town a department for the inspection of plumbing in accordance with the provisions of Chapter 103 of the Revised Laws.

Sect. 2. The word "Inspector" without further addition wherever used in this chapter means the Inspector of Plumbing.

Sect. 3. Every plumber before commencing work on any part of the drainage system in a building, except in the case of the repair of leaks, shall file at the office of the Inspector upon blanks provided for that purpose, a description of the proposed work. No such work shall be done in any building unless approved by the Inspector and after a permit is issued therefor. Permits to perform plumbing shall be issued only to master plumbers. Drawings of the proposed work shall be filed when required by the Inspector.

Sect. 4. No drainage, waste or ventilation pipes shall be covered or concealed in any way until the same have been examined and approved by the Inspector. Notice shall be sent to the Inspector when the work is sufficiently advanced for such inspection, and it shall be the duty of such Inspector, within two (2) working days after receiving such notice, to inspect the same; and in case any change therein shall be found necessary, he shall direct in writing the change to be made.

Sect. 5. All drainage, waste and ventilation pipes shall be subjected to the water test before the fixtures are set. After all the fixtures are set, said pipings and fixtures shall be subjected to pneumatic or other reliable pressure test. All such tests shall be made in the presence of the Inspector.

Sect. 6. The drainage and waste piping of every building shall be connected with

the public sewer when such sewer is located in a street, way or other land adjacent to the lot upon which the building is located, if the sewer is within two hundred (200) feet of such building and is so located as to take the sewerage therefrom. If the building is more than two hundred (200) feet from the sewer or a sewer is not accessible, connection may be made with a proper cesspool, provided a permit is granted therefor by the Board of Health.

Sect. 7. The soil pipe of every building shall be of sufficient size to receive, and allow freely to pass, all that enters or should enter the same. All soil pipes shall be of extra heavy cast iron pipe. All drain and connecting ventilating pipes within the building shall be of sufficient size, and made of cast iron with leaded and caulked joints, but galvanized wrought iron pipe may be used for vent purposes. All pipes shall be properly secured to walls and ceilings with wrought iron hangers. Waste pipes shall be of cast iron, of lead, or of annealed brass of a thickness not less than No. 13 Stubbs gauge with brass or cast iron recessed fittings. No soil pipe of any building shall be less than four (4) inches inside diameter, except by written permission of the Board of Health. No vent pipe shall be less than one and a half (1½) inches inside diameter. No waste pipe shall be less than one and a quarter (1¼) inches inside diameter.

Sect. 8. All drain pipes shall have a proper pitch, shall have an accessible clean-out, and shall extend to a point ten (10) feet outside of the cellar wall. The pipe from the sewer or cesspool to within ten (10) feet of the cellar wall shall have tight joints. The clean-out, if made accessible, may be placed outside the cellar wall. All drain or ventilation pipes shall extend undiminished in inside diameter at least two (2) feet above the highest window on the roof. Every drain pipe, except a drain pipe from a building having but one sink, or but one sink with adjoining trays, shall have a suitable trap placed with an accessible clean-out at a reasonable distance from the point where such drain pipe leaves the building. All changes in direction of soil pipes shall be made by Y branches or by curved pipes. No ventilation pipes on the outside of any building shall be less than two (2) inches inside diameter.

Sect. 9. All joints in iron drain pipes, soil or vent pipes shall be made by thoroughly caulking the same with molten lead. Joints of lead pipes with iron pipes shall be made by soldering the same into brass ferrules by means of a full sized wiped joint and caulking the ferrules to pipes which are of cast iron, or screwing them to pipes which are of wrought iron.

Sect. 10. Every water-closet, urinal, sink, basin, bath-tub, slop hopper, and every tray or set of four or less wash trays shall have a separate trap, placed as near the fixture as possible, except that when two sinks or two basins, or a sink and a set of four or less wash trays adjoin, one trap shall be sufficient. A basin and bath-tub adjoining shall each have a separate trap, and in no case shall the waste from the bath-tub or other fixtures be connected with the water-closet trap or water-closet lead outlet pipe.

All fixture traps shall be protected from syphonage or air pressure by special vent pipes having a diameter not less than the diameter of the waste pipe and connected with the waste pipe at a point not lower than the seal of the trap in such manner as to make the vent pipe a continuation of or a Y branch from the waste pipe, except that the highest fixture on a stack which extends through the roof shall not require such special vent pipe unless the length of the waste pipe from the trap of said fixture to the said stack exceeds three (3) feet. Vent pipes for water-closets shall be of not less than two (2) inches bore and may be connected with the water-closet waste pipe below the level of the trap seal. Two or more vent pipes may be connected together or with a soil pipe, but such connection with a soil pipe shall be above the uppermost fixture connected with such soil pipe. Lead vent pipes may be used only where they are exposed to view.

Sect. 11. No drip or overflow pipes from safes under water-closets, urinals, or other fixtures, no overflow pipes from tanks or cisterns, no waste pipes from refrigerators or other receptacles in which food is stored, no rain water conductors, and no steam exhaust pipes, or steam waste pipes shall be connected with any soil pipe. No openings shall be allowed in the soil or waste pipe of any building for the purpose of receiving the surface drainage of the cellar except by permission of, and in a manner satisfactory to, the Board of Health. No brick, sheet metal, earthenware, or chimney flue shall be used as a sewer ventilator, or to ventilate any trap, drain, soil or waste pipe.

Sect. 12. Every water-closet shall be supplied with water from a tank or cistern, and shall have a flushing pipe of not less than one and a quarter (1¼) inches inside diameter. Flushing valves attached directly to a water-closet may be used, but when used the method of installation shall conform in every particular to the requirements of the Inspector.

Sect. 13. Cesspools shall have a top of stone, or arched brick, with iron rim and cover, and may be laid up dry, unless otherwise ordered by the Board of Health.

Sect. 14. No water-closet shall be enclosed with any woodwork.

Sect. 15. None of the provisions of the foregoing sections of this chapter shall apply to the drainage systems of barns and stables, except so far as ordered by the Board of Health, and all drainage systems of barns and stables shall be constructed according to plans approved in writing by the Board of Health.

Sect. 16. Every closed tank or boiler hereafter installed, which is to be used for the storage and supply of hot water, shall, if fed by direct pressure from any source outside of the building, have a safety or relief valve and a vacuum valve. Each valve shall be of a size not less than that known commercially as one-half (½) inch.

Sect. 17. Any person violating any of the provisions of Chapters numbered Seven and Eight shall be liable to a fine of not less than twenty (20) dollars nor more than one hundred (100) dollars for each offence, to be paid into the treasury of the Town of Milton.

Sect. 18. Upon the approval of Chapters 7 and 8 by the Attorney-General of the Commonwealth and the publication as required by law, they shall go into effect, and all building laws heretofore adopted by the Town shall be thereby repealed, except that in cases where permits have been issued prior to the approval and publication as above provided, the laws then existing shall govern the work to be performed under said permits.

CHAPTER 9

Street Railways

Section 1. The annual report shall contain the following concerning the street railways in the Town and the street railway companies owning or operating the same, viz.: —

Copies or full statements of all locations granted to street railways during the preceding calendar year, with all the terms, conditions and modifications thereof, and the terms of any modifications granted during the year of locations previously granted.

A copy of all regulations in force as to the rate of speed, the mode, manner and extent of use of tracks, and the number and routes of cars of any and all such companies made by the Selectmen under the provisions of Sections 40 and 42 of Chapter 112 of the Revised Laws.

A statement of all taxes paid the Town by street railway companies during the preceding calendar year, which by the terms of Section 47 of Chapter 14 of the Revised Laws are to be applied toward the construction, repair and maintenance of the public ways and removal of snow therefrom within the Town.

Sect. 2. Whenever the Selectmen are of the opinion that additional accommodations for the travelling public are required upon any street railway in the Town, and the company neglects or refuses to furnish the same at their request, it shall be their duty to petition the Board of Railroad Commissioners to order such additional accommodations to be provided under the terms of Section 70 of Chapter 112 of the Revised Laws.

CHAPTER 10

Town Ways

Section 1. Every way that shall be laid out for the acceptance of the Town as a Town way shall be not less than thirty feet in width.

Sect. 2. If an existing private way the fee of which is in the abutters shall be laid out for the acceptance of the Town as a town way, such way shall not be accepted unless and until the Selectmen shall have certified in writing that such way is well built, and as constructed it is equal to the average construction of existing highways of the Town; provided, however, that this section shall not apply to ways laid out subject to the provisions of law relating to the assessment of betterments.

Sect. 3. Whenever any way shall have been laid out or altered by the Selectmen, and accepted and allowed by the Town, no entry for the purpose of constructing any part of such laying out or alteration shall be made until all claims for damages by reason thereof shall have been finally adjusted or determined, unless such entry shall be authorized by special vote of the Town.

CHAPTER 11

Billboards

Section 1. No person or corporation shall erect or maintain a billboard sign or other outdoor advertising device, except as provided in Section 32 of Chapter 93 of General Laws, on any location within three hundred feet of any public park or playground or Metropolitan Park or Parkway, if within public view from any portion of such parks, playgrounds, or parkways; or within three hundred feet of any other public way and within public view from any portion of the same, if such billboard, sign or device exceeds five feet in height or eight feet in length, and no billboard, sign or device placed within three hundred feet of any such public way and within public view shall be nearer than fifty feet to any other such billboard, sign or device; or at the corner of any public ways and within the radius of one hundred fifty feet from the point where the center lines of such ways intersect; or in any place unless the lowest portion of such billboard, sign or device is at least three feet from the ground, and the entire structure, including its braces and supports, is maintained in good repair, painted, and free from accumulation of rubbish and filth and from the pupæ, eggs and caterpillars of gypsy and brown-tail moths and other tree and shrub destroying pests; provided that this section shall not apply to signs or other devices which advertise or indicate either the person occupying the premises in question or the business transacted thereon, or advertise the property itself or any part thereof if for sale or to let.

CHAPTER 12

Use of Buildings

Section 1. *Districts.* — A residence district is hereby created in the Town of Milton, to be known and designated as District A, the bounds of which shall be as set forth in the Zoning Map hereinafter in this By-Law referred to, the said district comprising all territory within the corporate limits of the Town of Milton, excepting the districts marked B and C on said Zoning Map, which are bounded and described as follows:

District B. — Beginning at a point in the boundary line between Milton and Quincy at the junction of the northeasterly side line of Bryant Avenue, and said boundary line: thence running northwesterly along said northeasterly boundary of Bryant Avenue to a point where the northwesterly side line of Martin Terrace extended northeasterly would intersect said line of Bryant Avenue: thence turning and running southwesterly along said extension of the northwesterly side line of Martin Terrace and said northwesterly side line itself to the end of said Martin Terrace at the land of L. A. Dame: thence turning to the right and running northwesterly along said land of L. A. Dame to the southeasterly side line of Boulevard Street: thence continuing in a northwesterly direction across said Boulevard Street to the intersection of the northwesterly side line of Boulevard Street with the southeasterly side line of Edge Hill Road: thence turning and running northeasterly and northerly along said southeasterly side line of Edge Hill Road and continuing northerly in the same line across Adams Street to the easterly boundary line of land of the New York, New Haven and Hartford Railroad Company: thence turning and running northwesterly along said easterly boundary line to a point where the southeasterly side line of Wood Street extended southwesterly would intersect said easterly boundary line: thence turning and running northeasterly along said southeasterly side line of Wood Street to a point distant 200 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning at right angles and running southeasterly in line parallel with the northeasterly side line of Granite Avenue and 200 feet distant therefrom to a point distant 200 feet northerly from the northerly line of Adams Street: thence turning and running easterly in a line parallel with said northerly side line of Adams Street and distant 200 feet therefrom to the westerly side line of Church Street: thence turning and running southerly along the westerly side line of Church Street to a point where the westerly side line extended intersects the southerly side line of Adams Street: thence turning and running westerly to the westerly side line of Mechanic Street: thence turning and running southerly along the westerly side line of Mechanic Street 100 feet: thence turning to the right and running westerly on line parallel with the southerly side line of Adams Street and 100 feet distant therefrom to a point 100 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning and running southeasterly in a line parallel with the northeasterly side line of Granite Avenue and 100 feet distant

therefrom to the boundary line between Milton and Quincy: thence turning and running southwesterly along said boundary line to the point of beginning.

District C. — Beginning at a point in the boundary line between Milton and Boston at the Neponset River, said point being at the intersection of the southerly boundary of land of the New England Telephone and Telegraph Company extended easterly and said boundary line between Milton and Boston: thence running westerly along said extension of the southerly boundary line of the New England Telephone and Telegraph Company and said southerly boundary line itself, to the easterly side line of Adams Street; thence continuing in the same general westerly direction across Adams Street and Canton Avenue to a point 100 feet distant westerly from the westerly side of High Street extended: thence turning and running northerly parallel with the westerly side line of High Street and distant westerly 100 feet therefrom to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to Pine Tree Brook: thence turning and running along the center line of said Brook southerly and southwesterly to the southwesterly boundary of land of the Town of Milton used for a Police Station: thence turning and running northwesterly along the southwesterly boundary and southwesterly line extended across Central Avenue to land of Octavia L. Horne: thence turning and running in a general northerly direction along the westerly boundary line of land of said Octavia L. Horne, and said westerly boundary line extended to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to the westerly boundary of land now or formerly of the National Biscuit Company: thence turning and running northerly along said westerly boundary and said westerly boundary produced across land of the New York, New Haven and Hartford Railroad Company to boundary line between Boston and Milton at the Neponset River: thence turning and running in a general easterly and southerly direction along said boundary between Boston and Milton to the point of the beginning.

Sect. 2. *Zoning Map.* — (*a*) The Zoning Map prepared by C. Frederick Joy, Jr., Civil Engineer, dated June 23, 1922, bearing the signatures of the Board of Selectmen and showing the boundaries of Districts A, B, and C, is declared to be a part of this By-Law.

(*b*) Where a boundary line divides a lot in a single ownership at the time of the adoption of this By-Law, the regulations as to District A shall not apply provided the lot does not extend more than twenty-five feet within the boundary line of said District A.

Sect. 3. *Residence Purposes.* — In District A, except as herein otherwise provided, no building shall be used, and no building shall be erected or altered which is intended or designed to be used for a store or shop, or for manufacturing or commercial purposes, or any other purposes except one or more of the following:

(*a*) A dwelling for one or more families.

(*b*) A hotel or a lodging or boarding house.

(*c*) A club other than a club the chief activity of which is a service customarily carried on as a business.

(*d*) A church, school or academy.

(*e*) Other purposes which are not particular industries, trades, manufacturing or commercial purposes.

(*f*) A railroad passenger station.

(*g*) A farm, truck garden, nursery or greenhouse.

(*h*) An accessory purpose customarily incident to the above purposes and not detrimental to the use of other property in the district for the above purposes, including a private garage for not more than two automobiles. An accessory purpose shall not include an advertising sign except a real estate sign advertising for sale or rent the property on which it is placed, but may include a sign not over one square foot in area, bearing a name and the designation of any authorized occupation, and being such a sign as is customary on any building used for the purposes permitted by this section of this By-Law.

(*i*) A garage for more than two automobiles, or a telephone exchange or transforming station, provided in each case that after a public hearing, fourteen days' notice of which shall be given, in such manner as the Selectmen shall determine, the Selectmen shall rule that such use in a building or buildings located, designed and constructed as described by them in their ruling, will not be seriously detrimental to the use of other property in the district for the purpose specified in the preceding paragraphs of the section, and provided that the use is confined to a building or buildings conforming to the description of said ruling.

SECT. 3A. *Location of Buildings in District A.* — After this section shall be duly adopted by the Town and become effective pursuant to law, in District A,

1. Set-back: No part of a building except steps, and eaves not exceeding 18″ wide, shall be built within 15 feet of the side line of the street on which it fronts, provided that no building need be set back more than the average of the set-backs of the buildings on the lots next thereto on either side, a vacant lot or a lot occupied by a building set back more than 15 feet being considered as occupied by a building set back 15 feet, and provided further than on a lot less than 100 feet deep of record in the Registry of Deeds at the time this section becomes effective no building need be set back more than 15 per cent of the depth of the lot, and provided that in such cases the same exceptions shall be permissible as in the case of buildings to which the 15 foot set-back applies.

2. Rear Yards: No part of a building except steps, and eaves not exceeding 18″ wide shall be built within 25 feet or a distance equal to one-quarter of the mean depth of the lot, whichever is the less, from the rear lot line, provided that for each foot that the building sets back from the front line in addition to the requirements in the preceding paragraph its distance from the rear lot line may be reduced one foot, but in no case under this provision to less than 20 feet, excepting that buildings of accessory use as defined in Section 3, paragraph (*h*) may be built within said twenty-five foot or lesser strip.

3. Side Yards: No part of a building except steps, chimneys, and eaves not exceeding 18″ wide, and buildings of accessory use as defined in Section 3, paragraph (*h*) shall be built within 8 feet of a side line on a lot or street, provided that the width of one side yard may be reduced one foot for each foot that the width of the other side yard is increased, but no side yard shall be reduced to less than six feet, and provided further that on no lot of record in the Registry of Deeds at the time this section becomes effective, shall the buildable width, with the same permissible exceptions, be reduced to less than 25 feet.

4. Garages: No part of a garage, unless contained within the body of the house, shall be built within 40 feet, or a distance equal to 40 per cent of the mean depth of the lot, whichever is the less, from the front line of the lot, or within 15 feet of a street line forming the side line of a corner lot.

5. Area: No dwelling, exclusive of piazzas, eaves, and steps, shall occupy more than one-third of the lot on which it is placed, and no building other than a dwelling shall occupy more than one-half of the lot on which it is placed, except that on a corner lot an additional area of 400 square feet may be occupied subject, however, to the requirements contained in all other paragraphs of this section.

6. No lot shall be so reduced in area that the dimensions of the open spaces thereon shall be smaller than herein prescribed.

7. No building shall be built within 16 feet of any other building on the same lot, excepting buildings of accessory use as defined in Section 3, paragraph (*h*).

SECT. 3B. *Single Family Dwellings.* — After this section shall be duly adopted by the Town and shall become effective pursuant to law, no dwelling shall be erected in District A which is intended or designed to be other than a single family detached dwelling, and no building shall be altered so as to be or become a dwelling other than a single family detached dwelling, and no building erected or altered in violation hereof, shall be used as a dwelling, provided, however, that a building may be used, erected or altered which is intended or designed to be used as a dwelling for not more than two families on any lot if, at the time this section becomes effective —

1. It is between two lots on which are buildings designed for occupation by two or more families each, located on the same side of the street and less than 100 feet apart, or if

2. The majority of all the frontage on the same street as the lot and on a street or streets in substantially direct continuation thereof and within 300 feet of the site of the proposed building is occupied by buildings designed for two or more families each or side yards adjacent thereto, no such side yard to exceed 10 feet in width, all frontage between buildings designed for two or more families and less than 100 feet apart being considered as occupied by buildings for two families.

SECT. 3C. *Validity.* — The invalidity of Section 3A or Section 3B, or any provision of said Sections, shall not affect the validity of any other Section or provision of said Sections, and said Sections shall affect the provisions of Chapter 12 in force when this amendment becomes effective only so far as said Sections are inconsistent therewith and valid.

SECT. 3D. So much of this amendment as is approved by the Attorney General shall go into effect upon its publication, or notice by delivery, as required by law.

Sect. 4. *Existing Buildings.* — Any building or part of a building in District A which at the time of the adoption of this By-Law is being used for a purpose forbidden in said District may continue to be used for the same purpose or for a purpose not substantially different in character. Any such building or part of a building and any addition thereto made by permission of the Selectmen as hereinafter provided may be structurally altered or added to at any time provided the alterations or additions do not substantially enlarge the part of the building used for such purpose; and any such building or part of a building or such addition which is partially or wholly destroyed by fire or other casualty may be repaired or replaced by a structure of substantially the same size and character and used for the purpose for which it was formerly used or for a purpose not substantially different in character.

Any such building may be added to or enlarged at any time and such addition or enlargement used for the purpose for which the original building may lawfully be used under the provisions of the foregoing paragraph of this section provided in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that such addition or enlargement and the use to be made thereof will not to any substantial extent be more detrimental to the use of other property in the district for the purposes permitted in Section 3 than the building to which such addition or enlargement is to be made or the use then lawfully made thereof, and shall issue a permit therefor. Each such permit issued by the Selectmen shall specify the size and character of the addition or enlargement and no such addition or enlargement shall be constructed or used for any purpose forbidden in District A which is not constructed in accordance with the terms of such permit.

Sect. 5. *Incidental Use of Residential Buildings.* — Any building in District A designed solely for residential purposes, and used primarily and principally for residential purposes, may be used incidentally for a purpose forbidden in said District, provided, in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that the use of such building is incidental only, within the meaning hereof, and that such incidental use will not be detrimental to the use of other property in the district for the purposes permitted in Section 3, and shall issue a permit therefor.

Sect. 6. *Enforcement.* — Whoever violates any of the provisions of this By-Law shall be punished by a fine of not more than twenty dollars for each violation. Upon any well founded information from any citizen that this By-Law is being violated or upon his own initiative, the Inspector of Buildings shall take immediate steps to enforce the By-Law.

Sect. 7. *Validity.* — The invalidity of any section or provision of this By-Law shall not invalidate any other section or provision hereof.

Sect. 8. The provisions of this By-Law shall be construed as being additional to and not as limiting or lessening to any extent whatsoever the requirements of Chapters 7 and 8 of the Revised By-Laws of the Town.

Sect. 9. So much of this By-Law as is approved by the Attorney-General shall go into effect upon its publication, or notice by delivery, as required by law.

CHAPTER 13

1988511

Planning Board

A Board consisting of five members is hereby created and established, to be known as the Planning Board. At the annual town meeting to be held in March, 1923, there shall be elected one member of such Board to serve for one year, two members to serve for two years, and two members to serve for three years, and thereafter there shall be elected at the annual meeting in each year one or two members of such Board to fill the places of members whose terms of office expire in such year. The members of such Board shall serve without pay.

The Board shall perform the duties prescribed by Sections 70 and 71 of Chapter 41 of the General Laws. It shall be the duty of the Board also to consider and advise upon municipal improvements in regard to which the advice of the Board, at any time, may be asked by any official or officials of the Town. The Board may upon its own initiative make to any official or officials of the Town such recommendations in regard to municipal improvements as the Board may from time to time think proper or expedient.

LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON

March 19, 1866. *Voted,* To establish a high school, according to the provisions of Section 2 of Chapter 38 of the General Statutes. (Repealed, 1898, Chapter 496, Section 36.)

March 2, 1874. *Voted,* To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the town of Milton. (Special Act.)

March 4, 1878. *Voted,* To accept the provisions of Sections 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers. (General Laws, Chapter 48, Section 45.)

March 3, 1879. *Voted,* To accept the provisions of Section 21 of Chapter 38 of the General Statutes, relative to the election of School Committee. (General Laws, Chapter 41, Section 1.)

December 8, 1879. *Voted,* To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children. (Repealed, 1919, Chapter 363, Section 16.)

March 5, 1883. *Voted,* To accept the provisions of Section 10 of Chapter 48 of the General Statutes, relative to truants and neglected children. (Repealed, 1898, Chapter 496, Section 36.)

March 7, 1881. *Voted,* To accept the act of the Legislature, Chapter 158 of the Laws of 1871, entitled, "An Act to Provide for the Election of Road Commissioners." (General Laws, Chapter 41, Section 1.)

March 3, 1890. *Voted,* To accept the first nine sections of Chapter 51 of the Public Statutes, said Chapter being entitled, "Of Betterments, and other Assessments on Account of the Cost of Public Improvements." (General Laws, Chapter 80.)

February 12, 1891. *Voted,* To accept the act authorizing towns and cities to lay out public parks within their limits; being Chapter 154 of the Acts of 1882. (General Laws, Chapter 45, Sections 1 to 11.)

March 2, 1891. *Voted,* To accept the provisions of Chapter 386 of the Acts of 1890, relative to the election of town officers. (Repealed 1893, Chapter 417, Section 345.)

February 3, 1894. *Voted,* That the town does hereby accept the provisions of Section 268 of Chapter 417 of the Acts of 1893, relative to the election of a separate Board of Assessors. (General Laws, Chapter 41, Section 1.)

November 28, 1894. *Voted,* To accept the provisions of Chapter 324 of the Acts of 1894, entitled an "Act Relative to the Reservation of Spaces in Public Ways." (General Laws, Chapter 82, Section 34.)

March 4, 1895. *Voted,* That the town hereby accepts the provisions of Chapter 309 of the Acts of 1885, authorizing towns to license groves to be used for picnics and other lawful amusements. (General Laws, Chapter 140, Sections 188 to 190.)

March 4, 1895. *Voted,* To accept the provisions of Section 272 of Chapter 417 of the Acts of 1893, relative to the election of Sewer Commissioners. (General Laws, Chapter 41, Section 1.)

March 4, 1895. *Voted,* To accept the provisions of Chapter 462 of the Acts of 1893, relative to the establishment of a building line on Public Ways. (Repealed, Acts of 1917, Chapter 344, Part 8, Section 1.)

March 4, 1895. *Voted,* To accept the provisions of Chapter 218 of the Acts of 1894 as amended by Chapter 473 of that same year, relative to the election of Boards of Health in towns. (General Laws, Chapter 41, Section 1.)

March 4, 1895. *Voted,* To accept the provisions of Sections 20 and 21 of Chapter 50 of the Public Statutes, relative to the establishment and grading of sidewalks by the Selectmen. (General Laws, Chapter 83, Section 25.)

March 4, 1895. *Voted,* To accept the provisions of Chapter 304 of the Acts of 1895, authorizing the town of Milton to construct one or more systems of sewerage. (Special Act.)

March 1, 1897. *Voted,* To accept the provisions of Chapter 101 of the Public Statutes, relative to the suppression of common nuisances. (General Laws, Chapter 139.)

March 7, 1898. *Voted,* To accept the provisions of Section 11 of Chapter 481 of the Acts of 1894, relative to the regulation and inspection of buildings. (General Laws, Chapter 143, Section 3.)

March 5, 1900. *Voted,* To accept the provisions of Chapter 344 of the Acts of 1899, relative to eight-hour day for town employees. (General Laws, Chapter 149, Section 31.)

March 3, 1902. *Voted,* To accept the provisions of Section 18 of Chapter 122 of the Revised Laws (General Laws, Chapter 166, Section 32), relative to the appointment of an Inspector of Wires by the Selectmen.

July 14, 1902. *Voted,* To accept the provisions of Chapter 307 of the Acts of 1902, relative to water supply. (General Laws, Chapter 92, Section 10.)

August 16, 1902. *Voted,* To accept the provisions of Sections 58 to 64, inclusive, of Chapter 48 of the Revised Laws, relative to the jurisdiction of towns over highways and county bridges. (General Laws, Chapter 82, Sections 17 to 20.)

March 2, 1903. *Voted,* To accept the provisions of Sections 20 and 21 of Chapter 25 of the Revised Laws, relative to public baths. (General Laws, Chapter 40, Section 12.)

March 2, 1903. *Voted,* To accept the provisions of Section 339 of Chapter 11 of the Revised Laws, relative to the election of Overseers of the Poor. (General Laws, Chapter 41, Section 1.)

March 7, 1904. *Voted,* To accept the provisions of Section 70 of Chapter 75 of the Revised Laws, relative to privy vaults. (General Laws, Chapter 111, Section 126.)

March 6, 1905. *Voted,* To accept the provisions of Chapter 103 of the Revised Laws, relative to the supervision of plumbing. (General Laws, Chapter 142.)

July 21, 1905. *Voted,* To accept the provisions of Chapter 381 of the Acts of 1905, relative to the suppression of gypsy and brown-tail moths. (General Laws, Chapter 132.)

March 1, 1909. *Voted,* To accept the provisions of Chapter 476 of the Acts of 1908, relative to vacations for members of the Police Department. (General Laws, Chapter 92, Section 62, and Chapter 147, Sections 14 and 17.)

March 8, 1910. *Voted,* To accept the provisions of Section 43 of Chapter 49 of the Revised Laws, relative to the grading and construction of sidewalks. (General Laws, Chapter 83, Section 25.)

March 6, 1911. *Voted,* To accept the provisions of Section 359 of Chapter 560 of the Acts of 1907, relative to the election of Moderators. (General Laws, Chapter 41, Section 1.)

March 6, 1911. *Voted,* To accept the provisions of Section 362 of Chapter 560 of the Acts of 1907, relative to the election of four constables. (General Laws, Chapter 41, Section 1.)

November 7, 1911. *Voted,* To accept the provisions of Chapter 634 of the Acts of 1911, relative to the establishment by counties of the retirement system for employees. (General Laws, Chapter 32.)

March 4, 1912. *Voted,* To accept the provisions of Chapter 146 of the Acts of 1911, relative to the establishment of an Art Commission. (General Laws, Chapter 41, Sections 82 to 84.)

March 4, 1912. *Voted,* To accept the provisions of Chapter 468 of the Acts of 1911, relative to the extension of Civil Service Act to Chiefs of Police. (General Laws, Chapter 31, Section 49.)

March 4, 1912. *Voted,* To accept the provisions of Chapter 314 of the Acts of 1911, relative to the expending of money by the School Committee for the supervision of sports. (General Laws, Chapter 71, Section 47.)

March 4, 1912. *Voted,* To accept the provisions of Chapter 367 of the Acts of 1911, relative to the use of school halls for other than school purposes. (General Laws, Chapter 71, Section 71.)

March 3, 1913. *Voted,* To accept the provisions of Chapter 327 of the Acts of 1904, relative to the pensioning of permanent members of the Police and Fire Departments. (General Laws, Chapter 32, Section 85.)

March 3, 1913. *Voted,* To accept the provisions of Chapter 498 of the Acts of 1908, relative to the pension funds for teachers in the public schools. (General Laws, Chapter 32, Section 42.)

March 3, 1913. *Voted,* To accept the provisions of Chapter 635 of the Acts of 1912, relative to tenement house regulation. (General Laws, Chapter 145.)

March 3, 1913. *Voted,* To accept the provisions of Chapter 191 of the Acts of 1907, relative to the establishment of a Board of Survey. (General Laws, Chapter 41, Sections 73 to 81.)

November 4, 1913. *Voted,* To accept the provisions of Chapter 807 of the Acts of 1913, relative to the compensation of certain employees for injuries sustained in the course of their employment. (General Laws, Chapter 152, Section 69.)

November 5, 1912. *Voted,* To accept the provisions of Chapter 503 of the Acts of 1912, relative to the pensioning of laborers in the employ of the town. (General Laws, Chapter 32, Section 77.)

March 2, 1914. *Voted,* To accept the provisions of Chapter 807 of the Acts of 1913, relative to workmen's compensation. (General Laws, Chapter 152, Section 69.)

March 2, 1914. *Voted,* To accept the provisions of Section 42 of Chapter 514 of the Acts of 1909 as amended by the provisions of Chapter 494 of the Acts of 1911, relative to the eight-hour day for city and town employees. (General Laws, Chapter 149, Sections 30 to 33.)

November 3, 1914. *Voted,* To accept the provisions of Chapter 217 of the Acts of 1914, relative to vacations for town laborers. (General Laws, Chapter 41, Section 111.)

March 13, 1915. *Voted,* To accept the provisions of Chapter 296 of the Acts of 1913, relative to the appointment of a Bird Warden. (General Laws, Chapter 131, Section 76.)

March 10, 1917. *Voted,* To accept the provisions of Chapter 15 of the Special Acts of 1917, revoking the reservation of space for use of street railway on Blue Hill Avenue. (Special Act.)

March 2, 1918. *Voted,* To accept the provisions of Chapter 140 of the Acts of 1917, amending Chapter 291 of the Acts of 1916, relative to the tenure of office of Chiefs of Fire Departments in the Metropolitan Fire Prevention District. (General Laws, Chapter 48, Section 58.)

March 2, 1918. *Voted,* To accept the provisions of Chapter 575 of the Acts of 1913, relative to the furnishing of lunches for school children. (General Laws, Chapter 71, Section 72.)

March 9, 1918. *Voted,* To accept the provisions of Chapter 305 of the Special Acts of 1917, relative to the management of the property received under the terms of the will of Edwin W. Wardsworth. (Special Act.)

March 8, 1919. *Voted,* To accept the provisions of Chapter 293 of the Acts of 1916, relative to the licensing of motor vehicles carrying passengers for hire. (General Laws, Chapter 159, Sections 45 and 46.)

March 8, 1919. *Voted,* To accept the provisions of Chapter 17 of the Special Acts of 1919, relative to the payment of an annuity to Catherine M. Moran. (Special Act.)

March 8, 1919. *Voted,* To accept the provisions of Chapter 16 of the Special Acts of 1919, relative to the payment of an annuity to Katherine K. McDermott.

March 13, 1920. *Voted,* To accept the provisions of Chapter 186 of the Acts of 1907, relative to the pensioning of widows and children of members of the Police and Fire Departments. (General Laws, Chapter 32, Section 88.)

May 3, 1920. *Voted,* To accept the provisions of Chapter 240 of the Acts of 1920, relative to sports and games on the Lord's Day. (General Laws, Chapter 136, Sections 21 to 28.)

November 2, 1920. *Voted,* To accept the provisions of Chapter 166 of the Acts of 1920, relative to the granting of one day off in every eight days to police officers without loss of pay. (General Laws, Chapter 147, Sections 16 and 17.)

March 12, 1921. *Voted,* To accept the provisions of Section 25A of Chapter 41 of the General Laws, relative to the appointment and renewal of Assistant Assessors by the Assessors.

March 3, 1923. *Voted,* To accept the provisions of Chapter 516 of the Acts of 1922, relative to the adoption of the State accounting system.

June 12, 1923. *Voted,* To accept the provisions of Section 20 of Chapter 39 of the General Laws, relative to precinct voting.

March 8, 1924. *Voted,* To accept the provisions of Chapter 26 of the Acts of 1923, relative to Boards of Public Welfare.

March 8, 1924. *Voted,* To accept the provisions of Chapter 337 of the Acts of 1921, relative to the pensioning of call men.

March 8, 1924. *Voted,* To accept the provisions of Chapter 391 of the Acts of 1923, relative to the collection of water rates.

March 14, 1925. *Voted,* To accept Chapter 9 of the Acts of 1925, authorizing the retirement and pensioning of John H. Higgins of the Police Department.

RULES AND REGULATIONS OF THE SELECTMEN OF MILTON

TRAFFIC

(Sections 1–12 adopted November 7, 1924; sections 13–23 adopted June 5, 1925; sections 24, 25 adopted June 4, 1926.)

Ordered, That the following rules are hereby adopted for the regulation of carriages and vehicles in the town of Milton, however propelled.

SECTION 1. Every person having charge or control of any carriage or other vehicle, upon a public street, shall stop, change the position of, or move such carriage or other vehicle as directed by any police officer.

SECTION 2. Every person having charge or control of a carriage or other vehicle, upon a public street, shall comply with and obey the directions upon all signs, movable posts or mechanical devices placed by direction of the Board of Selectmen or by a police officer on or near such street unless otherwise directed by a police officer.

SECTION 3. All carriages or other vehicles stopping in any business section must stand near to and parallel with the right-hand curb, unless it is necessary for the purpose of loading or unloading said vehicle to back up to the curb. By the words "business section" is meant any section of a street in the town where two or more stores or shops for the sale of goods, wares or merchandise are located within 100 feet of each other.

SECTION 4. No carriage or other vehicle shall remain backed up to the curb except when actually loading or unloading, and the horse thereof, if it be a horse-drawn vehicle, shall be turned in the direction of traffic and parallel with the curb.

SECTION 5. Unless in an emergency or to allow another vehicle or a pedestrian to cross a street, no carriage or other vehicle shall stop in any public street except close to the curb.

SECTION 6. No carriage or other vehicle shall stop in such a way as to obstruct any street or crossing or within ten feet of a fire hydrant, street corner, electric car or pole stop, except in case of emergency or when directed to do so by a police officer.

SECTION 7. The operator of a motor vehicle shall under no circumstances cut out the muffler while on a public street.

SECTION 8. A carriage or other vehicle when turning to the right into another street shall slow down and keep as near to the right-hand curb as possible.

SECTION 9. A carriage or other vehicle in turning to the left into another street shall slow down and pass to the right of and beyond the center of the intersecting streets before turning.

SECTION 10. A carriage or other vehicle crossing from one side of the street to the other, except for the purpose of passing other vehicles or because of dangers in the street, shall do so by turning to the left, so as to head in the general direction of traffic after it has crossed the street.

SECTION 11. The words "carriage or other vehicle" herein shall include horses hitched to vehicles, horses ridden or led, motor vehicles of all kinds, bicycles, tricycles propelled by hand, and everything on wheels or runners except street cars and light carriages for conveyance of children.

SECTION 12. In accordance with General Laws, chapter 40, section 22, the following are declared one-way streets, and are hereby *closed to traffic* in the direction specified in each case:

Austin Street — Closed from Blue Hill Avenue to Blue Hills Parkway.
Brackett Street — Closed from Washington Street to Granite Place.
Brook Road — Left-hand roadway closed in each direction between Blue Hills Parkway and Canton Avenue.
Central Avenue — Left-hand roadway closed in each direction between Brook Road and Eliot Street.
Edge Hill Road — Left-hand roadway closed in each direction between Pleasant Street and Boulevard Street.

Eliot Street — Left-hand roadway closed in each direction between Adams Street and Central Avenue.
Grafton Avenue — Left-hand roadway closed in each direction.
High Street — Closed from Eliot Street to Canton Avenue.
Oak Street — Closed from Brook Road to Blue Hill Avenue.
Pleasant Street — Left-hand roadway closed in each direction between Reedsdale Road and Edge Hill Road.
Randolph Avenue — Left-hand roadway closed in each direction between Reedsdale Road and Highland Street.
Reedsdale Road — Left-hand roadway closed in each direction between White Street and Pleasant Street.
Tucker Street — Closed from Blue Hill Avenue to Brush Hill Road.
White Street — Left-hand roadway closed in each direction between Brook Road and Reedsdale Road.

SECTION 13. Between 7 A.M. and 9 P.M. no vehicle shall park for a period exceeding forty minutes on Adams Street between Granite Avenue and Church and Mechanic streets.

SECTION 14. Every vehicle parking on Adams Street between Granite Avenue and Church and Mechanic streets shall be drawn up close to and parallel with the right-hand curb in each direction.

SECTION 15. No vehicle shall park on either side of Granite Avenue between Adams Street and the southerly boundary of the town lot occupied by Hose 4.

SECTION 16. No vehicle shall park on either side of Granite Avenue between Adams Street and 366 Granite Avenue, except that customers of business places along the easterly side within the foregoing limits may park their vehicles along the easterly side for a period not exceeding forty minutes.

SECTION 17. No vehicle shall park on the northerly side of Adams Street outside of the East Milton station and grounds of the New York, New Haven & Hartford Railroad Company.

SECTION 18. No vehicle shall park for a period exceeding forty minutes on the southerly side of Adams Street between Bryant Avenue and Edge Hill Road; cars parking between the foregoing limits shall be headed in against the curb diagonally in a southeasterly direction.

SECTION 19. No vehicle shall park on Bryant Avenue between Adams Street and New Street.

SECTION 20. No vehicle shall park on the westerly side of Edge Hill Road between Adams Street and a point opposite the southerly side of the alley on the southerly side of Ellsworth Block, so called.

SECTION 21. No vehicle shall park on the easterly side of Edge Hill Road between Adams Street and the southerly side of the alley on the southerly side of Ellsworth Block, so called.

SECTION 22. Every vehicle parking on the easterly side of Adams Street between Wharf Street and the Boston line shall be backed against the curb diagonally and heading in a northwesterly direction, except during slippery weather, when the police shall have authority to require all such vehicles to be parked close to and parallel with the curb.

SECTION 23. Every vehicle parking on the westerly side of Adams Street between a point opposite the northerly side of Wharf Street and Eliot Street shall be backed against the curb diagonally and heading in a southeasterly direction.

SECTION 24. No person shall ride upon the rear or side of any vehicle or street car without the consent of the person in charge thereof.

SECTION 25. No person shall stop, hinder or delay the passage of any vehicle by the solicitation of free transportation thereon, if such solicitation takes place from that portion of any highway which is devoted to the passage of vehicles.

Whosoever violates any of the provisions of the foregoing rules and regulations shall be punished by a fine not exceeding twenty dollars ($20) for each offence.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

NEW STREETS

(Sections 1 to 21 adopted April 10, 1925; section 8 amended, October 22, 1926.)

A. Private Construction

Section 1. No person shall open a private way for public use without first submitting to the Board of Selectmen, sitting as the Board of Survey, suitable plans thereof, with a petition for their approval. (Gen. Laws, ch. 41, sec. 74.)

Section 2. No such petition will be acted on by the Board between November first and March first. (Regulation, Milton Board of Survey.)

Section 3. Every such petition shall be accompanied by —

A. Cash or a certified check sufficient to pay the cost of advertising it for a hearing.

B. A written statement specifying the proposed method of construction of the private way or such portions thereof as it is proposed to construct within two years from the date of filing the petition, including the types and depths of road material to be employed and provisions for the proper drainage of the way. (Regulation, Milton Board of Survey.)

Section 4. Such plans shall be prepared by a competent engineer, shall be on a scale of forty feet to the inch and shall include a profile plan and a plan of drainage. They shall provide for curves of at least a fifteen-foot radius at all street intersections, and shall show the relation of the private way in question to all surrounding property lying between it and the nearest existing public ways or private ways the layout of which has been approved by the Board of Survey. (Regulation, Milton Board of Survey.)

Section 5. Every such way shall be not less than thirty feet in width. (Rev. By-Laws of Milton, ch. 10, sec. 1.)

Section 6. No person shall begin the construction of any private way for public use, nor any permanent building in the territory to be served by such way, until the required plans have been approved by the Board of Survey. (Regulation, Milton Board of Survey.)

Section 7. Upon the receipt of the petition and plans the Board of Survey shall give a public hearing thereon, after giving notice of the same by publication once in each of two successive weeks in a newspaper published in the Town, the last publication to be at least two days before the hearing. (Gen. Laws, ch. 41, sec. 74.)

Section 8. After such hearing the Board of Survey may alter the plans submitted and may determine where the way shall be located and the width and grades thereof, and shall indicate any modifications on such plans. The plans as approved or modified shall then be signed by the Board and filed in the office of the Town Clerk, who shall attest thereon the date of filing; and thereafter no way in the territory to which the plans relate shall be laid out or constructed except in accordance therewith, or with further plans subsequently approved by the Board. (Gen. Laws, ch. 41, sec. 74.) The Board of Survey may alter the proposed name of any way the plans of which are submitted to it for its approval. (Regulation, Milton Board of Survey, adopted October 22, 1926.)

Section 9. The Board of Survey may from time to time make new plans in place of plans filed or make changes on plans so filed; provided, that any action involving new plans or changes in plans already duly attested and filed shall be made only after the notice and hearing, and in all other respects in the manner specified in Section 74 of Chapter 41 of the General Laws (see Section 8 above); and the last plan so made, or the plan with the changes last made thereon and duly attested and filed, shall be the plan governing the future development of the territory affected. (Gen. Laws, ch. 41, sec. 76.)

Section 10. No public way shown on any plan filed as aforesaid shall hereafter be laid out, located anew, altered or widened, and no such way, whether already or hereafter laid out, shall be constructed by any public authority except in accordance with the plan duly attested and recorded under said sections (of Chapter 41 of the General Laws). If any person shall open for public travel any private way the location, direction, width, grades and plan of drainage of which have not previously been approved in writing by the Board of Survey in the manner provided in said sections, neither the Town nor other public authority shall place any public sewer, drain, water pipe or light in, or do any public construction work of any kind, or make repairs, on such private way; provided, that this section shall not prevent the laying of a trunk sewer, drain, water or gas main if required by engineering necessities for the accommodation of other territory. (Gen. Laws, ch. 41, sec. 77.)

Section 11. Whenever an existing private way the fee of which is in the abutters shall be laid out for the acceptance of the Town as a Town way, such way shall not be accepted unless and until the Selectmen shall have certified in writing that such way is well built and as constructed it is equal to the average construction of the existing highways of the Town; provided, however, that this section shall not apply to ways laid out subject to the provisions of law relating to the assessment of betterments. (Rev. By-Laws of Milton, ch. 10, sec. 2.)

Section 12. The Board of Selectmen will not lay out any such private way for acceptance by the Town nor file the certificate referred to in Section 11 unless the following conditions have been complied with:

A. Such way must be at least thirty feet wide, and have a finished roadway at least twenty feet wide.

B. The entire area of such way must have been cleared of all trees not intended for preservation, and of all stumps, roots, brush and like material.

C. All rock, boulders, loam, clay and other objectionable material must have been removed to a depth of at least twelve inches below the finished grade of the roadway and six inches for the sidewalk, or such greater depths as may be required by the Board of Selectmen.

D. All work in excavation or embankment must have been brought accurately to a subgrade of not less than eight inches below the finished grades for the roadway and four inches for the sidewalk, or such greater depths as may be required by the Board of Selectmen.

E. The roadway and sidewalk must be finished to grade with binding gravel properly compacted, or such other material as may be required by the Board of Selectmen.

F. Such sidewalks, curbing, catch-basins, drains and gutters must be provided, and constructed of such material, as may be required by the Board of Selectmen.

G. The owners of at least 75 per cent of the lands through which such way passes must have signed releases of all rights and property which the Board of Selectmen considers necessary for such laying out and acceptance by the Town. (Regulation, Milton Board of Selectmen.)

Section 13. Seven days at least prior to the laying out, relocation or alteration of a Town way a written notice of the intention of the Board of Selectmen to lay out, relocate or alter the same shall be left by them at the usual place of abode of the owners of the land which will be taken for such purpose, or delivered to such owner in person or to his tenant or authorized agent. If the owner has no such place of abode in the Town and no tenant or authorized agent therein known to the Board of Selectmen, or if, being a resident in the Town, he is not known as such to the Board of Selectmen, such notice shall be posted in a public place in the Town seven days at least before the laying out, relocation or alteration of such way. (Gen. Laws, ch. 82, sec. 22.)

Section 14. If it is necessary to acquire land for a Town way accepted by the Town, within ten days after such acceptance the Board of Selectmen shall adopt an order for the taking of such land by eminent domain under Chapter 79 of the General Laws. (Gen. Laws, ch. 82, sec. 24.)

Section 15. No private way can become a Town way until it has been accepted as such by vote of the Town. (Gen. Laws, ch. 82, sec. 23.)

B. Construction by the Town

Section 16. The first steps are the same as under Sections 1 to 10 above, inclusive.

Section 17. After the plans of a private way have been duly approved by the Board of Survey in accordance with Sections 1 to 10 above, a petition may be filed with the Board of Selectmen for its layout for acceptance by the Town as a Town way to be constructed by the Town at the expense of the abutters. (Regulation, Milton Board of Selectmen.)

Section 18. Every such petition must be signed by the owners of at least 75 per cent of the lands through which such way passes. (Regulation, Milton Board of Selectmen.)

Section 19. Such owners must sign releases of all property which the Board of Selectmen considers it necessary for the Town to acquire for the way, including sloping and draining privileges. (Regulation, Milton Board of Selectmen.)

Section 20. Such releases must be accompanied by agreements to pay the betterments assessed on such owners by reason of the construction of the way itself, and of such sidewalks, curbing, gutters, catch-basins and drains as the Board of Selectmen may consider necessary. (Regulation, Milton Board of Selectmen.)

Section 21. No private way can be constructed as a Town way by the Board of Selectmen until it has been accepted by vote of the Town. (Gen. Laws, ch. 82, sec. 23.)

MOTOR BUSSES

(Sections 1 to 23 adopted October 3, 1924.)

SECTION 1. No person or corporation shall, in the town of Milton, operate any motor vehicle upon any public street or way in said town, for the carriage of passengers for hire, in such a manner as to afford a means of transportation similar to that afforded by a street railway company, by indiscriminately receiving and discharging passengers along the route on which the vehicle is operated or may be running, or for transporting passengers for hire as a business between fixed and regular termini, without first obtaining a license therefor from the Board of Selectmen of said town.

SECTION 2. A license for the operation of any such motor vehicle shall not be issued or granted for a period exceeding one year, and shall not become operative until the licensee named therein shall deposit with the treasurer of said town, security, by bond or otherwise, running to the Town Treasurer and approved by him and the licensing authority, conditioned to pay any final judgment obtained against the principal named in the bond for any injury to person or property or damage for causing the death of any person by reason of any negligent or unlawful act on the part of the principal named in said bond, his or its agents, employees or drivers, in the use or operation of any such vehicle. The security deposited under the provisions of this paragraph shall be in the sum of twenty-five hundred dollars for a motor vehicle having a seating capacity of five persons or less, and for a motor vehicle having a seating capacity of six or more in the sum of twenty-five hundred dollars and five hundred dollars additional for each passenger seat in excess of five. If the licensee shall file with the Town Treasurer an insurance policy issued by a company authorized to issue such policy in this Commonwealth, by which the company insures the licensee against loss from liability imposed by law upon the assured for damages on account of bodily injuries, including death resulting therefrom accidentally suffered by any person or persons, caused by such motor vehicle, the operation thereof, or by the loading or unloading of merchandise carried on such motor vehicle, to the extent of at least twenty thousand dollars ($20,000) total liability for injury or death in any one accident, and subject to such liability in one accident to the extent of at least five thousand dollars ($5,000) for injury or death of one person; and against loss from the liability imposed by law upon the assured for damage (including damage necessarily resulting from loss of use) to property of every description (property of the assured excepted) resulting from any accident occurring within the term of the policy, directly caused by or due to the ownership, maintenance or use of such motor vehicle to the extent of at least one thousand dollars ($1,000), then security in the sum of five hundred dollars ($500) only shall be required to be deposited with the treasurer.

Such insurance policy shall not satisfy the requirements of these regulations if it contains any provision or condition that the insurer shall not be liable thereunder unless it receives notice of any accident or other cause of liability under such policy, or of suit or action resulting therefrom, other than provision for notice within a period of not less than sixty days after the accident or other cause of liability aforesaid given either by the assured, or the Town Treasurer aforesaid, or by any person sustaining bodily injury or damage in his property by reason of said accident, or other cause of liability in the name of such Town Treasurer. Such insurance policy shall also provide that the notice aforesaid may be given by another in the name of the Town Treasurer in behalf of any person sustaining bodily injury or damage in his property as aforesaid and that if from physical or mental incapacity it is impossible for the person sustaining such injury or damage to give the notice aforesaid within the time above provided, he may give it within ten days after such incapacity has been removed, and if he dies without having given such notice and without having been for ten days after the accident or other cause of liability of sufficient capacity to give it, his executor or administrator may give the notice within a period of not less than sixty days after his appointment. Such insurance policy shall not satisfy the requirements of these regulations if it contains any provision or condition for cancellation without notice thereof to the Treasurer of the town with whom such policy is filed as aforesaid.

SECTION 3. In case the Town Treasurer at any time shall determine that any surety on any bond is not possessed of sufficient property to be able to respond to the obligation of surety on such bond, whether any damage may have occurred or accrued or not, said Town Treasurer after giving the principal thereof an opportunity to be heard, may require the principal to furnish another or further surety on such bond, or a new

bond for the remainder of the term of the license of the motor vehicle to which such bond relates, and in that event or upon the cancellation of any insurance policy filed under these rules such license, without any further action by the Board of Selectmen, shall thereupon stand suspended until such new bond or such other or further surety, approved by the said Town Treasurer, shall be furnished.

SECTION 4. Upon each vehicle licensed under the provisions of these regulations, the owner shall cause to be placed at his own expense, a metal plate of the form and size approved by the Chief of Police of said town and bearing the words "Licensed motor vehicle No.....Milton, 19...., ...passengers" setting forth the serial number of the license, the date and the number of passengers excluding the operator that the vehicle is licensed to carry. Said plate shall be attached to and kept on the dash of the motor vehicle in such a position as to be visible to the occupants thereof. For each vehicle so licensed there shall be paid to the Town Treasurer the sum of $10.

SECTION 5. No motor vehicle so licensed shall be operated without having a sign thereon in form approved by the said Chief of Police stating the main street or streets of the route, the termini of the route and the fare to be charged, which sign shall be so placed at the entrance of the vehicle as to be plainly visible to persons entering the vehicle. The letters and figures on such sign shall not be less than two and one-half inches in height and shall have a stroke of not less than one-quarter inch in width. No advertising sign of any kind except the owner's name or symbol shall be placed or carried on the outside of the vehicle.

SECTION 6. Every licensee before operating any such motor vehicle shall file with the Board of Selectmen a schedule or tariff showing the effective date thereof, the time of arrival and departure at and from all termini, and the time of departure from important intermediate points and a schedule or tariff showing the passenger fares to be charged between the several points or localities to be served; and no fare other than designated in such tariff shall be charged or collected for transportation in such motor vehicle by the licensee or his agents or servants. The schedule or tariff shall provide for half fares for school children.

SECTION 7. Persons or corporations making application for such license to operate such vehicles shall designate the route or routes over which they desire to operate, and the licensee shall operate such motor vehicle only over such route or routes as shall be approved by the Board of Selectmen. Such route or routes may be changed only with the consent or approval of the Board of Selectmen, except in case of an emergency the route may be changed by the Chief of Police, who shall be the sole judge as to whether an emergency exists. Termini of such routes shall be fixed and motor vehicles so licensed shall be driven to such termini before turning around.

SECTION 8. No person shall operate any such motor vehicle so licensed within the town of Milton unless he shall be twenty-one years of age or older and unless he shall have first obtained a license so to do from said Board of Selectmen, which license shall state the name, age, height and weight, color of hair, color of eyes, and race of the licensee, his home address, and the name of his employer if he operates such car as an employee. The application for such license shall be on a blank furnished by said Board of Selectmen, and the form of the application and the information to be furnished therein by the applicant shall be such as from time to time may be prescribed by said Board of Selectmen and said Board of Selectmen shall require that the truth of the allegations in such application shall be sworn to before an officer authorized to administer oaths. The said Board of Selectmen shall not grant such a license to any applicant who has not demonstrated to the satisfaction of the Chief of Police his ability to drive the vehicle proposed to be operated by him; such license shall be signed by the Clerk of said Board, shall be numbered in regular order as granted, shall be recorded in the office of the Town Clerk, and also in the office of the Chief of Police, and shall expire on the first day of May next succeeding the date thereof.

SECTION 9. No person operating any motor vehicle so licensed shall refuse to carry any person offering himself to be carried as a passenger therein, unless the seats of the same are fully occupied and the number of passengers thereon is the number allowed the operator to be carried at one time, or unless such person be intoxicated or disorderly.

SECTION 10. Every licensee shall operate for at least eight hours daily during the term of his license, unless accident or unavoidable cause prevents such operation, and the minimum period of operation shall be fixed by the Board of Selectmen in the case of each permit granted. On routes using the same termini as are used by electric street railways, not less than twelve hours daily operation shall be required by the Board of Selectmen unless accident or other unavoidable cause prevents such operation.

Section 11. No person operating any motor vehicle so licensed shall solicit passengers by outcry or make any noise for the purpose of soliciting passengers.

Section 12. No such motor vehicle shall stand to wait for passengers in any street, square or public place except on such portions thereof and during such hours as may be designated therefor by the Board of Selectmen, nor shall such vehicle stand or stop for the purpose of receiving or discharging passengers between the track of a street railway and the side of the street upon which the street railway passengers ordinarily board or leave street railway cars operated on such track within fifty (50) feet in each direction longitudinally upon such street of a white pole or other designated or customary point for passengers to take or leave the cars of a street railway company, unless authorized by the Department of Public Utilities. The Board of Selectmen from time to time shall designate locations in streets, squares and public places in which general street travel will not be materially interfered with where such vehicle may stand, and said Board of Selectmen at any time when it finds that any such locations materially interfere with public travel, may cancel such locations, and said Board of Selectmen may at any time cancel any such hours and prescribe other hours therefor.

Section 13. No motor vehicle so licensed shall be operated in any street or public place where there is snow or ice unless it be equipped with proper non-skidding chains and every such vehicle shall be kept in safe and proper condition for use in such business, and to that end the said Board of Selectmen shall have the right to have every such vehicle examined at any reasonable time or times, by the Chief of Police or any representative or agent of the Board of Selectmen without charge to the licensee therefor. Every licensee shall be required to clear the streets of snow and ice as may be designated by the Board of Selectmen.

Section 14. No greater number of passengers shall be carried at any one time in any such motor vehicle than the license of such vehicle shall specify, provided that in addition thereto children under seven years of age may be carried therein in arms or seated on the laps of parents or adult persons accompanying them, but no person with a child in arms or seated on the lap shall be permitted to sit with or immediately next to the driver of the vehicle. Nor shall any passenger be permitted to ride upon any fender, dash, top floor, steps or running board of any such vehicle.

Section 15. No person operating any such motor vehicle shall collect fares, make change or discharge passengers while such vehicle is in motion; nor shall he have a lighted cigarette, lighted cigar or lighted pipe in his possession while any passenger is being carried therein, nor drink any intoxicating beverage of any kind, or be under the influence thereof, while engaged in operating such vehicle.

Section 16. Every person operating any such motor vehicle shall deliver any article left therein by any passenger to the Chief of Police not later than twenty-four hours after finding the same, and shall receive a receipt therefor from said Chief of Police and said Chief of Police shall provide for returning the same to the owner upon proper identification and proof of ownership. All such articles delivered to said Chief of Police and not claimed within ninety days from such delivery shall be delivered to the licensee by whom they were left.

Section 17. No change shall be made by any licensee in rates to be charged for transportation in such motor vehicle or in the schedule of the operation thereof except after fourteen days' notice of such change filed with the Board of Selectmen which shall decide on such change after a public hearing which the Board shall advertise at the expense of the petitioner in a newspaper of the town.

Section 18. Every such motor vehicle shall come to a full stop immediately before crossing the tracks of any railroad at grade.

Section 19. Every such licensee shall immediately report fully, in writing, to the Town Treasurer and to the Chief of Police, any injury to a passenger or other person, any accident resulting in damage to property, in which any motor vehicle which he is licensed to operate is involved.

Section 20. The Board of Selectmen may suspend or revoke any license granted for the operation of any such motor vehicle and any license issued to any person to drive or operate any such motor vehicle, for the violation of any law of the Commonwealth made in relation to the operation of motor vehicles, or the violation of any traffic regulations of said town, or the violation of any of the rules and regulations herein prescribed, or for any other cause deemed by the Board of Selectmen, in the exercise of their discretion, to be sufficient.

Section 21. No person or corporation shall operate any such motor vehicle over any bridge or culvert whose span is 10 feet or more without said bridge or culvert being first approved by the Department of Public Utilities as of sufficient strength to sustain

such operation with safety, and no such motor vehicle shall be operated over any such bridge or culvert after a determination by the Department that such bridge or culvert is unsafe for the operation of such motor vehicle over it.

SECTION 22. The holding or adjudication of any paragraph or subdivision of the rules and regulations herein prescribed to be unconstitutional or invalid shall not affect the validity of any other paragraph or subdivision, but all other paragraphs and subdivisions shall be and remain in full force and effect.

SECTION 23. The "Rules and Regulations Governing the Authorization of Certain Motor Vehicles Commonly Known as Jitneys, in the Town of Milton" adopted by the Milton Board of Selectmen on December 22, 1922, are hereby revoked.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

SECOND-HAND ARTICLES

(Adopted October 1, 1924.)

SECTION 1. The Board of Selectmen will, upon petition, license suitable persons to be dealers in second-hand articles and keepers of shops for the purchase, sale or barter of such articles, pursuant to law. Such licenses shall not be valid to protect the holders thereof in a building or place other than that designated in the license unless consent to removal is granted by the Board of Selectmen, nor shall any such license authorize the licensee to bring or allow to remain upon the licensed premises any rags, old paper, junk or other refuse material gathered or recovered from any source. Applications for such licenses shall be examined and reported upon by the Chief of Police, who shall report whether the applicant wishes to engage in a general second-hand business or in a special stated line; whether or not he is of good reputation, is a citizen of the United States, can read and write the English language intelligibly, has ever held a similar license, and if such license was revoked, suspended or surrendered, the reason therefor. Applications for new licenses under this rule may be filed at any time. Applications for the reissue of licenses already existing should be filed at least thirty days before the expiration of such licenses. All licenses issued under this rule shall expire annually on the first day of May, except that licenses may be issued in April to be valid for twelve months beginning the next succeeding first day of May. Persons whose licenses have expired and have not been reissued will be liable to prosecution if engaging in any business for which the license is required. (Gen. Laws, chap. 140, sects. 54, 202, 205; Revised By-Laws, chap. 6, sect. 27; Regulations of Board of Selectmen.)

SECTION 2. Every such shopkeeper shall keep a book in which shall be written, at the time of every purchase of any such article, a description thereof and the name, age and residence of the person from whom, and the day and hour when such purchase was made; and such book shall at all times be open to the inspection of the Board of Selectmen, or of any person by it authorized to make such inspection.

Such book shall be of a size and style to be approved by the Board of Selectmen, shall be legibly written in the English language, and shall show the amount paid for each article and the number attached to each article in accordance with Section 4. No entry in such book shall be erased, obliterated or defaced.

SECTION 3. Every such shopkeeper shall allow his shop and all articles of merchandise therein to be at all times examined by the Board of Selectmen or the Chief of Police, or by any person by it or him respectively authorized to make such examination.

SECTION 4. Every such shopkeeper shall, at the time of making any purchase, attach a number to each article bought, and shall make entry of such number in the book provided for by Section 2.

Section 5. Every such shopkeeper shall make out and deliver to the Chief of Police, every day before the hour of 10 o'clock A.M., a legible and correct list containing an accurate description of all articles purchased during the preceding business day, the respective numbers of such articles as provided by Section 4, the prices paid therefor, the time when such articles were purchased. If during the preceding business day no articles have been purchased by such shopkeeper, he shall make out and deliver to the Chief of Police, before the hour of 10 o'clock A.M., a report of such fact.

Section 6. No such shopkeeper shall permit to be sold any article purchased or received by him until at least a period of thirty days from the date of its purchase or receipt has elapsed.

Section 7. No such shopkeeper shall have his shop open for the transaction of business, nor shall he purchase any second-hand articles, except between sunrise and 9 o'clock in the evening of any week day except Saturday, on which day such shop may be kept open and such articles purchased from sunrise until 10 o'clock in the evening.

Section 8. No such shopkeeper shall directly or indirectly purchase or receive by way of barter or exchange any junk, old metals or second-hand articles from a minor or apprentice, knowing or having reason to believe him to be such.

Section 9. The possession by any dealer in second-hand articles of certain registered vessels, without the written consent of or purchase from the owner thereof, shall be prima facie evidence of unlawful use, possession of or traffic in the same. (Gen. Laws, chap. 110, sect. 19.)

Section 10. Licenses provided for by this rule may be revoked by the Board of Selectmen at pleasure. (Gen. Laws, chap. 140, sect. 54.)

Such licenses will be revoked for violation of any statute, By-Law or Regulation of the Board of Selectmen relating to the business of the licensee, for failure of the licensee to carry on the business at the place designated in his license, or for any other cause deemed sufficient by the Board of Selectmen.

HAWKERS AND PEDDLERS

(Sections 1 to 11 adopted December 3, 1926.)

Section 1. "Hawkers and peddlers" as used in these regulations shall mean and include any person, either principal or agent, who comes into Milton from another town, or goes from place to place in the Town of Milton, selling or bartering, or carrying for sale or barter, or exposing therefor, within said Town of Milton, any goods, wares or merchandise hereinafter described, either on foot or from any animal or vehicle.

Section 2. No hawker or peddler shall engage in sale or barter, or the carrying for sale or barter, or exposing therefor, of the following articles, to wit: books, newspapers, pamphlets, fuel, except coal and coke, provisions, yeast, ice, live animals, brooms, agricultural implements, hand tools used in making boots and shoes, gas or electric fixtures and appliances, flowering plants and all flowers, fruits, nuts and berries that are uncultivated, or any of the same, until after he has recorded his name and residence in the office of the Chief of Police and has been assigned a number.

Section 3. No person shall be recorded or assigned a number as aforesaid until he shall have presented a certificate from the sealer of weights and measures stating that all weighing and measuring devices intended to be used by such person have been duly inspected and sealed as required by law.

Section 4. Every hawker and peddler recorded under Section 3 shall appear at the office of the Chief of Police on the first Monday of each month, while he is engaged in hawking and peddling and shall renew and verify the information above required and on failure to do so, his right to hawk and peddle shall cease.

Section 5. No hawker or peddler shall engage in sale or barter or the carrying for sale or barter or exposing therefor of fish, fruits and vegetables or any of the same until he has furnished to the Board of Selectmen the information required in Section 3 of these regulations and until he has been licensed by the said Board. Each license shall run for one year from its date and the fee for the same shall be $20.

Section 6. Every hawker or peddler required to be recorded or licensed hereunder shall have painted in letters and figures at least 2 inches in height on the vehicle or receptacle in which he shall carry or convey the articles described in these regulations, his name and assigned number or number of his license.

SECTION 7. No hawker or peddler shall cry his wares to the disturbance of the peace or comfort of the inhabitants of the town.

SECTION 8. No hawker or peddler shall carry or convey any articles in any manner that will tend to injure or disturb the public health or comfort, nor carry or convey the same in vehicles or receptacles other than such as are neat and clean and do not leak.

SECTION 9. Violation of any of the provisions of these regulations or of the by-laws of the Town of Milton or conviction of any crime or misdemeanor shall terminate the right to hawk and peddle under section 3 and shall be sufficient cause for the revocation by the Board of Selectmen of any license granted under section 5.

SECTION 10. The provisions of these regulations shall not apply to wholesalers or jobbers having a permanent place of business in the Commonwealth and selling to dealers only, nor to commercial agents or other persons selling by sample, lists, catalogues or otherwise for future delivery, nor to any person who peddles only fish obtained by his own labor or that of his family; fruits, vegetables or other farm products raised or produced by himself or his family, nor to persons selling articles for charitable purposes, under section 33 of chapter 101 of the General Laws.

SECTION 11. Whoever violates any of the provisions of these regulations shall forfeit and pay a fine not exceeding $20.00 for each such violation.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

MILTON TOWN RECORDS IN THE MUNICIPAL YEAR 1926

MARCH MEETING

WARRANT

COMMONWEALTH OF MASSACHUSETTS, NORFOLK, SS.

To any Constable of the Town of Milton, in said County, Greeting.

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Milton qualified to vote in election and in town affairs, to meet at the several designated polling places in their respective precincts in said Milton, to wit:

In Precinct I, polling place, Town Hall, Canton Avenue.

In Precinct II, polling place, Tucker School Hall, Blue Hills Parkway.

In Precinct III, polling place, Police Station, Central Avenue.

In Precinct IV, polling place, Belcher School, Church Street, on Saturday, March sixth next, at fifteen minutes before six o'clock in the forenoon, then and there to bring in to the precinct officers of their respective precincts their votes on one ballot respectively for the following-named town officers, to wit:

A Moderator for the term of one year.

A Town Clerk for the term of one year.

A Town Treasurer for the term of one year.

A Collector of Taxes for the term of one year.

Three Selectmen and Surveyors of Highways for the term of one year.

One Assessor for the term of three years.

One member of the Board of Public Welfare for the term of three years.

One Sewer Commissioner for the term of three years.

A Tree Warden for the term of one year.

Two members of the School Committee for the term of three years.

One member of the Board of Health for the term of three years.

One Trustee of the Cemetery for the term of five years.

Three Library Trustees for the term of three years.

One Park Commissioner for the term of three years.

One Water Commissioner for the term of three years.

One Trustee of the Wadsworth Fund for the term of three years.

Two members of the Planning Board for the term of three years.

Four Constables for the term of one year.

For these purposes the polls will be open at each and all of said precincts at fifteen minutes before six o'clock in the forenoon and will be closed at four o'clock in the afternoon.

And thereupon, by adjournment of said meeting, to meet on the following Saturday, to wit, March thirteenth next, at thirty minutes past one o'clock in the afternoon at the Town Hall in said Milton then and there to act upon the following Articles, to which we have requested the Warrant Committee to append their recommendations and report on all printed copies hereof, to wit:

Adjourned Meeting, March 13, 1926

Article 1. To choose all such town officers as are not required by law to be chosen by ballot.

The following officers were elected *viva voce*, namely: Ralph E. Forbes, Bird Warden; George E. Burt, Carl R. Horne, Measurers of Lumber.

Article 2. To hear and act upon the report of the Town Accountant and reports of other town officers and committees.

Voted, That the report of the Town Accountant be accepted and placed on file.

Report of Legislative Committee

January 1, 1926.

The Legislative Committee employed, as in the past two years, Mr. L. B. Kent to look over all legislation and submit such as might affect the town of Milton. The Committee also has endeavored to keep track of legislation by examining bills as they come out. Such bills as were submitted by Mr. Kent or gone over by the Committee were examined by various members of the Committee, and such as appeared important were submitted to the Board of Selectmen so that they might take such action as they thought wise in connection with having the town represented before committees of the Legislature.

Respectfully submitted,

Lincoln Bryant,
Chairman.

Voted, That the report of the Legislative Committee be accepted and placed on file.

Report of Committee on Acquisition of Land for School Purposes

Milton, Mass., March 5, 1926.

To the Citizens of Milton.

Under Article 38 of the Warrant for the annual town meeting in March, 1925, we were appointed a committee "to consider the question of the acquisition by the town of land for school purposes, and to report not later than the next annual town meeting." Accordingly we submit the following:

The growth of Milton has been so rapid during the last two or three years that immediate steps are advisable to obtain additional locations for new school buildings.

The building programme favored by the School Committee and by the Superintendent of Schools, to extend over a period of years, is:

First. — A new grade school in the Eliot Street district, to take the place of the Glover and to relieve the Tucker.

Second. — A new grade school in East Milton, to take the place of the Wadsworth, and to relieve the Belcher.

Third. — A Junior High School in East Milton.

Fourth. — A new building for the present Junior High which now uses a part of the High School Building, or for the High School.

This programme meets with our approval, and we advise the town to purchase, or take by eminent domain, three pieces of land, these are:

First. — Three and one-quarter acres on the south side of Eliot Street at its junction with Capen Street, together with an outlet to Columbine Road.

Second. — Four and one-third acres on the north side of Edge Hill Road opposite Cunningham Park.

Third. — Two acres west of the High School.

The first and third pieces can be bought for a total of about $48,000. The Cunningham Trustees offer to give the second piece, which is large enough for both the grade school and the Junior High School needed in East Milton.

As a portion of the Eliot Street lot is owned by the estate of John M. Forbes, and Mr. Russell has an interest in that estate, he did not vote on this piece.

Otherwise the Committee is unanimous in urging the town to secure these lots without delay, and has requested the Selectmen to put the necessary articles in the warrant for the annual meeting this month.

Respectfully,

James S. Russell,
Henry W. B. Arnold,
David A. Heffernan,
Leonard M. Patton,
George F. Moulton,
Committee.

Voted, That the report of the Committee be accepted and placed on file and the Committee be discharged.

Voted, That the report of the Town Engineer Committee be accepted and placed on file.

Voted, That the report of the Insurance Committee be accepted and placed on file.

Voted, That the report of the Committee on Representative Town Government be accepted and placed on file.

General Government

Article 3. To see what sums of money the town will vote to appropriate for general government for salaries and expenses of the following departments, and other purposes, the present year.

Voted, That the following sums be appropriated:

1. Warrant Committee:	
General expense	$750 00
2. Selectmen:	
Salaries:	
Chairman	$500 00
Second member	500 00
Third member	500 00
General expense	5,750 00
Total	$7,250 00
3. Assessors:	
Salaries:	
Chairman	$1,000 00
Second member	800 00
Third member	800 00
General expense	4,905 00
Total	$7,505 00
4. Treasurer:	
Salary	$2,200 00
General expense	900 00
Total	$3,100 00
5. Accountant:	
No appropriation voted.	
6. Collector:	
Salary	$2,500 00
General expense	800 00
Total	$3,300 00
7. Town Clerk:	
Salary	$500 00
General expense	400 00
Total	$900 00
8. Election and Registration:	
Salaries	$250 00
General expense	3,250 00
Total	$3,500 00
9. Law:	
General expense	$3,500 00
10. Engineering:	
General expense	$800 00

11. Town Hall and Lot:	
Salary	$1,800 00
General expense	1,700 00
Total	$3,500 00
12. Insurance	$11,769 51
13. Town reports	$3,000 00
14. Licensing Committee for one and two car private garages:	
General expense	$175 00
15. Planning Board:	
General expense	$2,500 00

ARTICLE 4. To see if the town will authorize the Board of Selectmen to establish an Engineering Department, to appoint a Town Engineer, and to appropriate money for the purpose and act on anything relating thereto.

Voted, That the town authorize the Board of Selectmen to establish an Engineering Department and appoint a Town Engineer, and that the sum of $10,000 be appropriated for the purpose; and it is further

Voted, That the Moderator be and hereby is authorized to appoint a committee of two citizens to advise the Selectmen in the appointment of the Engineer.

Committee appointed: James W. Rollins, Marcy L. Sperry.

ARTICLE 5. To see what sum of money the town will vote to appropriate for the Reserve Fund for extraordinary or unforeseen expenditures during the current year.

Voted, That the sum of $10,000 be appropriated.

ARTICLE 6. To see what sum of money the town will vote to authorize the Assessors to use out of the surplus revenue account in fixing the tax rate for 1926.

Voted, That the Assessors be authorized to use $20,000 out of the Surplus Revenue Account in fixing the tax rate for 1926.

ARTICLE 7. To see if the town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the financial year ending December 31, 1926.

Voted, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow to an amount not to exceed $450,000, in anticipation of the revenue of the financial year, ending December 31, 1926, and to issue a note or notes therefor, payable within one year from the date thereof; any debt or debts incurred under this vote to be paid from the revenue of the financial year ending December 31, 1926.

(Unanimous vote.)

ARTICLE 8. To see if the town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money on and after January 1, 1927, in anticipation of the revenue of the financial year ending December 31, 1927.

Voted, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow on and after January 1, 1927, to an amount not to exceed $100,000, in anticipation of the revenue of the financial year, ending December 31, 1927, and to issue a note or notes therefor; any debt or debts incurred under this vote to be paid from the revenue of the financial year ending December 31, 1927.

ARTICLE 9. To see if the town will authorize the Treasurer to deposit or invest trust funds in his custody, from time to time, including cemetery perpetual care funds, unless otherwise provided or directed by the donor thereof, pursuant to the provisions of Section 54 of Chapter 44 of the General Laws, and act on anything relating thereto.

Voted, That the Treasurer be and hereby is authorized and directed to deposit or invest trust funds in his custody, including cemetery perpetual care funds, unless otherwise provided or directed by the donor thereof, in accordance with the provisions of Section 54 of Chapter 44 of the General Laws.

Article 10. To see if the town will vote to authorize the Moderator to appoint a committee of three citizens to advise the Town Treasurer as to the investment and reinvestment of town funds in his custody, said committee to hold office from the date of their appointment to the next annual town meeting.

Voted, That the Moderator be and hereby is authorized to appoint a committee of three citizens to advise the Treasurer as to the investment and reinvestment of town funds in his custody, said committee to hold office from the date of their appointment to the next annual town meeting.

Committee appointed: Wallace D. Dexter, Jr., Ernest E. Jobling, Edward C. Bradlee.

Article 11. To see if the town will vote to authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer when appointed Collector may use.

Voted, That the Collector of Taxes be authorized to use all means of collecting taxes which a Town Treasurer when appointed Collector may use.

Article 12. To see if the town will vote to authorize the Selectmen to employ counsel to represent the town at hearings before committees of the General Court.

Voted, That the Selectmen be authorized to employ counsel to represent the town at hearings before committees of the General Court.

(Unanimous vote.)

Article 13. To see if the town will vote to authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and of State boards and commissions as may affect the interests of the town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the town in any such proceedings; such committee to hold office for the calendar year next following its appointment, to have power to fill vacancies in its own number, and to report in print to the town at the town meeting next following the close of its term of office.

Voted, That the Moderator be authorized to appoint a committee of five citizens to consider such proceedings of the Legislature and of state boards and commissions as may affect the interests of the town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the town in any such proceedings; such committee to hold office for the calendar year next following its appointment, to have power to fill vacancies in its own number, and to report in print to the town at the town meeting next following the close of its term of office.

Committee appointed: Lincoln Bryant, W. Rodman Peabody, Felix Rackemann, Reginald L. Robbins, Charles M. Rogerson.

Article 14. To see what sum of money the town will vote to appropriate to be expended by the Selectmen for the celebration of the Fourth Day of July, 1926.

Voted, That the sum of $1,000 be appropriated to be expended by the Selectmen for the celebration of the Fourth Day of July, 1926.

Article 15. To see if the town will vote to erect a tablet to commemorate the hundredth anniversary of the opening of the granite railway, to appropriate money for the same, and to act on anything relating thereto.

Voted, That the Committee on the Hundredth Anniversary of the Opening of the Granite Railway, appointed by the Moderator in 1924 and consisting of Warren P. Landers, *Chairman,* Emily B. Hurd, Eleanor P. Martin, Philip L. Spalding and Percy E. Sheldon be authorized to place a suitable memorial, and that the unveiling of such memorial and exercises in relation to same be held on or about October 12, 1926, and that the sum of $500 be appropriated for the purpose of this vote, to be expended by said Committee.

Article 16. To see if the town will vote to amend Section 14 of Chapter 4 of the Revised By-Laws by striking out said section and substituting in place thereof the following:

> Section 14. The Selectmen shall appoint a Town Accountant, who shall perform the duties prescribed by law. At the close of each fiscal year he shall cause an audit of the accounts of the Town to be made under the supervision of the Director of Accounts, as provided by Section 35 of Chapter 44 of the General Laws.

Voted, To amend Section 14 of Chapter 4 of the Revised By-Laws by striking out said section and substituting in place thereof the following:

> SECTION 14. The Selectmen shall appoint a Town Accountant, who shall perform the duties prescribed by law. At the close of each fiscal year he shall cause an audit of the accounts of the Town to be made under the supervision of the Director of Accounts, as provided by Section 35 of Chapter 44 of the General Laws.

PROTECTION OF PERSONS AND PROPERTY

ARTICLE 17. To see what sum of money the town will vote to appropriate for the protection of persons and property the present year, which includes the following departments.

Voted, That the following sums be appropriated under this Article:

1. Police	$70,500 00
2. Fire	59,280 00
3. Hydrant service	9,000 00
4. Wire	9,148 68
5. Tree Warden:	
Public work	7,800 00
Private work	5,000 00
6. Moth:	
Public work	5,600 00
Private work	5,000 00
New truck	5,600 00
7. Street lighting	22,520 70
8. Additional lights	1,000 00
9. Building Inspector	2,800 00
10. Sealer of Weights and Measures	300 00

ARTICLE 18. To see if the town will vote to appropriate the sum of $3,100 for the purchase of two (2) extension ladders and the salary of two (2) additional permanent men for the Fire Department as recommended by the Special Committee.

Voted, To appropriate the sum of $3,100 for the purchase of two (2) extension ladders and the salary of two (2) additional permanent men for the Fire Department as recommended by the Special Committee.

ARTICLE 19. To see if the town will vote to amend Section 5 of Chapter 7 of the Revised By-Laws relative to the construction and inspection of buildings, by adding the word "shingling" after the word "construction" in the first line of the first paragraph, so as to read as follows:

> SECTION 5. Before the erection, construction, shingling or alteration of any building or part of any building, structure, or part of any structure, wall, or any platform or flooring to be used for standing or seating purposes, is commenced, the owner or lessee or agent of either, or the architect or builder, employed by such owner or lessee in connection with the proposed erection or alteration shall, except for ordinary repairs, submit to the Inspector a detailed description of the location, purpose and construction of the proposed structure or work on proper blanks to be furnished by the Inspector, and full and complete copies of the plans of such proposed work, and such structural detailed drawings as the Inspector may require.

And further amending Chapter 7 by adding the following:

> SECTION 30A. All roof coverings shall be of fire retardant material and all roofs which shall hereafter require repair to the extent of one-third of their area shall be replaced with fire retardant material.

Voted, That this Article be indefinitely postponed.

HEALTH AND SANITATION

ARTICLE 20. To see what sum of money the town will vote to appropriate for health and sanitation for the present year, which includes the following departments.

Voted, That the following sums be appropriated under this Article:

1. Health, general	$7,500 00
2. Inspector of Animals	300 00
3. Vital statistics	800 00
4. Collection of ashes and garbage	16,000 00
5. Sewer maintenance	3,000 00
6. Maintenance and repairs of Norfolk County Hospital	5,954 80

Article 21. To see what sum of money the town will vote to expend for the construction of sewers for sanitary purposes and for sewage disposal, and to raise and appropriate the same.

Voted, That the town appropriate the sum of $40,000 for the construction of sewers for sanitary purposes and for sewage disposal; and that, to meet said appropriation, there be raised in the tax levy of the current year the sum of $8,000; and that there be appropriated out of the excess and deficiency surplus the sum of $20,000; and that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of $12,000 and to issue bonds or notes of the town therefor, said bonds or notes to bear on their face the words, "Town of Milton Sewer Loan 1926," and to be payable in accordance with the provisions of Section 19 of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than twelve years from the date of the first bond or note or at such earlier dates as the Treasurer and Selectmen may determine. Each bond shall be in coupon form and shall be subject to registration as to principal, and may be exchanged in compliance with the statutory provisions for a registered certificate representing an equivalent obligation for principal and interest. The coupon bonds shall not be obligatory without the authenticating certificate of the First National Bank of Boston thereon.

(Unanimous vote.)

Highways

Article 22. To see what sum of money the town will vote to appropriate for the Street Department the present year.

Voted, That the following sums be appropriated under this Article:

1. General expense	$81,400 00
2. Permanent construction	35,000 00
For rebuilding a portion of the main thoroughfares of the town, and it is recommended that the Moderator be and hereby is authorized to appoint a committee of two citizens to advise the Selectmen and Surveyors of Highways in connection with the construction and repairs of streets. (*Committee appointed:* Michael Gibbons, Stanley Cunningham.)	
3. Sidewalk purposes	5,000 00
4. Extraordinary bridge repairs	4,500 00
5. Private work	5,000 00

Article 23. To see what sum of money the town will vote to appropriate for the care and maintenance of Granite Avenue bridge over the Neponset River, under Chapter 58, General Acts of 1915.

Voted, That the sum of $3,000 be appropriated for the care and maintenance of Granite Avenue bridge over the Neponset River, under Chapter 58, General Acts of 1915.

Article 24. To see if the town will vote to change the name of White Street, running from its intersection with Central Avenue and Brook Road to its intersection with Reedsdale Road, to Reedsdale Road.

Voted, That the name of White Street, running from its intersection with Central Avenue and Brook Road to its intersection with Reedsdale Road be changed to Reedsdale Road.

Article 25. To see if the town will vote to accept the relocation and alteration by the Selectmen of Eliot Street between land of Anna G. Finegan on the west and land

of Henry B. Martin on the east, and appropriate money therefor and act on anything relating thereto.

Voted, To accept the relocation and alteration by the Selectmen of Eliot Street between land of Anna G. Finegan on the west and land of Henry B. Martin on the east.

Article 26. To see if the town will vote to accept Crown Street as laid out by the Board of Selectmen, subject to the provisions of law relating to the assessment of betterments, and to appropriate money for the same and act on anything relating thereto.

Voted, To accept Crown Street as laid out by the Board of Selectmen, subject to the provisions of law relating to the assessment of betterments, and that the sum of $5,600 be appropriated for the construction of the same.

Public Welfare

Article 27. To see what sum of money the town will vote to appropriate for the Public Welfare Department the present year.

Voted, That the sum of $15,500 be appropriated for the Public Welfare Department the present year.

Soldiers' Benefits

Article 28. To see what sum of money the town will vote to appropriate for Soldiers' Relief the present year.

Voted, That the sum of $1,800 be appropriated for Soldiers' Relief the present year.

Article 29. To see what sum of money the town will vote to appropriate for State Aid and Military Aid under Chapter 200, General Acts of 1919, the present year.

Voted, That the sum of $800 be appropriated for State Aid and Military Aid under Chapter 200, General Acts of 1919, the present year.

Article 30. To see what sum of money the town will vote to appropriate to be expended by the Huntington Frothingham Wolcott Post 102, G. A. R., on Memorial Day.

Voted, That the sum of $400 be appropriated to be expended by the Huntington Frothingham Wolcott Post 102, G. A. R., on Memorial Day.

Schools and Libraries

Article 31. To see what sum of money the town will appropriate for the support of the schools the present year.

Voted, That the sum of $216,620 be appropriated for the support of the schools the present year.

Article 32. To see what sum of money the town will vote to appropriate for vocational education under the provisions of General Laws, Chapter 74, and act on anything relating thereto.

Voted, To appropriate the sum of $600 for vocational education under the provisions of General Laws, Chapter 74, to be expended by the School Committee to meet liabilities of the town incurred thereunder.

Article 33. To see if the town will authorize the Selectmen to sell and convey in behalf of the town the land and buildings on Hillside Street heretofore taken and used by the town for school purposes and no longer required for school or other public purposes, and to determine the minimum amount to be paid therefor, and act on anything relating thereto. Said land is bounded and described as follows: northerly on Hillside Street, 8 rods, easterly on land now or formerly of George Hunt, 10 rods, and southerly and westerly on land now or formerly of Artemus Cook and Sarah Cook, and land of the inhabitants of Milton, containing 80 square rods more or less and being the premises conveyed to the town by deed of Artemus Cook and Sarah Cook dated July 19, 1852, recorded with Norfolk Deeds, Book 212, page 43.

Voted, That, whereas the land and buildings hereinafter described are no longer needed by the town for school or other public purposes, the Selectmen be and hereby are authorized in behalf of the town to sell and convey said land and buildings for a consideration of not less than one thousand dollars ($1,000) and upon such other terms as the said Selectmen shall consider proper, said land being bounded and described as follows,

to wit: northerly on Hillside Street, 8 rods, easterly on land now or formerly of George Hunt, 10 rods, and southerly and westerly on land now or formerly of Artemus Cook and Sarah Cook, and land of the inhabitants of Milton, containing 80 square rods more or less and being the premises conveyed to the town by deed of Artemus Cook and Sarah Cook, dated July 19, 1852, recorded with Norfolk Deeds, Book 212, page 43.

(Unanimous vote.)

Article 34. To see what sum of money the town will appropriate to be spent under the direction of the School Committee in improving, renewing, and repairing the heating and ventilating systems of the Vose School and act on anything relating thereto.

Voted, That the sum of $17,000 be appropriated to be spent under the direction of the School Committee in improving, renewing, and repairing the heating and ventilating systems of the Vose School and act on anything relating thereto.

Article 35. To see if the town will authorize the Selectmen to purchase, or take by eminent domain, under Chapter 79 of the General Laws, for school purposes, the land within the town bounded and described as follows: beginning at a point in the southerly side line of Pleasant Street at land of Francis J. C. Alsop and land of N. H. Stone *et al.*, thence running southerly along said land of Alsop 482.06 feet to a drill hole in a boulder; thence turning and running southwesterly along said land of Alsop 176.20 feet to an old stake; thence running a little more southerly along said land of Alsop 283.86 feet to Edge Hill Road; thence turning and running southwesterly along Edge Hill Road 360 feet, more or less, to a point at the junction of the northerly side line of Edge Hill Road and the line next hereinafter mentioned; thence turning and running in a broken line in a general northeasterly direction, said line being parallel to the center line of the brook and distant 15 feet easterly therefrom, 933 feet, more or less, to a point in a line which runs parallel to the first bound and distant westerly 50 feet therefrom, which point is 218 feet, more or less, distant southerly from the southerly line of Pleasant Street; thence turning and running northerly along said parallel line 218 feet to Pleasant Street; thence turning and running easterly on Pleasant Street 50.4 feet to the point of beginning, be all of said measurements more or less, containing about 192,400 square feet, said premises being shown on a plan entitled, "Plan of Land in Milton, Mass.," dated February 1, 1926, by C. Fred Joy, Jr., Civil Engineer, Milton, and deposited in the office of the Town Clerk.

And to raise and appropriate the money therefor and act on anything relating thereto.

Voted, That the Selectmen be and hereby are authorized, in the name and behalf of the town, to purchase, or take by eminent domain, under Chapter 79 of the General Laws, for school purposes, a certain parcel of land within the town bounded and described as follows: beginning at a point in the southerly side line of Pleasant Street at land of Francis J. O. Alsop and land of N. H. Stone *et al.*, thence running southerly along said land of Alsop 482.06 feet to a drill hole in a boulder; thence turning and running southwesterly along said land of Alsop 176.20 feet to an old stake; thence running a little more southerly along said land of Alsop 283.86 feet to Edge Hill Road; thence turning and running southwesterly along Edge Hill Road 360 feet, more or less; to a point at the junction of the northerly side line of Edge Hill Road and the line next hereinafter mentioned; thence turning and running in a broken line in a general northeasterly direction, said line being parallel to the center line of the brook and distant 15 feet easterly therefrom, 933 feet, more or less, to a point in a line which runs parallel to the first bound and distant westerly 50 feet therefrom, which point is 218 feet, more or less, distant southerly from the southerly line of Pleasant Street; thence turning and running northerly along said parallel line 218 feet to Pleasant Street; thence turning and running easterly on Pleasant Street 50.4 feet to the point of beginning, be all of said measurements more or less, containing about 192,400 square feet, said premises being shown on a plan entitled, "Plan of Land in Milton, Mass.," dated February 1, 1926, by C. Fred Joy, Jr., Civil Engineer, Milton, and deposited in the office of the Town Clerk.

And that the sum of $100 be appropriated for the purpose, it being understood that the owners of said land will present the same to the town without compensation therefor.

(Unanimous vote.)

Article 36. To see if the town will authorize the Selectmen to purchase, or take by eminent domain, under Chapter 79 of the General Laws, for school purposes the land within the town bounded and described as follows: southeasterly by Central Avenue, 175 feet; southwesterly by Clapp Street and land of George B. Courtney

560.75 feet; northwesterly by the center line of Pine Tree Brook, 154.98 feet; and northeasterly by land of the town of Milton, 577.58 feet, be all of said measurement more or less, containing about 91,000 square feet, said premises being shown on a plan entitled, "Plan of Land in Milton, Mass.," dated February 1, 1926, by C. Fred Joy, Jr., Civil Engineer, Milton, and deposited in the office of the Town Clerk.

And to raise and appropriate the money therefor and act on anything relating thereto.

Voted, That Articles 36 and 37 and Article 55 be considered together.

Article 37. To see if the town will authorize the Selectmen to purchase or take by eminent domain, under Chapter 79 of the General Laws, for school purposes, the land within the town bounded and described as follows: commencing at the junction of the southeasterly side line of Eliot Street and the northeasterly side line of Capen Street, thence running northeasterly along Eliot Street 290.53 feet; thence turning and running southeasterly 80 feet more or less along land of Henry B. Martin; thence continuing in the same straight line through land of Waldo A. Martin southeasterly 505 feet to a point of land of Charles E. Rogerson; thence turning and running westerly along said land of Rogerson 91 feet to a stone bound; thence turning slightly to the right and running 20 feet along said land of Rogerson to a point at land of James S. Russell; thence turning and running a little west of southerly along said land of Russell 177.85 feet to Columbine Road; thence turning and running northwesterly along Columbine Road 62 feet to a point; thence turning and running 33.44 feet in a general northeasterly and northerly direction on a curve having a radius of 20 feet; thence running northeasterly 141.55 feet along land of Lydia B. Taft to a point at land of said Waldo A. Martin; thence turning and running a little north of westerly along said land of Taft 214.80 feet to a stone bound in the northeasterly line of Capen Street; thence turning and running northwesterly along Capen Street 386.11 feet to the point of beginning, be all of said measurements more or less, containing about 150,694 square feet, said premises being shown on a plan entitled, "Plan of Land in Milton, Mass.," dated February 1, 1926, by C. Fred Joy, Jr., Civil Engineer, Milton, and deposited in the office of the Town Clerk.

Voted, That Articles 36 and 37 and Article 55 be considered together.

Article 38. To see what sum of money the town will vote to appropriate for the Public Library the present year.

Voted, That the sum of $19,920 be appropriated for the Public Library the present year.

Recreation and Unclassified

Article 39. To see what sum of money the town will vote to appropriate for the general uses of the Board of Park Commissioners the present year.

Voted, That the sum of $14,550 be appropriated for the general uses of the Board of Park Commissioners the present year.

Article 40. To see if the town will vote to authorize the Board of Park Commissioners to sell and convey, at private sale, the whole or any part of a certain lot of land on Adams Street taken by the town for a public playground by taking dated July 6, 1895, and being bounded and described as follows: southwesterly by the northeasterly side line of Adams Street, one hundred eighty-one and 30/100 (181.30) feet; northwesterly by the southeasterly line of the old "East Milton School House Lots" extended northeasterly, three hundred twenty-five (325) feet; northeasterly by the remaining part of the "Playground Lot," one hundred eighty-one (181) feet, more or less; and southeasterly by land formerly of Samuel Babcock, three hundred twenty-five (325) feet.

And act on anything relating thereto.

Voted, That the Board of Park Commissioners be and hereby is authorized, in the name and behalf of the town, to sell at private sale for the sum of not less than eight thousand dollars ($8,000) and to convey a certain piece of real estate situated on Adams Street, Milton, the same being no longer needed for public use, and that the proceeds from such sale be deposited with the Treasurer of the town for the general purpose of the town. The said parcel is bounded and described as follows: southwesterly by Adams Street, one hundred eighty-one and 30/100 (181.30) feet; northwesterly by the southwesterly line of the old "East Milton School House Lots," three hundred twenty-five (325) feet; northeasterly by the remaining part of the "Playground Lot," one hundred eighty-one (181) feet, more or less; and southeasterly by land formerly of Samuel Babcock, three hundred twenty-five (325) feet.

Article 41. To see what sum of money the town will vote to appropriate for pensions and annuities for the present year.

Voted, That the sum of $16,197.25 be appropriated as follows:

1. Police and firemen, Section 85, Chapter 32, General Laws	$7,145 83
2. Annuity, Chapter 16, Special Acts of 1919	300 00
3. Police and firemen's widows' pensions, Section 88, Chapter 32, General Laws	1,200 00
4. Laborers' pensions, Section 77, Chapter 32, General Laws	5,626 42
5. School teachers' pensions, Section 42, Chapter 32, General Laws	925 00
6. Pension, Special Act, Chapter 9, Acts of 1925	1,000 00

Article 42. To see what disposition the town will make of the balance of funds in the hands of the Treasurer appropriated in connection with contracts with the Trustees of the Eastern Massachusetts Street Railway Company, and not expended, and act on anything relating thereto.

Voted, That all sums heretofore appropriated in connection with contracts with the Trustees of the Eastern Massachusetts Street Railway Company, and not expended or needed for such purpose, be transferred to the surplus revenue account.

Article 43. To see what action the town will take to provide for the maintenance of the Thacher School Building, and to appropriate money therefor.

Voted, That the Thacher School Building, being no longer needed for school purposes, be placed in the charge and under the control of the Board of Selectmen, and that said Board be authorized to allow the use of the whole or part of said building by the Water Department or for such other lawful purposes as said Board shall deem wise, and that the sum of $11,460 be appropriated for the repair, alterations and maintenance of said building.

Article 44. To see if the town will vote to make application to the General Court to erect and constitute in the town, representative town government by limited town meetings, and act on anything relating thereto.

Voted, That the Selectmen be and hereby are authorized and directed, in the name and behalf of the town, to make application to the General Court to erect and constitute in the town, representative town government by limited town meetings, substantially in accordance with the draft a bill submitted with the report of the Committee on Representative Town Government approved under a resolve of the annual town meeting of 1925, or otherwise, as the General Court shall determine.

Article 45. To see if the town will amend Chapter 12 of the Revised By-Laws substantially as follows and act on anything relating thereto: Chapter 12 of the Revised By-Laws of the town is hereby amended by inserting after Section 3 the following new sections:

Section 3A. *Location of Buildings in District A.* — After this section shall be duly adopted by the Town and shall become effective pursuant to law, in District A —

1. No part of a building except first story porches not enclosed by glass and with a floor area not exceeding fifty square feet shall be built within 20 feet of the side line of the street on which it fronts, provided that no building need be set back more than the average of the set-backs of the buildings on the lots next thereto on either side, a vacant lot or a lot occupied by a building set back more than 20 feet being considered as occupied by a building set back 20 feet, and provided further that on a lot less than 100 feet deep held under separate and distinct ownership from adjacent lots and of record in the Registry of Deeds at the time this section becomes effective no building need be set back more than one-fifth of the depth of the lot.

2. No dwelling shall be built within 40 feet or a distance equal to two-fifths of the depth of the lot, whichever is the less, from the rear lot line, provided that for each foot that the dwelling sets back from the front lot line in addition to the requirements in the preceding paragraph its distance from the rear lot line may be reduced one foot, but in no case under this provision to less than 20 feet. Buildings permitted in said District A other than dwellings shall not be built within 20 feet or a distance equal to twenty per cent of the mesne depth of the lot, whichever is less from the rear lot line, excepting that buildings of accessory use as defined

in Section 3, paragraph (h), may be built within said twenty foot or lesser strip provided they conform to the provisions of the Building Law.

3. No building shall be built within 10 feet of a side line of a lot or street, nor within 20 feet of any other building on the same lot, provided that the width of one side yard may be reduced one foot for each foot that the width of the other side yard is increased, but no side yard shall be reduced to less than six feet, and provided further that on no lot held under separate and distinct ownership from adjacent lots and of record in the Registry of Deeds at the time this section becomes effective, shall the buildable width be reduced to less than 25 feet.

4. No building shall exceed 35 feet or two and one-half stories in height unless it sets back from each street and lot line 10 feet in addition to the above requirements plus one foot for each foot of excess height. The term "half story" shall mean a story in a sloping roof, the area of which at a height four feet above the floor does not exceed two-thirds the floor area of the story immediately below it, and which is not designed for an independent apartment. No building shall exceed either 60 feet or four stories in height. The height of a building shall be measured from the average curb grade or, if there is none, from the average grade of the adjoining ground immediately in front of the building to the highest point of the roof beams for flat roofs and to the mesne height of the gable for pitched roofs. Chimneys, spires, towers and other projections not used for human occupancy may extend above the height limit herein fixed.

5. No dwelling shall occupy more than one-quarter of the lot on which it is placed and no building other than a dwelling shall occupy more than one-half the lot on which it is placed, provided that on a corner lot an additional area of 400 square feet may be occupied.

6. No lot shall be so reduced in area that the dimensions of the open spaces thereon shall be smaller than herein prescribed.

Section 3B. *Single Family Dwellings.* — After this section shall be duly adopted by the Town and shall become effective pursuant to law, no dwelling shall be erected in District A which is intended or designed to be other than a single family detached dwelling, and no building shall be altered so as to be or become a dwelling other than a single family detached dwelling, and no building shall be altered so as to be or become a dwelling other than a single family detached dwelling, and no building erected or altered in violation hereof, shall be used as a dwelling, provided, however, that a building may be used, erected or altered which is intended or designed to be used as a dwelling for not more than two families on any lot if, at the time this section becomes effective;

1. It is between two lots on which are buildings designed for occupation by two or more families each, located on the same side of the street and less than 100 feet apart, or if

2. The majority of all the frontage on the same street as the lot and on a street or streets in substantially direct continuation thereof and within 300 feet of the site of the proposed building is occupied by buildings designed for two or more families each or side yards adjacent thereto, no such side yard to exceed 10 feet in width, all frontage between buildings designed for two or more families and less than 100 feet apart being considered as occupied by buildings for two families.

Section 3C. *Validity.* — The invalidity of Section 3A or Section 3B, or any provision of said sections, shall not affect the validity of any other section or provision of said sections, and said sections shall affect the provisions of Chapter 12 in force when this amendment becomes effective only so far as said sections are inconsistent therewith and valid.

Section 3D. So much of this amendment as is approved by the Attorney General shall go into effect upon its publication, or notice by delivery, as required by law.

Voted, To amend Chapter 12 of the Revised By-Laws by inserting after Section 3 the following new sections:

Section 3A. *Location of Buildings in District A.* — After this section shall be duly adopted by the Town and become effective pursuant to law, in District A —

1. Set-back: No part of a building except steps, and eaves not exceeding 18″ wide, shall be built within 15 feet of the side line of the street on which it fronts, provided that no building need be set back more than the average of the set-backs of the buildings on the lots next thereto on either side, a vacant lot or a lot occupied by a building set back more than 15 feet being considered as occupied by a building

set back 15 feet, and provided further that on a lot less than 100 feet deep of record in the Registry of Deeds at the time this section becomes effective no building need be set back more than 15 per cent of the depth of the lot, and provided that in such cases the same exceptions shall be permissible as in the case of buildings to which the 15 foot set-back applies.

2. Rear Yards: No part of a building except steps, and eaves not exceeding 18″ wide, shall be built within 25 feet or a distance equal to one-quarter of the mean depth of the lot, whichever is the less, from the rear lot line, provided that for each foot that the building sets back from the front line in addition to the requirements in the preceding paragraph its distance from the rear lot line may be reduced one foot, but in no case under this provision to less than 20 feet, excepting that buildings of accessory use as defined in Section 3, paragraph (h) may be built within said twenty-five foot or lesser strip.

3. Side Yards: No part of a building except steps, chimneys, and eaves not exceeding 18″ wide, and buildings of accessory use as defined in Section 3, paragraph (h) shall be built within 8 feet of a side line on a lot or street, provided that the width of one side yard may be reduced one foot for each foot that the width of the other side yard is increased, but no side yard shall be reduced to less than six feet, and provided further that on no lot of record in the Registry of Deeds at the time this section becomes effective, shall the buildable width, with the same permissible exceptions, be reduced to less than 25 feet.

4. Garages: No part of a garage, unless contained with the body of the house, shall be built within 40 feet, or a distance equal to 40 per cent of the mean depth of the lot, whichever is the less, from the front line of the lot, or within 15 feet of a street line forming the side line of a corner lot.

5. Area: No dwelling, exclusive of piazzas, eaves, and steps shall occupy more than one-third of the lot on which it is placed, and no building other than a dwelling shall occupy more than one-half of the lot on which it is placed, except that on a corner lot an additional area of 400 square feet may be occupied subject, however, to the requirements contained in all other paragraphs of this section.

6. No lot shall be so reduced in area that the dimensions of the open spaces thereon shall be smaller than herein prescribed.

7. No building shall be built within 16 feet of any other building on the same lot, excepting buildings of accessory use as defined in Section 3, paragraph (*h*).

Section 3B. *Single Family Dwellings.* — After this section shall be duly adopted by the Town and shall become effective pursuant to law, no dwelling shall be erected in District A which is intended or designed to be other than a single family detached dwelling, and no building shall be altered so as to be or become a dwelling other than a single family detached dwelling, and no building erected or altered in violation hereof, shall be used as a dwelling, provided, however, that a building may be used, erected or altered which is intended or designed to be used as a dwelling for not more than two families on any lot if, at the time this section becomes effective;

1. It is between two lots on which are buildings designed for occupation by two or more families each, located on the same side of the street and less than 100 feet apart, or if

2. The majority of all the frontage on the same street as the lot and on a street or streets in substantially direct continuation thereof and within 300 feet of the site of the proposed building is occupied by buildings designed for two or more families each or side yards adjacent thereto, no such side yard to exceed 10 feet in width, all frontage between buildings designed for two or more families and less than 100 feet apart being considered as occupied by buildings for two families.

Section 3C. *Validity.* — The invalidity of Section 3A or Section 3B, or any provision of said sections, shall not affect the validity of any other section or provision of said sections, and said sections shall affect the provisions of Chapter 12 in force when this amendment becomes effective only so far as said sections are inconsistent therewith and valid.

Section 3D. So much of this amendment as is approved by the Attorney General shall go into affect upon its publication, or notice by delivery, as required by law.

Article 46. To see if the town will vote to amend Chapter 12 of its Revised By-Laws by striking out in Section 4, paragraph one, the words "any addition thereto made by permission of the Selectmen as hereinafter provided," which are contained in lines four and five of the By-Laws as printed in the 1924 Town Report; and to strike out all of

paragraph two of Section 4 of Chapter 12, containing the following words: "Any such building may be added to or enlarged at any time and such addition or enlargement used for the purpose for which the original building may lawfully be used under the provisions of the foregoing paragraph of this section, provided in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that such addition or enlargement and the use to be made thereof will not to any substantial extent be more detrimental to the use of other property in the district for the purposes permitted in Section 3 than the building to which such addition or enlargement is to be made or the use then lawfully made thereof, and shall issue a permit therefor. Each such permit issued by the Selectmen shall specify the size and character of the addition or enlargement, and no such addition or enlargement shall be constructed or used for any purpose forbidden in District A, which is not constructed in accordance with the terms of such permit."

Voted, That this Article be indefinitely postponed.

Article 47. To see if the town will authorize the Board of Sewer Commissioners, under Chapter 282 of the Acts of 1914, to improve Pine Tree Brook between Pope's Pond and Thacher Street, and to take or acquire by purchase or otherwise such lands, water rights, water-courses, rights of way or easements necessary therefor; and to raise and appropriate money therefor and act on anything relating thereto.

See Vote under Article 48.

Article 48. To see if the town will authorize the Board of Sewer Commissioners, under Chapter 282 of the Acts of 1914, to improve Pine Tree Brook between Thacher Street and Brook Road and to take or acquire by purchase or otherwise such lands, water rights, water-courses, rights of way or easements necessary therefor; and to raise and appropriate money therefor and act on anything relating thereto.

Voted, That the Board of Sewer Commissioners be and hereby is authorized to improve Pine Tree Brook between Brook Road and Pope's Pond, or any part thereof, and, acting under Chapter 282 of the Acts of 1914 and acts in amendment thereof and in addition thereto, to take or acquire, by purchase or otherwise, such lands, water ways, water-courses, rights of way, or easements as shall be deemed by said Board necessary therefor, and may exercise all other powers granted in said acts, and that the sum of $4,000 be and hereby is appropriated for the estimated expense to be incurred in such taking and improvement.

Article 49. That all contracts for newspaper advertisements relating to the official business of the town, required by law to be published in local or representative newspapers, and to be paid for by the town of Milton, shall be awarded yearly as follows: bids to cover a flat rate per inch, charged to the Department so advertising. Said bids to be sealed and opened at a specified time and place, after due notice to the bidders, and the lowest bid to be accepted.

Voted, That this Article be indefinitely postponed.

Article 50. To see if the town will vote to direct the Moderator to appoint a Special Committee to be composed of citizens, representative of all sections of the town, who shall consider the probable financial problems to be met by the town during the next five years, and to report in writing to the next annual town meeting such recommendations as seem to them wise to enable the town to meet the conditions they anticipate.

Voted, That the Moderator appoint a Special Committee to be composed of citizens, representative of all sections of the town, who shall consider the probable financial problems to be met by the town during the next five years, and to report in writing to the next annual town meeting such recommendations as seem to them wise to enable the town to meet the conditions they anticipate.

Committee appointed: James W. Rollins, Jesse B. Baxter, Maurice A. Duffy, F. Dewey Everett, Hervey W. King.

Enterprises and Cemeteries

Article 51. To see if the town will vote to expend a sum not exceeding $100,000 under the provisions of Chapter 307 of the Acts of 1902, for the extension of water mains, and to raise and appropriate the same, and to take any action in relation thereto.

Voted, That the Treasurer be and he hereby is authorized, in the name and behalf of the town, and under authority granted in and in compliance with the provisions of

Chapter 307 of the Acts of 1902, and other acts applicable thereto, to borrow a sum not exceeding $100,000, the same to be expended by the Board of Water Commissioners for the extension of water mains, and to issue bonds of the town not exceeding said sum. Said bonds shall bear on their face the words "Town of Milton Water Loan," and shall be payable as required by said Chapter 307 of the Acts of 1902 and by Section 19 of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than thirty years from their date, or at such earlier dates as the Treasurer and Water Commissioners may determine. They shall be sold at not less than the par value thereof, from time to time, by the Treasurer. Each bond shall be subject to registration as to principal, and may be exchanged in compliance with the statutory provisions for a registered certificate representing an equivalent obligation for principal and interest. The coupon bonds shall not be obligatory without the authenticating certificate of the First National Bank of Boston thereon.

(Unanimous vote.)

Article 52. To see what sum of money the town will vote to appropriate for the improvement of the cemetery the present year.

Voted, That the sum of $17,920 be appropriated for the improvement of the cemetery the present year.

Article 53. To see if the town will accept the gift of Robert F. Herrick of fifty shares of the preferred stock of The Manufacturers Company, to be added to the Herrick Fund for the preservation and improvement of the cemetery, and act on anything relating thereto.

Voted, To accept the gift of Robert F. Herrick of fifty shares preferred stock of The Manufacturers Company, to be added to the Herrick Fund for the preservation and improvement of the cemetery, and that the Town Clerk be instructed to express the gratitude of the town to Mr. Herrick for his gift.

Interest and Maturing Debt

Article 54. To see what sum of money the town will vote to appropriate for interest and maturing debt for the present year.

Voted, That the following sums be appropriated for interest and maturing debt for the present year:

Interest	$37,105 00
Maturing debt	58,000 00

Article 55. To see what disposition the town will make of funds received from the Commonwealth of Massachusetts under the provision of Chapter 480 of the Acts of 1924, on account of payments heretofore made by the town under Chapter 283 of the Acts of 1919, providing for the recognition of those who served in the Army and Navy of the United States during the war with Germany.

Voted, Under Articles 36 and 37, and Article 55, that the Selectmen be and hereby are authorized in the name and behalf of the town, to purchase, or take by eminent domain, under Chapter 79 of the General Laws, for school purposes, two certain parcels of land within the town bounded and described as follows: first, southeasterly by Central Avenue, 175 feet; southwesterly by Clapp Street and land of George B. Courtney, 560.75 feet; northwesterly by the center line of Pine Tree Brook, 154.98 feet; and northeasterly by land of the town of Milton, 577.58 feet, be all of said measurements more or less, containing about 91,000 square feet, said premises being shown on a plan entitled "Plan of Land in Milton, Mass.," dated February 1, 1926, by C. Fred Joy, Jr., Civil Engineer, Milton, and deposited in the office of the Town Clerk; second, commencing at a point in the northeasterly side line of Capen Street at the end of a curved line forming the junction of said side line of Capen Street and the southeasterly side line of Eliot Street as relocated and altered by the Selectmen and accepted by the town at this meeting; thence running in a general northeasterly direction along said curved line 21.35 feet to a point in the southeasterly side line of Eliot Street as so relocated and altered; thence running northeasterly along said southeasterly side line of Eliot Street as relocated and altered 145.65 feet to land of Henry B. Martin; thence turning and running along said land of Martin northwesterly 10.31 feet to the southeasterly side line of Eliot Street; thence turning and running a little north of easterly along said southeasterly side line of Eliot Street 130 feet; thence turning and running southeasterly along land of Henry B. Martin 80 feet, more or less, and along land of Waldo A.

Martin, 505 feet, more or less, to a point at land of Charles E. Rogerson, distant easterly 91 feet from a stone bound; thence turning and running westerly along said land of Rogerson 91 feet to said stone bound; thence turning slightly to the left and running 20 feet along said land of Rogerson to a point at land of James S. Russell; thence turning and running a little west of southerly along said land of Russell 177.85 feet to Columbine Road; thence turning and running northwesterly along Columbine Road 62 feet to a point; thence turning and running 33.44 feet in a general northeasterly and northerly direction on a curve having a radius of 20 feet; thence running northeasterly 141.55 feet along land of Lydia B. Taft to a point at land of said Waldo A. Martin; thence turning and running a little north of westerly along said land of Taft 214.80 feet to a stone bound in the northeasterly line of Capen Street; thence turning and running northwesterly along Capen Street 386.11 feet to the point of beginning, be all of said measurements more or less, containing about 148,989 square feet, said premises being shown on a plan entitled "Plan of Land in Milton, Mass.," dated February 1, 1926, by C. Fred Joy, Jr., Civil Engineer, Milton, and deposited in the office of the Town Clerk.

And that the sum of $48,000 be appropriated therefor; and that, to meet said appropriation, there be raised in the tax levy of the current year the sum of $8,204.91, and that the sum of $4,795.09, received by the town under the provisions of Acts of 1924, Chapter 480, be used to meet said appropriation in part, and that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of $35,000 and to issue bonds or notes of the town therefor, said bonds or notes to bear on their face the words, "Town of Milton School Loan 1926," and to be payable in accordance with the provisions of Section 19 of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than five years from the date of the first bond or note or at such earlier dates as the Treasurer and Selectmen may determine. Each bond shall be in coupon form and shall be subject to registration as to principal, and may be exchanged in compliance with the statutory provisions for a registered certificate representing an equivalent obligation for principal and interest. The coupon bonds shall not be obligatory without the authenticating certificate of the First National Bank of Boston.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned, by posting attested copies of this Warrant in each of the post offices of said town fourteen days at least before said sixth of March, and leaving printed copies thereof at the dwelling houses of said town at least four days before said date.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk, on or before said sixth of March next.

Given under our hands at Milton, the twelfth day of February, nineteen hundred and twenty-six.

Roger Wolcott,
Josiah Babcock,
Kenneth D. Johnson,
Selectmen of Milton.

Commonwealth of Massachusetts. Norfolk, ss.

Milton, March 5, 1926.

Pursuant to the within warrant I have notified the inhabitants of the town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the town and leaving copies at the dwellings of the inhabitants.

Peleg Bronsdon,
Constable of Milton.

March 13, 1926, at 5.55 p.m. *Voted*, That the meeting be dissolved.

The foregoing meeting was opened March 6, 1926, at 5.45 a.m. by the wardens in the several precincts.

Attest.

G. Frank Kemp,
Town Clerk.

Warrant Committee

The following citizens were appointed by the Moderator as a Warrant Committee for the ensuing year in accordance with Chapter 2 of the Revised By-Laws, viz.:

WARRANT

September Primaries

Commonwealth of Massachusetts. Norfolk, ss.

To any of the Constables of the Town of Milton, in said County, Greeting.

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the town of Milton qualified to vote in elections and in town affairs to meet at the several designated polling places in their respective precincts in said Milton, to wit:

In Precinct I, polling place, Town Hall, Canton Avenue, in Precinct II, polling place, Tucker School Hall, Blue Hills Parkway, in Precinct III, polling place, Milton Police Station, Central Avenue, in Precinct IV, polling place, Belcher School, Church Street, on Tuesday, the fourteenth day of September, 1926, at 3 o'clock in the afternoon, for the following purposes:

To bring in their votes to the primary officers for the nomination of candidates of political parties for the following offices: Governor, Lieutenant Governor, Secretary, Treasurer and Receiver General, Auditor, Attorney General, Senator in Congress to fill vacancy, all of this Commonwealth; Representative in Congress for the Fourteenth Congressional District; Councillor for the Second Councillor District; Senator for the Norfolk Senatorial District; Representative in the General Court for the Seventh Norfolk Representative District; County Commissioner for the County of Norfolk; two Associate Commissioners for the County of Norfolk; District Attorney for Norfolk and Plymouth District; Sheriff for the County of Norfolk; and for the election of the following officers: District member of the State Committee for each political party for the Norfolk Senatorial District; members of the Republican Town Committee; members of the Democratic Town Committee; delegates to State Conventions of the Republican Party; delegates to State Conventions of the Democratic Party.

All the above candidates and officers are to be voted for upon one ballot.

The polls will be open from 3 o'clock P.M. to 9 o'clock P.M., and you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned by posting attested copies of this Warrant in each of the post offices of said town fourteen days at least before said meeting, and leaving printed copies thereof at the dwelling houses of said town at least four days before said meeting.

Hereof fail not and make due return of this Warrant, or a certified copy thereof with your doings thereon, to each of the several precinct wardens at the time and places of meeting aforesaid in said precincts, and to the Town Clerk as soon as may be, and before said meeting.

Given under our hands at Milton this thirtieth day of August, nineteen hundred and twenty-six.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, SS.

MILTON, September 9, 1926.

Pursuant to the within Warrant, I have notified the inhabitants of the town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the town and leaving copies at the dwellings of the inhabitants.

PELEG BRONSDON,
Constable of Milton.

NOVEMBER MEETING

WARRANT

Commonwealth of Massachusetts. Norfolk, ss.

To any of the Constables of the Town of Milton, in said County, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the town of Milton qualified to vote in elections, and in town affairs, to meet at the several designated polling places in their respective precincts in said Milton, to wit:

In Precinct I, polling place, Town Hall, Canton Avenue,
In Precinct II, polling place, Tucker School Hall, Blue Hills Parkway,
In Precinct III, polling place, Milton Police Station, Central Avenue,
In Precinct IV, polling place, Belcher School, Church Street,

on Tuesday, the second day of November, 1926, at 5.45 o'clock in the forenoon, then and there to bring in their ballots for Governor, Lieutenant Governor, Secretary, Treasurer and Receiver General, Auditor, Attorney General, Senator in Congress to fill a vacancy, all of this Commonwealth; Representative in Congress for the Fourteenth Congressional District; Councillor for the Second Councillor District; Senator for the Norfolk Senatorial District; Representative in the General Court for the Seventh Norfolk Representative District; County Commissioner for the County of Norfolk;

two Associate Commissioners for the County of Norfolk; District Attorney for Norfolk and Plymouth District; Sheriff for the County of Norfolk; also to vote on the acceptance of the following questions:

QUESTION No. 1

Shall an amendment to the constitution which authorizes the General Court to establish in any corporate town containing more than six thousand inhabitants a form of town government providing for town meetings limited to such inhabitants of the town as may be elected for the purpose, which received in a joint session of the two Houses held May 29, 1924, 189 votes in the affirmative and 40 in the negative, and at a joint session of the two Houses held March 18, 1925, received 262 votes in the affirmative and 4 in the negative, be approved?

QUESTION No. 2

Shall a law which amends existing law by striking out the provisions that veterans who pass Civil Service examinations shall be placed upon the eligible list above all other applicants, that disabled veterans shall be placed ahead of all other veterans, and that disabled veterans shall be appointed and employed in preference to all other persons; and by providing in place thereof, that five points shall be added to mark of veterans who pass such examinations, and ten points to the mark of disabled veterans, which law was disapproved in the Senate by a vote of 0 in the affirmative and 34 in the negative, and in the House of Representatives by a vote of 11 in the affirmative and 181 in the negative, be approved?

All to be voted for on one ballot.

The polls may be closed at 4 o'clock P.M., and you are directed to warn said inhabitants qualified as aforesaid to meet at the time and places and for the purposes herein mentioned by posting attested copies of this Warrant in each of the post offices of said town at least fourteen days, and by leaving printed copies thereof at the dwelling houses in the town at least four days, before the day of said meeting in said several precincts.

Hereof fail not and make due return of this Warrant, or a certified copy thereof with your doings thereon, to each of the several precinct wardens, at the time and places of meeting aforesaid in said precincts, and to the Town Clerk as soon as may be, and before said meeting.

Given under our hand at Milton this fifteenth day of October, nineteen hundred and twenty-six.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, SS.

Pursuant to the within Warrant, I have notified the inhabitants of the town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the town and leaving copies at the dwellings of the inhabitants.

PELEG BRONSDON,
Constable of Milton.

OCTOBER 26, 1926.

DEPARTMENT REPORTS

REPORT OF SELECTMEN

Milton, Mass., December 31, 1926.

To the Citizens of Milton.

Your Board of Selectmen respectfully submits the following report for the year 1926. For the third successive year the Board has consisted of the same members and has continued with the same organization, Roger Wolcott serving as Chairman and Kenneth D. Johnson as Secretary.

Appointments

George F. Shepard was appointed Art Commissioner in place of Eliot T. Putnam, who had moved out of town. After a painstaking investigation of a number of possibilities by Messrs. James W. Rollins and Marcy L. Sperry, the committee appointed by the Moderator to assist the Selectmen in the choice of a Town Engineer, the Board appointed Forrest J. Maynard, Town Engineer of Watertown, to the position, and Mr. Maynard assumed his duties on August first. Both because of his technical and personal qualifications and of his fine record in his previous position the Board has high expectations of the value of his services to Milton. Following the settlement of the anthracite coal strike James S. Russell resigned his position as Fuel Administrator. He has the thanks of the town for his efficient and faithful performance of this task, — but one of his many services to Milton. Our other appointments will be found elsewhere in this book.

Licenses

The amendments adopted March 13 to the Zoning By-Laws of the town have raised several new problems; the Board has tried to live up to the spirit of the By-Laws without blindly adhering to their letter. Chapter 133 of the Acts of 1924 enables the Board when unanimous to "vary the application" of such By-Laws in specific cases wherein their enforcement would involve practical difficulty or unnecessary hardship, and wherein desirable relief may be granted without substantially derogating from their intent and purpose. Acting under this statute the Board has permitted James F. Hannon to erect a shed on Columbia Street for the purpose of getting his vehicles and contractor's implements under cover, and has permitted the City Fuel Company to resume the business use of its premises on the Neponset River at the Granite Avenue bridge. Both lots of land involved are in the residential zone, but the Board felt that their business use under the conditions which we imposed not only would do no injury to their respective neighborhoods but would increase the taxable property of the town.

In the application of section 4 of the Zoning By-Laws also we have imposed conditions permitting legitimate expansion of existing business in the residential zone while improving the appearance of the property involved.

A number of applications for gasoline filling stations have come before the Board, and we have exercised our powers to restrict the number of such stations to such a number that all licensees can profitably do business at the same time that the needs of the public are properly met.

Applications for the licensing of motor bus lines are diminishing. The Board has passed upon eight during the current year, and has licensed but three. The policy of the Board as set forth in last year's report remains unchanged, and, so far as Milton licenses have been acted on by the Department of Public Utilities, our policy appears to be that adopted by it.

The town By-Laws on Hawking and Peddling have become obsolete by reason of the repeal of the statutes on which they were based, and as a result of complaints of unlicensed hawkers and peddlers the Board has adopted regulations controlling the question.

Law

The Town Counsel again has served this year on a fixed retainer, which has not only resulted in a saving to the town, but has enabled our many town officials to consult him freely on many small questions of law.

The appeal to the Supreme Judicial Court of the suit of the Bowes Construction Company against the town, and the counterclaim of the town against the Company has resulted in a reversal of the finding of the Superior Court and a finding of $2,500 for the town.

The suits of the General Outdoor Advertising Company against the Public Works Department in the matter of billboard regulation still drag out their weary length. Again we must advise patience on the part of the town.

The Town Counsel has been instructed to make claim against the Boston Consolidated Gas Company for the death of additional trees in the East Milton district, and the claim is being settled for the amount fixed by the Tree Warden.

Felix Rackemann was retained to oppose two bills in the Legislature which would curtail our municipal independence, and they were defeated. Owing to a painful accident sustained by him in November we shall be deprived of his services in 1927, and we have appointed W. Rodman Peabody to act during his convalescence.

Highways

Snow. — The snow of the winter was easily handled until February by the four town plows, aided by the army truck loaned to the town by the Department of Public Works. On February 4 came a high northeasterly storm consisting of rain and heavy snow, with the thermometer at 32. In spite of the unfavorable nature of the storm our equipment handled it in excellent shape, and all our highways were kept passable for two cars abreast. Six days later however came a second storm of dry snow which drifted badly in the northeast gale which accompanied it. The low temperature and continuous drifting made plowing effective only for a short while. Despite this additional handicap the streets were kept in good condition until a warm rain on Sunday, February 14, which was followed by a hard freeze, — the worst possible condition to meet. Nevertheless the Highway Department did splendid work, and although ice ruts formed in most of our streets there can be no question that Milton conditions compared very favorably with those in surrounding municipalities. These storms created a condition at least as serious as that of February and March, 1920, when many people were unable to use their cars for five weeks, and the fact that there was practically no interruption in Milton of motor travel in 1926 speaks well not only for the progress in the business of snow plowing but also for the efficiency of our Highway Department. These storms cost the town $8,000.

The policy of the Department is to plow the thoroughfares first, then the side streets in thickly settled parts of the town, then all other side streets. By vote of the town in March, $5,000 was added to the general highway appropriation for the purpose of buying a tractor snowplow. We have bought a "Best" plow at a cost of $4,850, and the town is now well prepared to cope with practically any type of storm.

Acting under chapter 526 of the Acts of 1922, on February 26 we closed the principal thoroughfares of the town to heavy trucks, removing the ban on April 9. This minimized the damage to street surfaces during the critical period while the frost was coming out of the ground.

During the winter of 1925–26 an experimental snow fence was put up along the Adams Street front of Hutchinson's Field. While the value of such fences depends entirely on the direction from which snowstorms hit a given place, last year's experiment was so successful that this winter we are trying it out at other exposed points in the town.

Maintenance. — The severity of the winter not only left our streets in poorer condition than a year ago but also very much delayed the work of spring repairs. Considering the circumstances the Highway Department has done well, and our streets have been maintained in at least as good a condition as in past years, while improvements have been made in a number of cases.

Permanent Construction. — The Board again enjoyed the assistance of Stanley Cunningham and Michael Gibbons as the Advisory Committee on permanent construction, and the following pieces of work have been done with our appropriation of $35,000:

> The south roadway of Reedsdale Road, Pleasant Street and Edge Hill Road, from Randolph Avenue to East Milton, a distance of 8,510 lineal feet.
>
> Bradlee Road from Brush Hill Road to Blue Hill Avenue, a distance of 2,356 lineal feet.

Thus 24,070 square yards of roadway were constructed at an average cost of $1.45 per square yard, compared with $1.18 in 1925 and $1.58 in 1924. The increase is

partly due to local construction problems, but principally to the increased cost of materials.

We recommend an appropriation of $40,000 for 1927, as we feel that a continuance of the policy of permanent construction as rapidly as possible is more desirable than the constant patching of worn-out streets.

Sidewalks. — Our appropriation for sidewalks has enabled us to lay granolithic walks on Bunton Street, on Eliot Street from Hawthorn Road to Willoughby Road, on Curtis Road, and on Willoughby Road from Eliot Street to Blue Hills Parkway, — approximately 2,670 lineal feet in all. In addition we have surfaced with Amiesite the walk on Eliot Street from High Street to Morton Road, laid some Amiesite walk in East Milton Square and relaid the brick sidewalk on the west side of Adams Street at the Lower Mills.

Safety Measures. — Our "Danger" signs have reduced the number of motor accidents at several of the worst corners of the town, such as the Library Corner at the Centre, where twenty-five accidents took place in 1925 and only nine this year; Blue Hill Avenue, Bradlee Road and Atherton Street, where twelve accidents took place in 1924, six in 1925 and but two this year; Blue Hill Avenue and Brook Road, where nine accidents took place in 1925 and four this year; while "Death Crossing" at Brook Road and Randolph Avenue had sixteen accidents in 1925 and only eight this year. Two crossings in town are still a problem, — Centre Street and Randolph Avenue, where fourteen accidents took place in 1925 and fourteen this year; and Blue Hill Avenue, Dollar Lane and Milton Street, where eleven accidents took place in six months of 1924, eighteen in 1925 and twenty-four this year. This corner has the worst record in the town. There are State and town warning signs at its approaches; there is a flashing beacon at the intersection; and on Saturday afternoons, Sundays and holidays we have had an officer regulating traffic since July 2, 1926. Blue Hill Avenue is a State highway, and we have tried to get the Public Works Department to provide for "boulevard stops" at all its intersections under a statute passed this year which gives them, but not municipalities, the power to do so. The Department has declined, preferring first to study results on the Newburyport Turnpike, where "boulevard stops" are being tried for the first time by the State. Worcester and one or two other municipalities have accomplished the same result by ordinance, but in our opinion, despite the increase of accidents (probably however not proportionately greater than last year, in view of the steadily increasing traffic on Blue Hill Avenue,) the town will do well to abide by the advice of the State authorities. "Boulevard stops" imply increased speeds on the thoroughfare in question, and the frequent times of dangerous motoring in Massachusetts due to ice, snow and wet leaves may well prevent the boulevard stop system from being the success here that it is apparently in other States. Mechanical traffic control systems are fast developing, and we have not changed our opinion of last year, that when perfected they will provide equal safety at a lower cost than an increase in the number of traffic officers. The Board has under investigation an automatic traffic control system such as has been installed recently in Lynn by the General Electric Company on Western Avenue. The annual maintenance charge however per post is $150 to $180, and the company will install no fewer than sixty-five posts. We doubt whether traffic conditions in Milton now justify any such expenditure, though as such systems improve, the cost undoubtedly will be reduced, and probably it will be wise to experiment with them at some later date. One thing is certain, that almost every dangerous crossing requires a different remedy.

At the request of the School Committee the Board has adopted regulations forbidding the solicitation of rides by persons in the traveled portion of a highway, and riding upon the rear of any vehicle without the consent of the person in charge thereof.

Street Widenings, etc. — Arthur W. Rice kindly offered at his own expense to widen to the county line Canton Avenue at the entrance to his driveway opposite Atherton Street; the Board has accepted his offer, and the work has been done.

An impending commercial development on Granite Avenue northeast of its intersection with Adams Street, East Milton, led the members of the Board and others to petition the County Commissioners for a widening of Granite Avenue between that point and Squantum Street. This widening has been decreed, and when it is accomplished will very much relieve the heavy traffic from Dorchester to West Quincy and beyond.

The proposal to widen Hillside Street as a link in a Braintree–Canton thoroughfare, originally refused by the Board two years ago, has reached us in another form this year, in that the Metropolitan District Commission now undertakes to take over the section of Hillside Street in question when the widening is completed. The Board feels

that this is desirable for the town, and has co-operated with the County Commissioners in securing the necessary decree.

A proposed widening of Adams Street between Brook Road, East Milton, and the Furnace Brook Parkway in Quincy has not commended itself either to the Selectmen or the Planning Board for immediate action. Having in mind the remarkable effect on Canton Avenue traffic produced by the reconstruction of Blue Hill Avenue, the Board feels it wise to await the opening, probably not more than three years hence, of the so-called Southern Artery, which will by-pass traffic east of Mattapan Square, East Milton and Quincy Square, before embarking on so expensive a project as the widening of Adams Street at the present time. We feel moreover that the cost should be shared by a very much larger area than Milton and Quincy alone, and we have accordingly introduced into the Legislature a resolve for an investigation by the State Highway Division of the desirability, cost and apportionment of cost of the project.

By special legislation all street railway tracks in Milton must be in reserved spaces. Street railway traffic is not increasing, while motor congestion is growing fast. It would work a great relief on the stretch of Brook Road between Blue Hills Parkway and Reedsdale Road if the reserved space could be turned into a highway, so that automobiles could use the road from curb to curb. It will doubtless be desirable to abandon other reserved spaces from time to time in the future, and we have accordingly introduced a bill into the Legislature amending the Milton Street Railway Act so as to permit the town to vote the abandonment of such reserved spaces as may seem expedient.

Under the Board of Survey Act the Board has for the first time this year taken the initiative allowed by law without waiting for petitions by developers, who too often are interested only in selling their house lots without regard to the interest of the town in securing a properly co-ordinated system of future highways. We have established exterior lines for a future extension of Concord Avenue from the present dead end through to Blue Hill Avenue, Mattapan; of Bassett Street from its dead end through to Granite Avenue, East Milton; and have laid out Morton Road from the end of the accepted portion for construction under the Betterment Act northerly to Eliot Street. These several undertakings require acceptance by the town, which we recommend.

Section 1 of chapter 10 of the Revised By-Laws prescribes a minimum width for proposed highways of not less than 30 feet. Modern traffic conditions make such a width altogether too narrow, and acting as the Board of Survey we have refused approval of any way of less than 40 feet in width, and a 50-foot minimum may be even more desirable, with a wise regard to the future. We shall bring the question before the town in March and recommend a revision of the By-Law.

Many developers petition for the approval of ways with inappropriate and sometimes grotesque names suggested by them. The law gives the Board the right to change such names when such ways are offered for acceptance by the town, and in order to avoid the awkwardness of changing a name at so late a stage we have adopted a regulation whereby we reserve the right to give proposed ways appropriate names at their initial stage.

Street Signs. — In September cast iron street signs, conforming to the new State standard, with the approval of the State Highway Division were installed at the most important intersections of the town. All future street signs should be of the same pattern.

Bridges. — The amount appropriated by the town for extraordinary bridge repairs proved insufficient for the necessary work on the Adams Street bridge over the Neponset River at the Lower Mills, and it was necessary to secure a transfer of $347 from the Reserve Fund. The unforeseen necessity of replanking the Granite Avenue bridge also required a transfer of $300.

Betterment Construction. — The amendment to the By-Law adopted by the town in March, 1925 permitting betterment construction has resulted in a complete abandonment by petitioners of the old method of private construction prior to acceptance. Crown Street has been completed under the vote of the town in March, and we are recommending certain streets for betterment construction in 1927. The Board has voted that hereafter the cost of installing permanent sidewalks, water and sewers where available shall be included in every recommendation to the town for acceptance of a way for betterment construction.

Private Work and Street Openings. — The Board has availed itself of the appropriation made last March for the first time to do private work for individuals, the Water and Sewer Departments and the Boston Consolidated Gas Company amounting to $1,718.93, all of which has been charged to the applicants at cost and repaid to the town. This

appropriation has enabled us to pursue a much stricter policy in regard to street openings, and in every case where experience has shown that such openings have been unsatisfactorily refilled in the past the Highway Department has taken charge this year of refilling and resurfacing.

Public Transportation

In connection with the temporary abandonment of a portion of the Shawmut Branch of the New York, New Haven & Hartford Railroad Company, pending its reconstruction for use by the Boston Elevated Railway, we requested the Town Counsel to confer with the railroad authorities to safeguard the interests of our citizens taking trains at Mattapan, Central Avenue and Milton. A satisfactory agreement was reached. When electric trains are running to Mattapan an important change is sure to take place in the commuting habits of this section of the town — how important it is now impossible to foresee. The railroad service at East Milton remains unchanged, but there are some indications of an intention on the part of the railroad to improve the service.

Town Engineer

The problems of the Town Engineer are new ones for Milton and the Board, and his first report should be studied carefully by our citizens.

One thing is certain: he has a large and difficult task. Much of the town work has been done by rule of thumb, and is not properly co-ordinated, while the administration of the Water and Sewer Departments has been under separate and independent Boards working often without co-operation with each other or with the Selectmen acting as Surveyors of Highways. The records of the utilities in our streets have naturally not been kept up as they would have been had proper engineering plans been made — and made in one office instead of in three. The task of recording, co-ordinating, and planning for future activities confronts the Town Engineer, and he must be given an ample appropriation to perform it.

One of the pressing needs of the Highway Department is further development of our surface water drainage system, and we ask for an appropriation for this purpose.

The foregoing discussion leads us to the inevitable conclusion that Milton is now so large that we must have a Public Works Department, combining the present activities of the Highway, Water and Sewer Departments. Only by such a combination can the present lack of co-ordination, occasional friction and duplication of effort be avoided. To accomplish this consolidation we require the permission of the Legislature, as the Water and Sewer Departments are established under special statutes. We recommend the appointment of a committee to study the problem, with full powers, if it seems expedient, to introduce appropriate bills into the Legislature of 1928 for acceptance by the town at the ensuing March Meeting.

Police Department

Officer Fred N. Farrington retired on May 31 and Officer William J. Kelley resigned on September 7. Both vacancies have been filled by the appointment in each case of the ranking available man on the civil service certified list. Several motor replacements have been necessary because of extensions of the use of the cars of the Department, which have greatly increased the mobility and effectiveness of the force.

In general, the discipline of the Department has been good, although we have found it necessary in two cases to impose extra duty without pay for repeated failures to report on time without adequate excuses.

Occasionally cars which have met with accidents in the town are not again claimed by the owners, and the legal machinery for disposing of them is out of date and cumbersome. We have introduced a bill into the Legislature to remedy the situation.

The Department again enjoyed the valuable assistance of the Special Police of the Milton Post of the American Legion on May 30, May 31 and July 4 and 5. Once more the thanks of the town are due to the Post for so practical a display of its sense of obligation to the community.

Thacher Building and Town Hall

In accordance with the vote of the town last March under Article 43 we have made the necessary repairs and improvements to the Thacher Building. As frequently happens when old buildings are remodelled we exceeded our appropriation and were obliged to

secure a transfer from the Reserve Fund of $1,298.66. The building now houses the Water Department, the Town Engineer, the Board of Health and the American Legion, and is well adapted for these varied uses. We have appointed James Sangster, Superintendent of the Town Hall and lot, to have charge also of the Thacher Building.

We cannot feel an equal satisfaction with conditions in the Town Hall. Ugly, damp, dark, provided with wretched offices and other facilities, worn out and in constant need of repairs, it is high time that the town should face the fact that a building of beauty and better adapted to modern conditions should take its place. In the recent past delay has been wise, because of the uncertainty as to the size of hall required for town meetings. The Legislature of 1927 will undoubtedly pass our Representative Town Meeting bill, and we are confident that the town will accept its provisions at the earliest opportunity. Such acceptance will determine the necessary size of the meeting hall and as soon as it takes place we recommend the appointment of a committee to prepare plans for a new Town Hall to be submitted if possible to the town meeting of 1928.

Insurance

As recommended by the Warrant Committee the Board has considered the several recommendations made by the Special Committee on Insurance at the beginning of this year. We have caused an appraisal of the contents of the town buildings to be made by the Industrial Appraisal Company, the lowest bidder, and we have directed W. Newton Harlow, our insurance adviser, to equalize the fire insurance expirations over the five-year period for which they are written, so far as it can be done without the payment of additional premiums. The Special Committee recommended that all the insurance of the town should be placed with one broker. If we were placing insurance for the first time this probably would be wise, but we inherited from former boards a policy of dividing up the insurance among a multitude of brokers residing in Milton. To adopt the Committee's recommendation now would work a hardship, and we have therefore pursued our policy of former years, awarding about 40 per cent of the fire insurance to Mr. Harlow, in consideration of his valuable advice and assistance on all insurance problems of the town and dividing the remainder equally among such brokers as already have a share, so far as they still reside in Milton. By our policy the number is being gradually reduced.

We have not adopted the recommendation of the Committee that the liability and miscellaneous insurance of the town should be placed with a mutual company; only 15 per cent of the liability insurance of the country is now written by such companies. Moreover the insurer in a mutual company is contingently liable in case its losses exceed its Reserve Fund, and we consider it unwise to submit the town to such a contingent liability, which experience proves has frequently become an actual one.

Miscellaneous

War Memorial Illumination. — The World War Memorial on the Town Hall lot at the suggestion of the American Legion has been illuminated at night by a spotlight cleverly concealed in a neighboring tree by the Superintendent of Wires.

Granite Railway Centennial. — On October 12 was celebrated the one hundredth anniversary of the opening of the Granite Railway. The Special Committee provided an interesting celebration at East Milton on the occasion, when addresses were made by the Governor and others and an appropriate memorial tablet was unveiled and accepted on behalf of the town by the Chairman of the Board.

Fourth of July. — The Board again placed the American Legion in charge of the town's celebration of Independence Day, and with a larger appropriation commemorating the one hundred and fiftieth anniversary of American Independence the celebration this year was unusually successful.

Cunningham Gravel. — The delivery of gravel to Mr. and Mrs. Caleb L. Cunningham in accordance with an agreement of twenty-five years' standing has this year been finally completed at a cost of $900 less than the appropriation made by the town.

School Lot Takings and Sales. — The various real estate transactions on account of schools provided for under Articles 33, 35, 36 and 37 of the March Warrant, have been carried out by the Board. The Houghton School lot, on which a minimum sale price of $1,000 was set by the town, was sold to the highest bidder for $2,100, while the Edge Hill Road lot was generously given by the trustees of the Cunningham estate.

Perambulation of Boundaries. — On October 20 members of the Board together with the Town Engineer perambulated with members of the Boston City Council the boundary between the two municipalities. All monuments were duly found in position.

Town Garage and Centralized Purchasing. — Suggestions have reached the Board that a considerable saving in the maintenance of the many automobiles of the town would be accomplished by the establishment of a town garage, where ordinary repairs could be made by a regular attendant. Centralized purchasing of gasoline and other motor supplies has also been suggested. The experience of the Commonwealth and large corporations with centralized purchasing has not been uniformly satisfactory. We recommend that the foregoing questions be studied by the Committee suggested elsewhere in this report to consider a Public Works Department for the town.

For the third and last successive year the same Board of Selectmen has served you. This is gratifying evidence that we have given you satisfactory service. Such efficiency as we have been able to show has been due in large part to the courtesy and helpfulness of your other officials and to the public spirit of many individuals whom we have called upon without hesitation to help us in the performance of our duties. As we have said before, the town is growing fast, and even in three years the problems which have confronted us have increased greatly in number, importance and difficulty of solution. The Representative Town Meeting bill will soon be before you for acceptance. Two members of your Board served on the Special Committee which drafted it. Every member of your Board is convinced that it embodies the only possibility of continuing in the future the traditions of co-operation, neighborliness and efficiency that have made Milton the good town to live in that it is widely recognized to be.

Summary of Recommendations

Rapid continuance of permanent highway construction.
Further study of "boulevard stops" and traffic control systems.
Raising of minimum width of ways laid out for acceptance as highways.
Acceptance of act enabling abandonment of street railway reserved spaces.
Appropriation for development of surface water drainage system.
Committee to study advisability of a Public Works Department, a town garage and centralized purchasing.
Committee to make plans for new Town Hall.

ROGER WOLCOTT,
JOSIAH BABCOCK,
KENNETH D. JOHNSON,
Selectmen of Milton.

REPORT OF THE TOWN ENGINEER

Office of the Town Engineer,
Milton, Mass., December 29, 1926.

The Honorable Board of Selectmen, Milton, Mass, Roger Wolcott, *Chairman.*

Dear Sir: — The first annual report of the Department of Engineering, ending December 31, 1926, is presented for your consideration.

While the office was being completed in the Thacher Building the Engineer spent his time familiarizing himself with the layout of the town. During this time, also, the office furniture and complete equipment for two working field parties and one automobile were purchased.

The office was ready for occupancy about October 1. We started with a force of two, but the demands of the various departments soon required an increase in our personnel. Since the last of October the office force has consisted of the Town Engineer, chief of party, a draughtsman, a transitman, two chainmen and a stake man. It will be advisable to carry a force of this size for a few years, dividing it into two parties; one to meet the demands of the various town departments, the other to be making in the shortest possible time a survey of Milton, especially those areas bordering on the cities of Boston and Quincy where development is most rapid. This survey would be a basis for comprehensive plans for the street, sewer and drainage of all future developments. If two field parties are on duty, this Department will need a Ford car in the spring.

The work done by the Department to date is as follows:

Lines and grades have been supplied the Highway Department for granolithic sidewalks 4 feet wide on the following streets:

Bunton Street, 400 linear feet from Washington Street to Bunton Place,
Curtis Street, 628 linear feet from Blue Hills Parkway to Eliot Street,
Willoughby Road, 746 linear feet from Blue Hills Parkway to Eliot Street,
Eliot Street, 390 linear feet between Willoughby Road and Hawthorn Road,

making a total of 2,164 linear feet.

The only street built under the Betterment Act this year is Crown Street. The Engineering Department furnished the necessary lines and grades of said street. Surveys, plans and estimated costs have been made for the following betterment streets:

Concord Avenue, from Brush Hill Road, 525 feet southerly,
Brandon Road, from Brook Road to Hinckley Road, 800 feet,
Rockwell Avenue, from Washington Street to Beale Street, 560 feet,
Morton Road, from Adams Street to Morton Terrace, 350 feet,

making a total of 2,235 feet.

A plan to be accepted by the Board of Survey must be a plan of very recent date and drawn to a scale by a competent surveyor. Plans must show a satisfactory outlet for sewers and drainage with relation to future public needs before going to the Board of Survey for its approval. The new streets approved by the Board of Survey are as follows:

Martin Road, easterly from Highland Street, length 836.68 feet.
Windsor Road, from Brook Road to Hinckley, 890.83 feet.
Longwood Road, from Pine Road to Windsor Road, 520 feet.
Greenleaf Road, from Pine Road to Windsor Road, 288.23 feet.

All plans formerly filed with the Town Clerk are now indexed and stored in the fireproof vault in the Engineer's office.

According to the present By-Laws no new street shall be less than 30 feet in width. I recommend that a revision of this By-Law be made requiring the width of all new

streets to be not less than 40 feet and that all street corners have a radius of not less than 20 feet. With the rapid growth of Milton this width is needed to meet the anticipated traffic conditions.

I also recommend that the town appropriate a sum of money yearly to install storm water drainage. This work can be done most economically when the streets are in the process of reconstruction. Sections requiring special study with reference to storm water at the present time are the Mattapan district, Columbine Rocks, and the East Milton section known as Babcock Park.

With the increasing demand for streets, sewers and water mains I believe that the town should own a mechanical excavator. Such a machine could be used by all departments engaged in street construction work. Materials could be handled at one-third the cost of day labor.

At the request of the Superintendent of the Water Department, lines for the extension of water mains have been run. We have made plans and written descriptions for recording easements in areas under development where water main extensions are required. Water mains laid during the past year have been located and are being plotted for record plans. The following is a list of water mains and connections located to December 31:

Number of service boxes located, 472.
Number of feet of water pipe located, 16,018.11.
Number of gates located, 86.
Number of bends located, 34.
Number of tee connections located, 43.
Number of 4-way connections located, 8.
Number of ends located, 13.
Number of plugs located, 13.
Number of Smith connections located, 11.
Number of sleeves located, 8.
Number of hydrants located, 20.
Number of reducers located, 3.

This work has taken the entire time of two men since October 1. In the past these records, showing locations by tie distances to water gates, tees, bends, etc., have been plotted on small sheets of bond paper which have been kept together in binders. As these books are constantly used for reference these valuable records should be made on tracing cloth to a uniform size. Prints should be made for field use and originals be kept in the vault.

Plans for the purpose of sewer assessments were made at the request of the Chairman of the Sewer Commissioners for the following streets:

Blue Hills Parkway, from Dyer Road to Blue Hill Terrace, 394 linear feet,
Blue Hill Terrace Street, from Blue Hills Parkway to Crown Street, 310 linear feet,
Brandon Road, from Brook Road, north, 317 linear feet,
Brook Road, from Brandon Road to Fairfax Road, 261 linear feet,
Brook Road, near Adams Street, 166 linear feet,
Central Avenue, from Clapp Street, east, 409 linear feet,
Crown Street, from Blue Hill Terrace to Oak View Street, 540 linear feet,
Dyer Road, from easement near Thacher Street to Blue Hills Parkway, 1,965 linear feet,
Frothingham Street, from Brook Road, south, 442 linear feet,
Laurel Road, from Thacher Street, south, 501 linear feet,
Lothrop Avenue, from Verndale Road, north and south, 250 linear feet,
Verndale Road, from Lothrop Avenue, east, 209 linear feet,
Virginia Street, from Hawthorn Road, east, 216 linear feet,

making a total of 5,980 linear feet.

The applicants for house numbers have received prompt attention. With a good set of town plans this work would be a simple matter, but due to lack of sufficient data in many cases it has been necessary to measure the entire length of a street before supplying this information.

Town boundary lines have been run for the Inspector of Buildings and street lines defined for the Tree Warden.

One record plan of the site of a fatal accident has been made for the Police Department. The number of motor car accidents in the town of Milton during 1926, according to the police reports, have been 177 to date. A great majority of these accidents have happened at the intersection of main thoroughfares. At the junction of Blue Hill Avenue, Dollar Lane and Milton Street there have been 24 accidents, while in 1925 there were 18: At Randolph Avenue and Centre Street there were 14; at Canton Avenue and Blue Hill Avenue, 7; at Randolph Avenue and Brook Road, 7; at Centre Street and Brook Road, 7. At the last four intersections the number of accidents for 1925 and 1926 were the same.

As a first aid I recommend that Blue Hill Avenue be made a through street from its junction with Brush Hill Road and Eliot Street to the Canton–Milton line, and that regulation "stop" signs be placed at all streets intersecting between these points.

The "stop" highway signs, so called, have been in operation in Worcester about three months, and in this time the accidents have been steadily decreasing. As an example, on one street there has been but one accident where during the previous three months there had been twelve.

In Waltham no through street law has been adopted which would allow speeding through the city, but the "stop before entering" signs have been placed at street intersections and fines have been imposed on violators of this rule. There are no figures to report yet, but from the office of Mayor Beale this plan was reported to be a marked success.

Although a flashing beacon at the intersection of Blue Hill Avenue with Dollar Lane and Milton Street has been in operation two years, the number of accidents is steadily increasing. As a remedy I would recommend the removal of the beacon from this point. I would place this beacon on the side line of Blue Hill Avenue and the center line of Dollar Lane, then place a second beacon directly opposite, on the side line of Blue Hill Avenue and the center line of Milton Street. On these beacons "stop" signs of standard colors should be placed so that the drivers will be able to read these signs at night with the reflection from their headlights. The State "cross road" signs should be illuminated. I would suggest painting a center line on Blue Hill Avenue, Dollar Lane and Milton Street for fifty yards from the intersection of said streets. This same plan should be carried out at the intersection of Randolph Avenue and Centre Street, of Randolph Avenue and Brook Road, and of Centre Street and Brook Road. The street carrying the most traffic should be designated as a through street.

As a solution of the condition at Canton Avenue and Blue Hill Avenue, make Canton Avenue a one-way street from Blue Hill Avenue going north to Brush Hill Road, and detour vehicles going south over Brush Hill Road to Blue Hill Avenue. This will eliminate congestion of traffic at the junction of Canton Avenue, Green Street and Blue Hill Avenue.

A thorough survey of that part of Adams Street from Brook Road to the Quincy line should be made before any recommendation can be made for the betterment of traffic conditions at East Milton and Granite Avenue.

For the present, all street corners should be kept as clear of shrubs as possible, and owners of land should co-operate with the town in this work. Where it is possible to round the corners it should be done. A square street corner is of slight value to most landowners and it is a hazard to operators of vehicles in making turns. I would recommend that the Selectmen be given authority to accept for highway purposes lands given to the town for this work.

Details of the financial statement will be found in the report of the Town Accountant, as shown elsewhere.

Before closing my report I wish to express my appreciation to the Selectmen and all officials of the town of Milton for their co-operation and their support.

Respectfully submitted,

FORREST J. MAYNARD,
Town Engineer.

REPORT OF ASSESSORS OF TAXES

January 1, 1927.

To the Citizens of the Town of Milton, Mass.

The Assessors of Taxes herewith submit their annual report for the year 1926.

At the annual town meeting held for the election of town officers, Charles H. Horne was re-elected to the office of Assessor of Taxes for the ensuing term.

On March 15, 1926, the Board organized as follows: William W. Churchill, Chairman; Charles H. Horne, Secretary; and Wallace C. Tucker was appointed Clerk for the Board.

Assistant Assessors were appointed as follows: Frank P. Fanning, Esther A. Hunt, Frank H. Rein and Evelyn N. Smith.

As a result of a special appropriation for the purpose, the Assessors were able to install much-needed additional equipment in their vault for filing of some of the more permanent records; in the same manner we were also able to employ assistant clerks for a longer period of time than usual, and as a result we turned over to the Collector of Taxes his "List" and the tax bills in season to get them out by October 1, a thing which we have not been able to accomplish for several years.

The sharp advance of $4 in the tax rate for 1926 was due to the very large additional town appropriations, increase in nearly all the various State taxes, sundry new Charles River Bridge taxes, and increase in the county tax, together with a decided decrease in the available assets of the town. If this combination of circumstances continue, the tax rate will continue to soar.

The population of the town as made by the Assessors for the year ending April 1, 1926, is 14,259, an increase of 1,480 for one year.

Other statistics are as follows:

Total number of dogs	801
Total number of horses	131
Total number of cows	370
Total number of sheep	52
Total number of swine	14
Total number of fowls	1,700
Total value of fowls	$1,700
Number of persons liable for military duty	2,362
Number of dwelling houses assessed	3,052
Number of acres assessed	6,210
Amount used of National Bank tax	$4,702 46
Amount used of business and public service tax	$18,443 16
Amount used of State income tax and Public School Reimbursement Fund	$91,299 76
Amount voted by town	$20,000 00
Amount of estimated town receipts	$39,450 00

Taxes assessed in the Town of Milton, 1926

Valuation of personal estate	$3,427,545 00	
Valuation of real estate	26,560,900 00	
		$29,988,445 00
Tax rate $27.80 per $1,000 (total tax)		$833,678 77

Town tax, including bonds, less assets	$700,861 66	
State tax	43,080 00	
Metropolitan District fire prevention	198 24	
State highway tax	1,962 62	
South Metropolitan sewer tax	20,713 59	
Metropolitan Parks System tax	17,267 70	
Charles River Basin tax	2,539 54	
Charles River Bridge tax	3,156 08	
Charles River Bridge tax	363 45	
Charles River Bridge tax	226 00	
Neponset River Valley cleansing	1,125 39	
Metropolitan Planning Board tax	317 59	
County tax	35,927 22	
Overlay	5,939 69	
		$833,678 77

Additional Taxes

3,913 poll taxes at $2	$7,826 00	
32 additional poll taxes at $2	64 00	
Local sewer tax and interest	647 04	
Local gypsy moth tax	139 17	
Local sidewalk tax and interest	475 37	
December levy	411 44	
		9,563 02
Grand total		$843,241 79

Respectfully submitted,

WILLIAM W. CHURCHILL,
CHARLES H. HORNE,
CLARENCE BOYLSTON,
Assessors.

REPORT OF BIRD WARDEN

Milton, Mass., December 31, 1926.

To the Citizens of the Town of Milton.

I beg to submit to you my report as Bird Warden for the year 1926.

There was no appropriation and there are no accounts to be submitted.

I wish to report that my observations during the past year indicate that there is very little change this year from last year in the number of birds usually living within the town. The rarer birds are becoming increasingly scarce, and it is, I fear, inevitable that with the increasing growth of the population of the town they will disappear altogether. The common birds, especially those which seem to thrive well in close contact with the increasing human population, are apparently holding their own, and there is no danger of their being driven out in the near future.

The starling is increasing and is becoming more troublesome. I recommend to the citizens of the town who are interested, that they should make an effort to diminish the number of these birds which are no longer protected by the State law.

Respectfully submitted,

RALPH E. FORBES,
Bird Warden.

REPORT OF TRUSTEES OF MILTON CEMETERY

January 17, 1927.

To the Citizens of Milton.

The Trustees report as follows for the year 1926.

There were 135 interments of which 62 were from out of town; 11 new lots were finished and 29 taken by residents, and one lot was sold to a non-resident closely connected with Milton. Ten single graves were taken by residents. Thirty lots were placed under perpetual care.

It may be of interest to you to know that the first interment in the Milton Cemetery, as recorded upon a head stone, was in 1687. No records, so far as the Trustees are aware, were kept for the next two hundred years. The present records, started in 1880, are complete. As a substitute for this deficiency the Trustees are undertaking to make records from the data on the stones. The Trustees will appreciate highly copies of any family records of deaths up to 1880, as such records may include interments in the Milton Cemetery not recorded on stone. Doubtless some of the older Milton families have such records.

PERCY E. SHELDON, *Chairman.*
REGINALD L. ROBBINS, *Treasurer and Secretary.*
THOMAS K. CUMMINS.
ELLERTON P. WHITNEY.
ASAPH CHURCHILL.
THOMAS W. POND, *Superintendent.*

REPORT OF FIRE ENGINEERS

January 11, 1927.

To the Honorable Board of Selectmen, Town of Milton, Mass.

Gentlemen: — The Board of Fire Engineers herewith submits its report for the year ending December 31, 1926:

Alarms

There have been 293 alarms of fire received, as follows: bell alarms, 66; telephone, 214; Boston, 13.

Boston has responded to Milton 13 times.

The alarms during the year were as follows:

January	22	July	22
February	10	August	17
March	15	September	5
April	84	October	13
May	49	November	15
June	22	December	19

Classification

Automobiles	21	Grease in oven	1
Awning	1	Hay stack	1
Bonfires	2	Heater room (garage)	1
Brush	56	Henhouse	1
Chimney	19	Hut	1
Defective oil burner	1	Lumber pile	1
Defective smoke pipe	1	Office building	1
Dump	19	Needless	12
Dwelling	17	Rubbish	9
False	14	Stable	3
Fence	2	Station platform	2
Grass	84	Tree	1

Services rendered for Calls Other than for Fires

House filled with gas.	Accident.
House filled with smoke.	Call for pulmotor.

Property at Risk

Value	$182,600.00	Net loss	$612.33
Fire loss	3,938.45	Loss per capita	.28
Insurance paid	3,326.12		

Work Performed

Feet of hose laid	15,850	Feet of ladder raised	867
Gallons of chemical used	1,634½	Miles traveled	1,399.3

Permits Issued

Out-of-door fires	1,520	Explosives	68
Inflammable fluid	21	Fireworks	7
Oil burners	35		

Inspections

There were 300 inspections made of buildings.

New Boxes Installed

Box 311 Corner Randolph Avenue and Lodge Street.
Box 481 Corner Eliot Street and Valley Road.
Box 691 Adams Street, near Quincy line (purchased and to be installed in 1927).

During the year there were 13 ruby fire alarm domes installed over the boxes.

Apparatus

All the apparatus is in excellent condition, although now a year older, with the exception of the ladder truck which was put into service March 15, 1926. Due to an accident it was necessary for this Board to ask for a new car for Chief Holmes. The necessary appropriation was made by the Warrant Committee, and we have purchased a new Buick Coupé which will shortly be put into service.

Stations and Equipment

The stations are all in good condition and a few minor repairs have been made during the year. In accordance with the vote of the town at the last town meeting, we have installed extension ladders on Hose 2 and on Hose 4. The equipment has been kept in good order and necessary replacements and repairs have been made. During the year the hose has been thoroughly tested, and 1,100 feet have been discarded as being unfit for service.

Personnel

In accordance with the vote of the town at the last town meeting, Messrs. C. Stuart and F. E. Whelan were appointed to the permanent force and went on duty April 15.

Discipline

The discipline of the Department has been most excellent, and we wish to congratulate the officers and men in this matter.

Recommendations

There has been inserted in the Warrant for the next town meeting an article asking for an increase in pay of $200 per annum for the permanent men of the Department. We are in hearty accord with this request and trust that the citizens of the town will see fit to grant it.

Another article calling for four additional permanent men has been inserted in the Warrant, and we are asking for these men because we feel that at the present time we have not the proper number to safely protect the lives and property in the town. If this request is granted, we will have only 24 men in the Department, and, owing to the two-platoon system, it gives us only 12 men to a shift to man four pieces of apparatus. During the vacation time our numerical strength is badly reduced, and such a condition might some time prove fatal.

Again we take great pleasure in extending to the Police Department our thanks for their help during the year.

We cannot begin to express our sincere appreciation of the splendid spirit shown by all members of the Department.

Respectfully submitted,

J. HARRY HOLMES,
F. ELLIOT CABOT,
HOWARD S. PATTERSON,
Board of Fire Engineers.

REPORT OF LICENSING COMMISSION

Milton, Mass., December 31, 1926.

To the Honorable Board of Selectmen.

Gentlemen: — The Licensing Commission respectfully submits the following report for the year ending December 31, 1926.

Forty-five public hearings have been held during which 222 licenses were issued. Inspections were made on all locations and garages.

Respectfully submitted,

J. HARRY HOLMES, *Chairman,*
G. E. BURT,
JOSEPH H. DUFFY, *Clerk,*
Licensing Commission.

REPORT OF TREE WARDEN

December 31, 1926.

To the Honorable Board of Selectmen.

I beg to submit the following report of the work of the Tree Warden Department of this town for the past year.

Trimming

This year, again, two destructive storms have done considerable damage in the town and increased the expenses of this Department above normal. Another unusual expense which seemed essential was the removal of 21 poplar trees on Hollis Street and the topping of another 20 in the same locality.

Planting

It has been the policy of the Department to plant 100 trees a year on the public property, and this year 75 trees only were planted. The high cost of desirable trees on sale at the various nurseries proved an obstacle to carrying out this policy.

Insects

The situation in regard to the insect pests is very similar to last year. The satin moth has continued to increase and was very bad in all Carolina poplars throughout the town. The tent caterpillar infestation is unchanged. The two elm-leaf pests are still troublesome; there is improvement in some localities but not in others. The elm bark louse is present in the town and is possibly a menace, but no method of fighting them effectively is known to the Department, and an appeal to the State Forestry Department brought no helpful advice.

Sawmill

The sawmill again shows a profit and is quite essential to the Department for handling its work.

Plans for Next Year

We believe that the policy of the Department of tree planting should be continued, and that more trees should be planted than has been possible during the last three years.

Appendix A

Trees planted:	
Norway maples	71
American elms	4
	75
Trees removed:	
Carolina poplars	23
American elms	12
Maples	3
Ash	1
Locust	1
	40

Six trees have been killed by gas the past year.

Appendix B. (General Account)

Appropriation for public work	$7,800 00
Expenditures	7,799 20
Balance reverting to Treasurer	$0 80

Appendix C. (Private Account)

Appropriation for private work	$5,000 00
Expenditures	2,344 60
Balance reverting to Treasurer	$2,655 40
Receipts from private work	2,370 74
Total reverting to Treasurer	$5,026 14
Receipts	$2,370 74
Less expenditures	2,344 60
Profit from private work	$26 14

Sawmill Account

Credits		
23,870 feet of lumber sawed @ $10 per 1,000	$238 70	
Receipts from cordwood	196 00	
Receipts from lumber sold — elm	60 80	
Receipts from sawdust	42 00	
		$537 50
Expenses		
Cost of electricity	$95 70	
Cost of labor	93 50	
		189 20
Credit balance		$348 30

Respectfully submitted,

RALPH E. FORBES,
Tree Warden.

REPORT OF MOTH SUPERINTENDENT

December 31, 1926.

To the Honorable Board of Selectmen.

I beg to submit the following report of the work of the Moth Department of this town for the past year.

Suppression Work

The amount of creosoting done during the past year was considerably more than the two previous years. The spraying was about the same as in the previous year, but I regret to report that the infestation of the town by the gypsy moth has noticeably increased.

I am glad to be able to report that the brown-tail moth has apparently disappeared from the town.

Labor

The cost of labor has increased during the year from $4.75 to $5.25 per day.

Equipment

I am glad to report that the equipment and buildings are in good condition and satisfactory for the needs of the Department.

The new G. M. C. truck purchased last spring was a much-needed addition and is entirely satisfactory. A new plow attachment has been secured for it so that this Department is now in a position to assist the Street Department in any emergency and has already been called on for this work.

Appendix A

Inventory of Property of Moth and Tree Warden Department

1 1926 3½ ton G. M. C. truck with sprayer and platform body	$5,300 00
1 1913 Packard truck	500 00
1 1 ton G. M. C. truck	1,200 00
1 ½ ton Ford truck	125 00
1 Ford coupé	500 00
Tools of all kinds (including field supplies)	525 00
Office equipment	200 00
Buildings (including sawmill)	7,500 00
Hose	410 00
Total	$16,260 00

Appendix B. (General Account)

Appropriation	$5,600 00
Expenditures	5,589 30
Balance reverting to Treasurer	$10 70

Appendix C. (New Truck Account)

Appropriation	$5,600 00
Expenditures	5,374 41
Balance reverting to Treasurer	$225 59

Appendix D. (Private Account)

Appropriation	$5,000 00
Expenditures	2,724 43
Balance reverting to Treasurer	$2,275 57
Receipts from private work	2,759 46
Total reverting to Treasurer	$5,035 03
Receipts	$2,759 46
Less expenditures	2,724 43
Profit from private work	$35 03

Respectfully submitted,

RALPH E. FORBES,
Local Moth Superintendent.

REPORT OF BOARD OF HEALTH

Milton, Mass., December 31, 1926.

To the Citizens of Milton.

The number of contagious diseases reported to the Board of Health for the past three years has been as follows:

	1926.	1925.	1924.
Chicken pox	42	81	157
Diphtheria	5	1	7
German measles	95	24	5
Lobar pneumonia	13	9	2
Measles	26	88	217
Mumps	42	12	6
Scarlet fever	28	23	32
Tuberculosis (pulmonary)	8	9	16
Tuberculosis (all other forms)	–	3	2
Whooping cough	74	44	7
Influenza	6	–	–
Encephalitis lethargica	2	–	2
Cerebrospinal meningitis	–	2	1
Suppurative conjunctivitis	1	1	–
Malaria	1	1	–
Dog bite	–	1	–

The Board organized March 24, 1926, with Dr. Withington, Chairman; Dr. Forbes, Secretary. The following appointments were made: Agent and Inspector of Milk, Dr. P. W. Kimball; Inspector of Plumbing, L. E. Young; Deputy Inspector of Plumbing, B. F. Murray; Registrar of Vital Statistics, G. F. Kemp; Deputy Inspector of Milk, S. R. Ramsdell; Inspector of Slaughtering, P. W. Kimball. The permit for cleaning cesspools was given to A. B. Snow and the contract for collecting ashes and garbage was awarded to S. G. Craig.

The Board has found that owing to the dumps being designated as "Board of Health" dumps, much closer supervision has been possible than in previous years, and the resultant condition has been much better.

In November the Board offered the Schick test and prophylactic treatment for diphtheria. About 150 people were so treated.

There have been a few more cases of diphtheria in the town this year than last, but investigation seems to indicate that these cases were in instances where the people had moved to town and had not previously received the Schick test or prophylactic treatment.

One hundred and twenty permits for connecting houses with the common sewer have been issued during the past year.

The Board has continued this year the following up of known cases of tuberculosis in the town to be sure that they were receiving proper care and that proper hygienic measures were being taken with respect to those coming in contact with these cases.

Respectfully submitted,

PAUL R. WITHINGTON, M.D., *Chairman,*
JACOB S. LINCOLN,
ALEXANDER FORBES, M.D., *Secretary,*
Board of Health of Milton.

REPORT OF COLLECTION OF ASHES AND GARBAGE

MILTON, MASS., January 1, 1927.

To the Board of Health.

GENTLEMEN: — I herewith submit my report for the year ending December 31, 1926. There have been collected 521 truck loads and 3,870 double loads of ashes and 342 cords of garbage.

Yours respectfully,

SAMUEL G. CRAIG.

REPORT OF GENERAL CONTRACTOR

MILTON, MASS., January 15, 1927.

To the Board of Health.

GENTLEMEN: — I herewith submit my report for the year ending December 31, 1926.

3 vaults cleaned.
48 cesspools cleaned.
59 loads removed from same.

Yours respectfully,

ALVAH B. SNOW.

REPORT OF INSPECTOR OF MILK

DECEMBER 31, 1926.

To the Board of Health.

GENTLEMEN: — During the year 1926 there were issued 54 licenses to sell milk or cream, and 10 dealers were registered to sell oleomargarine; 45 of the licenses covered the sale of milk and cream which has been pasteurized, and 9 are for the sale of milk and cream from cows that have been tuberculin tested and maintained in accord with the State Board regulations. The milk sold in town has been of uniformly good quality with relatively high butter fat and relatively low bacterial content.

Respectfully submitted,

PAUL W. KIMBALL,
Inspector.

S. R. RAMSDELL,
Deputy Inspector.

REPORT OF INSPECTOR OF PLUMBING

Milton, Mass., December 31, 1926.

To the Board of Health, Milton, Mass.

Gentlemen: — I submit herewith a report for the Department of Inspection of Plumbing for the year 1926.

Month.	Permits issued.	Valuation of Work.
January	22	$11,945 00
February	13	6,825 00
March	18	8,450 00
April	32	14,110 00
May	26	17,035 00
June	41	23,791 00
July	37	21,534 00
August	43	18,680 00
September	18	8,085 00
October	29	12,085 00
November	20	10,695 00
December	20	16,945 00
Totals	319	$170,180 00

Extensions of the town sewerage system during the past year have provided relief, in several localities, from unpleasant conditions resulting from the installation of cesspools in non-absorbing ground, and I respectfully recommend that efforts of the past year toward this problem be actively continued.

Respectfully submitted,

LORENZO E. YOUNG,
Inspector of Plumbing.

REPORT OF INSPECTOR OF SLAUGHTERING

Milton, Mass., December 31, 1926.

To the Board of Health.

Gentlemen: — No animals were passed for food during the year 1926.

Respectfully submitted,

PAUL W. KIMBALL,
Inspector of Slaughtering.

REPORT OF INSPECTOR OF ANIMALS

MILTON, MASS., January 1, 1927.

To the Honorable Board of Selectmen.

GENTLEMEN: — I herewith submit my annual report for the year ending December 31, 1926.

I have inspected 67 stables and premises where cattle or swine were kept, and found all but two in good sanitary condition, meeting requirements of light, space, ventilation, etc. I gave physical examination to 462 cows, 19 young, 6 bulls, 42 sheep, 187 pigs and 1,027 hens; also quarantined 12 dogs and 87 hens.

Respectfully submitted,

JAMES SPENCER,
Inspecto of Animals.

REPORT OF INSPECTOR OF BUILDINGS

JANUARY 12, 1927.

To the Honorable Board of Selectmen.

GENTLEMEN: — I herewith submit my report for the Building Department for the year ending December 31, 1926.

MONTH.	Permits for New Dwellings.	Permits for Alterations.	Permits for Garages.	Permits for Other Buildings.	Valuation.
January	7	3	10	1	$59,975 00
February	2	1	6	3	19,500 00
March	28	8	5	7	237,995 00
April	18	10	19	10	153,795 00
May	19	7	25	5	182,130 00
June	22	13	29	3	205,955 00
July	24	16	27	2	204,302 00
August	16	5	–	7	107,093 00
September	16	11	38	6	112,512 00
October	18	8	23	2	164,365 00
November	21	8	31	4	201,533 00
December	11	5	11	2	84,625 00
Totals	202	95	224	52	$1,733,780 00

Making valuation as per applications $1,733,780.

Respectfully submitted,

G. E. BURT,
Inspector of Buildings.

REPORT OF SUPERINTENDENT OF WIRES

Milton, Mass., January 11, 1927.

To the Honorable Board of Selectmen.

Gentlemen: — I herewith present the report of the Wire Department for the year ending December 31, 1926.

This Department has supervision of the fire and police signal system, also inspection of all buildings equipped with electric light service and all poles and wires on town streets.

Interior Wiring

	1925.	1926.
Certificates issued for light and power	504	435
Number of inspections	1,172	936
Number of incandescent lights wired for	10,932	11,015
Number of motors installed	31	58
Total horse power	$32\frac{1}{8}$	$26\frac{1}{5}$
Number of electric heaters and ranges installed	41	43
Total watts	118,820	101,305

Radio

All outside antenna wires must be protected by a lightning arrester.

Any one wishing a copy of rules concerning radio installation may have same by notifying the Wire Department.

Fire and Police Signal Systems (Overhead and Underground)

A new style fire alarm box has been installed at box 38 on Highland Street.

New fire alarm boxes have been installed at box 644, corner of Governors and Brook Roads; box 481, at the corner of Eliot Street and Valley Road; box 311, corner of Randolph Avenue and Lodge Street.

One police box has been installed at box 242, corner of Randolph Avenue and Hillside Street.

All fire and police boxes have been grounded.

Have made 179 emergency calls.

Have used 1,825 feet of No. 2 conductor, loom cable on Eliot Street, Randolph Avenue, Brook Road, Granite Avenue and Edge Hill Road.

Have replaced old wire and arms with new on Brook Road from fire alarm box 16 to Central Avenue.

Have replaced old wire and arms with new on Hillside Street from the Farrington estate to the town line.

Have used 11,700 feet of iron wire on Fullers Lane, Hillside Street and Norway Road.

For the maintenance of the Wire Department I have requested an appropriation of $8,123.68.

Respectfully submitted,

E. E. CHOATE,
Superintendent of Wires.

REPORT OF PARK COMMISSIONERS

To the Citizens of the Town of Milton.

The Park Commissioners herewith present their report for the year ending December 31, 1926.

The general program of the Department has not varied from that of former years except in the increase of facilities and expenditures due to the increase of population in the town.

The personnel of the Department is as follows:

Superintendent	John L. Kelly.
Playground Supervisor	Aaron H. Yeaton.
Assistants	Miss Flora Douglas. Miss Dorothy Patton.

New Equipment and Facilities

The Field House on the Brook Road Playground was completed and occupied in connection with the usual activities of the Department on August 1, 1926. It is constructed of fireproof indestructible material and has a tile roof. The ground floor is taken up with lavatories for men and for women, and a large room for storage and heating plant. The second floor is on an approximate level with Brook Road and has one large playroom and one locker room, together with shower baths connected with the latest hot-water equipment.

The Milton Woman's Club provided playground equipment for smaller children and installed same on the school lot on Eliot Street and on the Hollingsworth Field Playground along Brush Hill Road. Supervision was also provided for by the Woman's Club for the months of July and August on these two playgrounds, and the Commissioners feel that too much praise cannot be given for the civic interest shown in this matter by them.

The arrangement entered into for the past several years with the Milton Yacht Club, whereby the grounds and wharf at the Town Landing were cared for in exchange for the use of facilities there, has been found to be mutually satisfactory. This arrangement was continued through 1926. The float maintained here by the town became water-logged, and the Yacht Club members have built a new one which they are asking the town to help pay for.

The southerly end of Hollingsworth Field is very low in a section which has an area sufficient for a fairly large skating rink if properly developed. A mosquito-breeding nuisance at the same time could be done away with if the town sees fit to allow the money for said development.

The Milton Woman's Club and the Town Planning Board retained the services of a Field Secretary from the Playground and Recreation Association of America, Mr. John Bradford, who has made a study of the future playground and recreational needs of the town. One of his primary recommendations is for the enlargement of the Brook Road Playground by purchasing that portion of land known as Burt's Field. The Commissioners have known for a long time that the Athletic Fields upon the Brook Road Playground are totally inadequate for the needs of the High and Junior High Schools at present, to say nothing of the additional need for the people of the Mattapan section in general.

We are unanimously in favor of the purchase of Burt's Field by the town.

Other Recommendations

That the town assume a portion of the expense of building the float at the Town Landing.

That a serious study be made of the various recommendations made by Mr. Bradford.

That the town provide for the skating rink at Hollingsworth Field (see budget for 1927).

We ask for an appropriation of $4,880 for the carrying out of our program for 1927.

Respectfully submitted,

WM. G. RODD, *Chairman,*
MALCOLM DONALD,
CLYDE L. WHITTIER,
Park Commissioners.

REPORT OF POLICE DEPARTMENT

MILTON, MASS., January 12, 1927.

To the Honorable Board of Selectmen.

GENTLEMEN: — I herewith submit the report of the Police Department for the year ending December 31, 1926.

Roster of the Department

Chief — James R. Travers. *Deputy Chief* — Timothy McDermott.

Sergeants

Norman R. Bowman.
John B. Shields.

Patrolmen

George P. Bertram.
Robert J. Blake.
William H. Byrnes.
Thomas J. Callahan.
Richard F. Chamberlain.
John A. Chamberlain.
William H. Coghlan.
James J. Dalton.
John W. Dalton.
Joseph F. Duggan.
John P. Driscoll.
Patrick H. Donahue.
Andrew J. Donahue.
William S. Fallon.
James J. Foley.
John J. Haley.
Francis T. Hanna.
William D. Kearney.
Edward F. Lee.
Francis J. Lynes.
Thomas J. Lynes.
Frank H. McDermott.
Timothy A. McDermott.
Joseph J. Mulhern.
Michael J. Murphy.
James J. Parrell.

Clerk — Anna Healy.

In Memoriam

Miscellaneous Work

Accidents reported and assistance rendered	235
Animals reported lost	65
Animals found	52
Animals sent to Animal Rescue League	38
Automobiles found abandoned	26
Articles reported lost	13
Articles found	19
Affidavits served	8
Buildings found open and secured or owner notified	146
Buildings broken into	44
Cases investigated by officers	1,969
Dead bodies found	1
Defective hydrants and pipes reported	5
Defective sidewalks and streets reported	63
Defective wires	25
Defective trees	16
Defective bridges	8
Disturbances suppressed	2
Dogs killed	3
Fire alarms given by officers	3
Fires extinguished by officers without an alarm	2
Houses reported vacant and special attention requested	223
Lost children restored	13
Lanterns placed on streets	41
Lights reported out	1,083
Milton writs served by other departments	369
Number of writs served for other departments	304
Number of search warrants for liquor served	4
Number of gallons of liquor delivered to Department of Public Safety	168
Officers attending fires	215
Officers detailed for public service	153
Officers detailed at request of citizens	238
Runaway horses stopped by officers	3
Street obstructions reported and removed	7
Solicitors driven out of town	19
Suicide	1
Amount of stolen property reported	$8,347
Amount of stolen property recovered	5,091

Crime

During the year a few houses have been entered and several of the offenders have been caught and are serving jail sentences.

There were three raids in the old Merritt house on Blue Hill Avenue and a quantity of liquor was seized. The tenants were prosecuted and are serving sentences.

Other crimes that have occurred have not been of a serious nature, and, in general, good order has prevailed throughout the year.

The Force

Patrolman Fred M. Farrington retired with pension May 31, after thirty-two years of faithful and efficient service.

Joseph J. Mulhern was appointed a patrolman June 1.

Patrolman William J. Kelley resigned September 10.

December 17, John J. Condon was appointed a patrolman, to take effect January 1, 1927.

The discipline of the Department in general has been good. Several patrolmen were ordered to do punishment duty for violations of the rules.

The members of the Department have been called on to do many extra details during the year, and though they have received no extra compensation, their time has been cheerfully given.

Motor Service

A Ford touring car was purchased to replace the old one, and it is used by patrolmen to cover the Brush Hill section of the town. A new Buick coach was purchased for the Chief, to replace the old Reo touring. A Harley-Davidson motorcycle was purchased to replace the old one. The Ford touring and the old Harley-Davidson motorcycle should be exchanged for new ones the coming year.

Police Signal System

I wish to call to your attention again the urgent need of having the signal service equipped with a recall system. Through this means, all members of the Department may be brought together quickly for their own protection as well as for the suppression of crime. A great many crimes are now committed by persons in automobiles as a means of escape, and in a very short space of time they are a long way from the scene of the offence. It is therefore of utmost importance that the officer in charge at the station be able to get in touch immediately with the patrolmen. No department can be up to date without this signal service.

Traffic

Five patrolmen and two motorcycle officers are assigned to traffic duty.

Three fatal accidents have occurred during the year. The dangerous crossings have been marked, but I recommend the installation of automatic signal devices at the principal intersections.

On several occasions the Milton Post of The American Legion very kindly volunteered their services directing traffic at the dangerous intersections.

Conclusion

I wish to thank the Justices, Clerks and Probation Officers of the District Court and the Board of Selectmen for their valuable advice and assistance, and all other town departments for their co-operation, also many citizens for their helpful information. I desire to express my appreciation for the excellent service rendered by the members of the Department.

Respectfully submitted,

JAMES R. TRAVERS,
Chief of Police.

REPORT OF BOARD OF PUBLIC WELFARE

To the Citizens of Milton.

The Milton Board of Public Welfare has the honor to present the report for the year 1926.

The most conspicuous work of the past year has been the repairing and renovating of the Town Farm buildings. There has been nothing done to the buildings for several years, and the repairs were greatly needed. The house which formerly was occupied by the men has been put in order with the expectation that it will be used for a family, as it is most difficult to find houses with small rent that are suitable for mothers with little children.

A large item of expense is that of hospital bills. These are not only for residents of the town who are unable to pay, but also in some instances for those who have met with an accident within the town limits and do not live here. Sometimes it has been impossible to collect the full amount of these bills from other towns or individuals.

The most important work of the Board can neither be reported nor described. It consists in the case work with individuals and families. In this we have been most constantly and efficiently aided by Mrs. Charles H. Williams of the Milton Social Service League.

We are most fortunate in our Superintendent and Matron of the Town Farm. Mr. and Mrs. John A. Dexter were appointed to take the places of Mr. and Mrs. Chase, who left last March. Mr. and Mrs. Dexter are both devoted and efficient. There are at present four inmates at the Town Farm, — two men and two women.

The appropriation of the town last year was $15,500. There was paid into the treasury of the town, from sales at the Town Farm and reimbursements from the State, cities and towns for aid rendered, $2,893.78. The net cost was, therefore, $12,606.22.

The expenditures at the Town Farm were $7,697.88, of which $3,434.50 was spent for extraordinary repairs. The receipts from sales were $1,040.43. The net cost, excluding expenditures for permanent improvements, was $3,222.95.

Respectfully submitted,

HORACE N. PLUMMER, *Chairman.*
HUGH McCUE, *Secretary.*
CHARLES W. ROLLINS.
EDITH E. STEBBINS.
JOHN TALBOT.

REPORT OF THE TRUSTEES OF THE MILTON PUBLIC LIBRARY

January 14, 1927.

To the Citizens of the Town of Milton.

The trustees of your library hope that you will all read the Librarian's report, but wish to emphasize some of the points found therein, and to call attention to the fact not there mentioned but easily seen, that the Librarian is thoroughly interested in her work, and is well backed up by her assistants.

The resignation of Miss Jane W. Kennedy is a great loss, especially to the Russell Reading Room. Her devotion to the cause would be hard to express and extended over twenty-eight years. Mrs. Calderwood succeeds her, and her experience in the Library assures her success.

We must be prepared for great extensions of our service to meet the demands of a rapidly growing town, and the chief needs are for more room both at Mattapan and East Milton.

The great increase of population made it necessary to be more strict about registration cards, but the present rules are only in accord with general library practice.

Instruction in the use of the library has been given to pupils in the High School, and will fit them to get much more out of it. This course will be repeated each year.

A gift of $1,000 in memory of Waldo Emerson Forbes was received and is much appreciated; also, a gift by the Huntington Frothingham Wolcott Woman's Relief Corps of a flagpole and two flags received with gratitude. To Mrs. J. Malcolm Forbes we are indebted for the loan of a wonderful copy of Murillo's Immaculate Conception, now hanging in the Children's Room.

The roof has been repaired just in time, as leaks were beginning to show. The interior of the building had become very grimy, but is now done over as good as new at a very reasonable cost.

An appropriation of $18,235 is asked for this year, to include certain repairs to the heating plant as well as the regular expenses of conducting the library.

It is interesting to note that the American Library Association has just observed its fiftieth anniversary, and in that connection that Milton opened its library before that organization was formed.

But the Trustees cannot renumerate all the happenings, or even all the gifts. So you should read the Librarian's report with care.

Respectfully submitted,

NATHANIEL T. KIDDER, *Chairman,*
FRANK E. LANE, *Treasurer,*
RODERICK STEBBINS, *Secretary,*

ROBERT SALTONSTALL,
ROGER L. SCAIFE,
FREDERIC M. STONE,
ARTHUR H. TUCKER,
Trustees of Milton Public Library.

REPORT OF LIBRARIAN

January 12, 1927.

To the Trustees of the Milton Public Library.

I have the honor to submit my report for the year ending December 31, 1926.

Probably most librarians in beginning their reports this year have one thought foremost in mind, — the fiftieth anniversary of the American Library Association and the growth of the library movement during the past half century. The obvious reaction to this thought is the growth of our own library during this same period. In 1876, when the National Association was being formed in Philadelphia, Milton was hardly more than a country village of 2,800 people and 514 houses. Today we are a city in size, if not in form of government, with a population of over 14,000. Our book stock then numbered 7,000 volumes, it has now 37,000; about 1,800 people held library cards, and now almost half of the town are borrowers; 17,000 volumes were circulated against 110,742 in 1926.

Fifty years ago the town appropriated for our use $1,133.73; we received for maintenance in 1926, $17,235. In 1876 the library occupied one room in a private house on Wharf Street; today our agencies for distribution consist of a Central Library, 3 branches, a house-to-house delivery service, deposits in all of the schools, deposits at the Town Farm and Milton Hospital, and a collection depot in the Milton Hill Pharmacy. It is a record of splendid progress. May we hope to be equally satisfied with the record of succeeding years.

For the first time since 1918 we have had a loss in circulation, it being 1,553 less than in 1925, 1,022 of this being in the house-to-house delivery service. This loss has come in spite of the fact that there have been more registrations of new borrowers than in any previous year. This is partly accounted for by the fact that a new rule has been made requiring each person taking books to present his identification voucher. In the past it has only been necessary to give one's card number, but the town is growing so that this method no longer seems a wise one. Furthermore, by the old method there was no possibility of checking up when wrong numbers were given, with the result that many books were lost. Many families had been making one voucher do the work for one, two and sometimes four members of a household, and the new ruling naturally made it imperative for each person taking books to register. It has been most gratifying that the majority of our public has responded so willingly to this new regulation.

The work at the Mattapan Branch continues to be done in cramped quarters. We hope that with the awakening of the town to the recreational needs of our crowded communities the needs of the library will not be overlooked. Practically all of the High School pupils of the Mattapan district use the branch for their reference and supplementary work, and there are many days and evenings when the room is so crowded that there is no inducement for any one to drop in for a quiet hour of reading. There were 289 new registrations during the year and the circulation was 26,492.

Miss Babcock reports the busiest year in the history of the East Milton Branch, 26,180 volumes being issued, a gain of 958 over last year. There have been 229 new registrations, again the largest figure for any one year, all of which reflects the growth of population in this part of the town. For several years we have stressed in these reports the need of a new branch in the Mattapan district, and have hoped that such a building would be an accomplished fact before we suggested a similar need at East Milton. But with the population increasing at such an astonishing rate in this section, the small room which we now occupy, and which is reached only by climbing a long flight of stairs, will soon be outgrown. To quote Miss Babcock once more, "The children have never patronized the Reading Room in such numbers. It makes one long for a Children's Room, and indeed for the new branch building, which so many speak of. It is, of course, only a dream, a castle in the air, now, but may we not hope that some day the dream will be realized, for much better work could be accomplished, and more people reached."

For the first time in four years there has been a resignation in the staff. Miss Jane W. Kennedy, who has had charge of the Russell Reading Room ever since it was opened in 1898, and who at several times was a member of the Central Staff, resigned in September. Miss Kennedy's record of service is an enviable one. When she assumed charge of the Russell Reading Room it was a neighborhood affair, privately managed. When the town took it over in 1900 it continued to be a neighborhood affair in spirit. Miss Kennedy knew her constituency as friends and neighbors. She knew individual wants and needs, and that she successfully met these needs was demonstrated by the consternation and sorrow of the community when it became known that she was leaving Milton. Whatever success this little branch may have in the future will be due to the splendid work done by Miss Kennedy during the past twenty-eight years. The library was fortunate in securing the services of Mrs. Christine T. Calderwood to take Miss Kennedy's place.

The work with children has followed along regular lines, and 19,341 books have been circulated from the Central Library. We continue to send monthly deposits to all of the grade schools. This year we are noting with pleasure that the teachers are more and more basing their requests on the State Certificate Reading Lists, and we are endeavoring in so far as money allows to duplicate these titles so that there will be few unfilled calls. We have had a Map of Adventure Reading Club, a Vacation Reading Club, and a Wild Flower Contest, when 110 different flowers were brought in. We had the usual display of books suitable for Christmas presents during Good Book Week, and during this same week a Library Club of nine girls from the Junior High School visited the library with their teacher. The copy of Murillo's Immaculate Conception, which was placed in the Children's Room in July, is loaned by Mrs. J. Malcolm Forbes. The loveliness and dignity of the painting adds much to the beauty of the room.

The shelving placed in the Reception Room in December of 1925 has greatly helped to relieve the congestion in the Children's Room, particularly in the summer, when all books are in from the school deposits. It is our hope eventually to convert this into a school duplicate room.

During October instruction in the use of the library was given to pupils in the ninth grade of the High School. One hundred and seventy pupils came in small groups for three lessons: one on the use of reference books, one on classification and location of books, and one on the use of the card catalogue. This is a very important piece of work for both the school and the library, and we are glad that the work was resumed this year.

We feel that a more satisfactory service has been established at the Milton Hospital. Signs have been placed in all private rooms and wards telling the patients that library books are available. Annotated lists in duplicate are sent with each deposit, and the reports from the hospital are that more patients are using the books. Miss Thompson of the hospital staff has, by her interest and enthusiasm, materially helped in making this service more successful.

For the first time in eight years a complete inventory has been taken. This work has only been finished during the past week, so it hardly seems fair at this moment to record a loss of 300 volumes. This, however, is an average loss of only 38 books a year, and since during these eight years we have circulated almost 900,000 volumes the loss is not an appalling one. Past experience in inventories has proven that it takes from four to six months to arrive at a final figure of definite loss. We feel confident that the figures will be reduced by one-half before June 1, 1927. Even so, we read with regret of the reports written fifty years ago, when we learn that "only two books have been lost, one being taken from a boy on his way home from school by a tramp." Although the number lost has increased from two to thirty-eight, apparently the excuses were no more original or plausible in 1876 than in 1926.

During June and July the interior of the building was completely renovated. The work of the library was carried on during this time under conditions trying to both staff and public, but we had the hearty co-operation of all who visited us during these difficult weeks. The roof of the building was retarred and done over in May, and at the request of the Selectmen six fire extinguishers have been installed. The major need for repairs for the coming year is in the boiler. The return pipe is in bad condition and should be replaced at once.

The number of townspeople who have either loaned articles or given books, magazines or pictures and flowers is so large this year that a list is appended at the end of this report. A few, however, deserve special mention. The most important gift of the year is that of $1,000 in memory of Waldo Emerson Forbes. The Huntington F. Wolcott Relief Corps presented the library with a flagpole and two flags. The formal

presentation was made on May 30, when the flag was unfurled by Miss Priscilla Allen, was accepted by Mr. Kidder for the Trustees and by Mr. Babcock for the Selectmen. We are indebted to Mr. Lawrence W. Lunt for the use of a glass show case, where many valuable documents, pictures, books and letters have been shown which could not have been displayed had there been no safe place in which to exhibit them. As in the past, we are grateful to Miss Mary B. Forbes, who, from time to time, has brought choice documents from her Lincoln Collection for a brief showing at the library. Mrs. Walter T. Harrison kept the desk supplied with a continuous display of flowers from June to October. Walter Baker & Co. gave us an Educational Exhibit, and Mrs. J. Harry Holmes a 30-volume set of the Encyclopædia Brittanica.

About 1,400 people have visited the nine exhibits in the Art Room. There was a varied list this year, consisting of oils and water colors by C. Howard Walker, Theron Cain, R. Farrington Elwell, and Florence Cobb Brooks; pastels of flowers by Dorothy Piper Neaves; paintings in guache by Boris N. Litvinoff; photographs by the Milton Academy Camera Club; posters and drawings by pupils of the Milton High School; and in April the third annual exhibit by the artists of Milton.

The Librarian and members of the staff have attended all of the meetings of the Massachusetts Library Club held during the year; two members went to the American Library Association meeting at Atlantic City; one attended the summer school at Simmons College; three have taken University Extension courses, all of which indicates a desire on the part of the staff to increase their professional usefulness.

To the staff and the Trustees I am grateful for their continued loyalty and support.

Respectfully submitted,

CARRIE S. ALLEN,
Librarian.

APPENDIX I

Gifts of Books, Magazines, Pictures

Mr. Frank B. Newton, Mrs. Charles S. Rackemann, Mrs. Ernest W. Bowditch, Mrs. Fred Burns, Miss Priscilla Erickson, Mrs. J. Malcolm Forbes, Mr. James M. Ballard, Mr. James S. Russell, Mrs. John F. Perkins, Mrs. James Lawrence, Mr. Nathaniel T. Kidder, Miss Edith S. Tilden, Miss Harriet E. Tuell, Mrs. Charles W. Lillie, Mr. Lauriston L. Scaife, 2d, Miss Josephine M. Babcock, Miss Jane W. Kennedy, Columbine Book Club, Mrs. Carleton C. Richmond, Mrs. Ellerton James, Mrs. Horatio A. Lamb, Mrs. Bernard W. Trafford, Miss Priscilla Allen, Mr. Roger L. Scaife, Mrs. Frederick Chase, Mrs. John C. Cobb, Mrs. Walter D. Brooks, Miss Catherine W. Faucon, Mrs. Henry S. Shaw, Mrs. Caroline E. Williams, Dr. Harris Kennedy, Mrs. George W. Gould, Rev. Warren P. Landers, Mrs. Mary W. Phipps.

Flowers

Mrs. Charles W. Lillie, Mrs. Robert Saltonstall, Mrs. Arthur H. Tucker, Mrs. Burton H. Smalley, Miss Anne Fiske, Miss Dora W. Hills.

Loans

Goldfish during the winter, Mrs. N. M. Safford; promethea cocoon, Miss Lillian Rollins; a model garden, Mrs. Frederick O. Houghton; waltzing mice, Masters Charles E. and David Lillie; reproductions of the frescos in the Sistine Chapel, Mrs. Charles W. Lillie.

REPORT OF THE SEWER COMMISSIONERS

January 1, 1927.

The Board of Sewer Commissioners makes the following report of operations of the Sewer Department during the year ending December 31, 1926.

General

Population by census of 1925	12,861
Estimated length of streets of the town (miles)	55
Percentage of length provided with sewers	39.4
Method of disposal	Metropolitan system

Collection Mains

	For Sewage.	For Sewage and Surface Water.
Linear feet of pipe (measured)	116,010.5	700[1]
Linear feet extended during year:		
By town	6,656.5	–
By private parties	1,007.1	–
Number of inverted siphons	1	–
Number of manholes	534	–
Number of storm overflows	1	–
Number of emergency overflows	1	–
Number of automatic pumping stations	1	–

[1] Storm overflow.

House Connections

Number made during year	119
Number of stoppages coming to the notice of the Department	8

Discharge of Sewers

Estimated population using sewer system	8,995
Number of buildings connected	1,704

Financial

Total cost of collection mains to December 31, 1926	$302,630 19
Bonded debt at date	40,000 00
Rate of interest on bonds	4%

For details of sewer construction and maintenance accounts, reference is made to the Financial Report compiled by the Town Accountant, as shown elsewhere.

The extensions made during the year were as follows:

By the town: Pine Tree Brook Trunk Sewer, 256.6 feet to Dyer Road; Dyer Road, 1,707.5 feet; across Blue Hills Parkway, 118.8 feet; Blue Hills Parkway (west side), 277.2 feet; Blue Hill Terrace Street, 309.7 feet; Crown Street, 540.1 feet; Verndale Road, 187.9 feet; Lothrop Avenue, 249.7 feet; Central Avenue, 409.0 feet; Frothingham Street, 453.7 feet; Brook Road (near Adams Street), 169.3 feet; Brook Road (near Fairfax Road), 510.5 feet; Fairfax Road, 432.5 feet; Brandon Road, 317.2 feet; Virginia Street, 216.0 feet; Laurel Road, 500.8 feet.

By private parties: Fairbanks Road, 503.0 feet; Rowe Street, 93.5 feet; and Garden Street, 410.6 feet.

The Sewer Commissioners, following out the policy of adjusting sewer assessments according to the average cost of sewer construction for the previous five years, have fixed the assessments for sewer construction during 1926 at $1.40 per front foot, and 1.4 cents per square foot of area within 100 feet of the street.

In the matter of a taking along Pine Tree Brook, the Sewer Commissioners have, in accordance with the vote at the annual town meeting in 1926, made a taking along both banks of Pine Tree Brook from Brook Road to the fence close to the ice pond west of Blue Hills Parkway.

For this purpose land has been taken from a total of 28 owners. Before making the taking, the Sewer Commissioners continued the policy followed by the Planning Board, and in conjunction with that Board secured agreements from a total of 22 out of the 28 landowners. These agreements are in the nature of an option to the town. In all but one case, in which values other than land are involved, the agreements provide that the town may settle the damages on the basis that the benefit to the landowner is equal to the damage.

Of the remaining six land owners from whom agreements have not been secured, three involved takings which are so small that the benefit is obviously greater than the damage.

F. A. EUSTIS, *Chairman*,
STANLEY CUNNINGHAM,
F. Y. MARSHALL,
Board of Sewer Commissioners.

REPORT OF SEALER OF WEIGHTS AND MEASURES

MILTON, MASS., January 1, 1927.

To the Honorable Board of Selectmen.

GENTLEMEN: — I herewith submit my report for the year ending December 31, 1926.

Number of scales, weights and measures sealed	760
Number condemned	3
Number of scales, weights found incorrect and adjusted	8
Number of measuring pumps	71

Respectfully submitted,

JAMES SANGSTER,
Sealer of Weights and Measures.

REPORT OF SUPERINTENDENT OF STREETS

MILTON, January 24, 1927.

To the Honorable Board of Selectmen, Milton, Mass.

GENTLEMEN: — I herewith submit the report of the Street Department for the year ending December 31, 1926.

The general work of the Department was carried on in the usual manner.

The expense of the removal of snow and ice was much greater than of any previous year, owing to the heavy storms.

New equipment is now proving very satisfactory in removing the snow from the highways.

Permanent Construction

The appropriation for permanent construction was expended in resurfacing the roadway on the easterly side of Reedsdale Road–Pleasant Street and Edge Hill Road, from Randolph Avenue to Grafton Avenue, also the rebuilding of Bradlee Road from Brush Hill Road to Blue Hill Avenue.

	Cost.
Pleasant Street–Reedsdale Road 4,460 lineal feet. 10,200 square yards. Cost, 1.33\frac{3}{5}$ per square yard.	$13,625 77
Edge Hill Road 4,050 lineal feet. 8,250 square yards. Cost, $1.80 per square yard.	14,728 01
Bradlee Road 2,356 lineal feet. 5,620 square yards. Cost, 1.16\frac{2}{3}$ per square yard.	6,646 03
	$34,999 81
Revert	19
Appropriation	$35,000 00

Sidewalk — Permanent Construction

This appropriation was expended as follows:

Granolithic walks (2,670 feet) Bunton Street, 425 feet long, 4 feet wide. Eliot Street, 425 feet long, 4 feet wide. Curtis Road, 995 feet long, 4 feet wide. Willoughby Road, 825 feet long, 4 feet wide.	$3,302 62
Adams Street brick walk	461 60
Eliot Street East Milton Square } Amiesite construction	740 94

In concluding this report I wish to extend to your Honorable Board and the citizens of the town my sincere thanks, for the co-operation and support given to me during the year.

Respectfully submitted,

EDWARD A. McCUE,
Superintendent of Streets.

REPORT OF BOARD OF WATER COMMISSIONERS

Milton, Mass., February 2, 1927.

To the Citizens of the Town of Milton.

The Board of Water Commissioners submits herewith its annual report.

In our report dated January 16, 1926, the problems with which the Department had, and has to deal and the manner in which your Commissioners propose to do so, were clearly outlined, and it does not appear necessary at this time to repeat these statements. We respectfully refer you to them.

In the last year the increase in population, mentioned in our last report has been even more rapid than before, being, according to the Assessor's record, 1,480 persons, or 11.6 per cent.

Report of Activities for the Calendar Year 1926

1. Operations, 1926

Operating receipts	$79,783 93	
Operating expenses	50,431 91	
Net operating revenue		$29,352 02
Interest	$8,602 55	
Bond retirement	16,830 77	
Total fixed charges		25,433 32
Balance for reserves		$3,918 70

The information in the following table compares the conditions of 1902 and the last five years:

	Number of Fire Hydrants in Use.	Number of Services (Meters) in Use.	Miles of Main in Use.	Cubic Feet of Water purchased.	Population April 1, by Assessors.
1902	266	1,000	35	15,873,596	7,100
1922	434	2,395	56	21,275,535	10,630
1923	445	2,577	57	22,080,615	11,295
1924	467	2,837	60	26,277,406	11,950
1925	496	3,161	64	29,471,791	12,779
1926	515	3,373	67	34,234,400	14,259

At the close of 1926 sixteen persons were regularly employed by the Department, to conduct which economically and efficiently every endeavor is made.

2. Business, 1926

Earnings again increased over those for the previous year, consequent to increased business done, as shown by the above tabulation.

The balance for reserves, that is, the money remaining after operating expenses, interest and bond retirement charges were paid from the operating receipts, was only

$3,918.70, a decrease of $11,246.47 below the corresponding balance last year. This decreased balance is due to increased operating expenses, the largest item being a $4,000 increase in cost of water purchased from the Metropolitan District Commission, and increased distribution and hydrant maintenance expenses; also, interest and bond retirement charges increased $7,181.36, due to additional and necessary financing.

The continued rapid increase in population emphasizes the necessity for continuing the reinforcing and extension of the system. A continuation of this growth will probably require an increase in receipts, which may best be secured by raising the hydrant rental, which has been $9,000 since 1903. In 1902 and 1903 the charge was $40 per hydrant. In twenty-four years the hydrants in service have nearly doubled.

3. Construction Program, 1926

The extensions and reinforcements to the water main system and improvements to the Department's equipment, as contemplated for 1926, have been completed substantially as planned, at a total cost of $88,243.75.

The Department moved into its new quarters in the Thacher School Building in October, and is now, we believe, permanently and satisfactorily located.

4. Financing for 1926

In order to permanently finance the improvements and additions to the Department's property which it was found necessary to make in 1926, it is proposed to sell $85,000 of bonds under the authorization granted the Department by the town at the meeting in March, 1926.

5. Financing for 1927

The Department's needs for extensions and reinforcements of the water main system in 1927 have been estimated, and it is apparent that it will be necessary to secure these funds through a bond issue.

The automobile equipment of the Department consists of seven machines. The Department is lacking adequate garage facilities for two machines, and the Town Engineer likewise requires garage space for two machines; also, it appears advisable, because of the appreciable amount of main-laying still to be done, and because of the needs of the Sewer and Street Departments, to consider the purchase of a mechanical excavator to more economically handle the requirements of the Water Department, and, as available, to be used by other Departments.

Articles have therefore been introduced in the Town Warrant to care for these needs.

Respectfully submitted,

MARCY L. SPERRY,
EDWARD E. FORD,
E. L. HURD,
Board of Water Commissioners.

Statement of the Financial Condition of the Water Department on December 31, 1926

Assets

What the Department Owned

(1) Plant $759,065 00

This includes all of the water works property belonging to the town which is being operated by the Water Department. It consists of street mains; services, meters for measuring water used; gates for the control of water supply, and hydrants for fire protection; general equipment, such as air compressor, Leadite equipment, pipe machines, forges, etc., used in construction work; automobiles and trucks; and office equipment, such as vault, counter, typewriters, adding machine, desks, filing cabinets, etc.

(2) Cash 14,812 52

The amount held by the Town Treasurer to the credit of the Water Department, subject to withdrawal only by warrants of the Commissioners, plus a small cash fund which is maintained in the offices of the Department for defraying minor expenses.

(3) Savings bank deposits 8,442 39

These deposits are made by consumers whose homes are in new territory. The money is held in the Milton Savings Bank as a guarantee to the Water Department of an adequate return for five years on the investment made to give such consumers water service.

(4) Accounts receivable 27,056 96

The amount owed to the Water Department by residents and others for water supplied, service installations, or for miscellaneous items.

(5) Materials and supplies 22,128 01

The value of supplies, such as iron pipe, pipe fittings, valves, repair parts, etc., on hand.

(6) Interest paid in advance 467 03

Prepaid interest on three notes totaling $95,000 which become due February 15, 1927.

Total assets $831,971 91

Liabilities

What the Department Owed

The Department accounts for money used to provide for your water system as follows:

(7) Bonds outstanding $177,000 00

The Department is responsible for the property represented by these bonds.

In 1902 bonds were issued for $312,000. Since that time $252,000 of these bonds have been retired, leaving bonds outstanding of this issue amounting to $60,000.

Bonds amounting to $50,000 were sold in 1924. Of this issue $4,000 have been retired. Balance is included in this item.

Par value of bonds sold in 1925 was $25,000, of which $2,000 were retired, the balance being included in this item.

In 1926 bonds to the amount of $50,000 were sold, $2,000 of which were retired at issue, leaving a balance of $48,000 in the total shown.

The property represented by the bonds retired is included in the next two items.

(8)	Town of Milton	$240,025 30
	The total net money provided by the town for extensions to the system.	
(9)	Milton Water Works	232,693 70
	Represents original capital investment financed out of Water Department earnings.	
(10)	Accounts payable	318 47
	This amount represents current bills for supplies or services not yet due.	
(11)	Notes payable	95,000 00
	Temporary bank loans of three notes to be taken up on due date February 15, 1927, when bonds to the amount of $85,000 will be sold under authorization of town.	
(12)	Consumers' Guarantee on Main Extensions	8,442 39
	The guarantees appearing in the assets (Item 3) as pledged by consumers in new territory are held only as a trust, and therefore cannot be used for Department purposes unless forfeited. To offset this item, which must be accounted for in the statement of assets, there must be again shown a like amount as a liability for which the Department is responsible to those who have pledged it.	
(13)	Sale of water — minimum advance	7,790 80
	Advance payment of minimum charges made by the consumers were credited to this account and are being reduced as the water is used.	
(14)	Interest accrued	1,440 47
	This is interest accrued on bonds outstanding.	
(15)	Reserve for bond retirement	7,916 67
	Certain water loan bonds become due and payable each year. These payments are now being made from the earnings of the Department, and this amount represents that portion of $15,000 of bonds payable in 1927 which is applicable to the year 1926.	
(16)	Reserve for inventory adjustment	1,742 79
	This account has been set aside to provide for adjustment of inventory, when it is depleted through loss, deterioration or damage, or when its market value is less than its inventory value.	
(17)	Reserve for property retirement	3,965 50
	Amount set aside from surplus to build up a reserve against which will be charged the original cost less salvage of property retired from service due to having become worn out in service, obsolescence, or for other causes.	
(18)	Surplus	55,635 82
	The book value of the Department's property exceeds its obligations by the amount of this surplus.	
	Total liabilities	$831,971 91

REPORT OF PLANNING BOARD

Milton, Mass., January 31, 1927.

To the Citizens of Milton.

That project of the Metropolitan Planning Board known as the Circumferential Highway, extending from Lynn on the north to beyond Weymouth on the south, has required our attention during 1926. We are glad to report that all parties are now willing to have the Milton section of it pass south of Blue Hill, instead of cutting through valuable estates on the north slope of the range as proposed last year.

The situation on the extension of Blue Hills Parkway from Canton Avenue in Milton to Randolph Avenue in Milton via Harland Street is not so satisfactory. The Metropolitan Planning Board still wishes this extension and has introduced a bill in the Legislature to get it.

We appeared in opposition before the Committee on Metropolitan Affairs last week, and shall do what we can to defeat this undertaking, believing it quite unnecessary at present, and of doubtful value at any time — merely offering another way of getting to Mattapan Square, already overcrowded.

There is also danger of having a large part of the cost put on Milton, under the plea that the improvement lies wholly in our town and should therefore be met by it.

Acting with the Woman's Club and the Park Board, an arrangement was made last autumn with the Playground and Recreation Association of America for an expert examination of Milton's present and future needs.

Mr. John Bradford, a field secretary of the association, spent several weeks here, and has prepared an exhaustive report. It is quite impossible to finance all Mr. Bradford's suggestions at once, but articles looking to an addition of one and one-half acres to the Eliot Street School lot, and seven and one-half acres to the Brook Road playground, have been put in the warrant for the annual town meeting next March.

One of the needs most emphasized by Mr. Bradford is for a growing community to secure what land it requires before it is built upon and out of reach.

Another sensible suggestion of Mr. Bradford's is to use the schools for recreation centers. He points out that this is being done more and more, and often saves unnecessary duplication of municipal buildings.

The changes in our Zoning By-laws adopted last March seem to be working satisfactorily. Some demand for increased business facilities has appeared, but can probably be met by the Selectmen acting as a Board of Appeal without further alterations of the By-laws, excepting along the Neponset River, where an area of about fifty acres of salt marsh is useless for residences. A beginning was made there last summer by the Board of Appeal in the case of the City Fuel Company, and confirmatory action by the town may simplify matters.

Respectfully submitted,

JAMES S. RUSSELL,
DAVID A. HEFFERNAN,
JESSE B. BAXTER,
W. L. MURPHY,
ARTHUR H. TUCKER,
Milton Planning Board.

G. FRANK KEMP,
Collector.

FUNDS HELD BY THE TOWN

Perpetual Care Fund

Amount held December 31, 1926 . . . . . $68,029 50

This fund is held by the Town Treasurer in accordance with Chapter 82, Sections 15–18, of the Public Statutes, interest at the rate of 6 per cent per annum being allowed on it and paid over to the Trustees of the Cemetery.

Jason Reed Cemetery Fund

Amount held December 31, 1926 . . . . . $2,626 67

The interest on this at the rate of 4 per cent per annum is paid over to the Trustees of the Cemetery.

E. T. L. Reed Public Park Fund

Amount held December 31, 1926 . . . . . $7,055 43

Extract from the Will of Elizabeth T. L. Reed

"All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

. . . . . .

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the 'Jason Reed Fund,' and the income thereof shall be applied to the preservation, care, improvement, or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton, and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

"I make the foregoing bequests in favor of First Parish, the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof."

Mary L. Peabody Fund

Amount held December 31, 1926 . . . . . $5,000 00

The clause under which this bequest is given reads as follows: "To the Selectmen of the Town of Milton, Massachusetts, $5,000, to be invested and the income thereof to be distributed annually to the poor at Christmas."

Spring term begins Monday, May 2, 1927
Spring term ends Friday, June 24, 1927

REPORT

OF THE

SCHOOL COMMITTEE

AND OF THE

SUPERINTENDENT OF SCHOOLS

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of the Town of Milton:

The School Committee respectfully submits the following report.

Within the year has occurred the completion of the fine addition to the High school and even now the added rooms are all being used.

The financial statement of the annual appropriation and expenditures therefrom is appended.

Also, herewith is submitted the report of the expenditures connected with the special appropriation for repairs at the Vose school.

Whenever a change of Superintendent of Schools occurs, the School Committee has a very important problem. The position of Superintendent is the key position in the entire school system. In June, Mr. Joseph A. Ewart resigned from his position of Superintendent of Schools of our Town to accept the like position in Stamford, Connecticut, a position marking for him a large advance professionally and otherwise. Mr. Ewart served our town about six years and his administration of the schools was such that your Committee accepted his resignation with much regret. To fill the position your Committee unanimously elected Mr. Horace F. Turner, who entered upon his duties at the opening of the schools in September.

The main report of the School Committee is the report of our Superintendent and we urge its complete reading.

The Committee acknowledges with pleasure the receipt of the following gifts to the several schools as indicated:

Gifts

High School:

Bust of Richard Wagner — Class of 1926

Belcher School:

$50 — Belcher School Association
A Mural Painting — Mr. Olaf Olsen

Tucker School:

$50 for reference books — Tucker School Association
Silk Flag — Women's Relief Corps, H. F. Wolcott Chapter
Christmas Decorations and Paper — Mrs. Henry Driscoll
Courtesy Cards — Miss Harriet Whittier

Vose School:

2 Footballs — Vose School Association

Estimates for 1927

After careful consideration of the estimated cost of maintaining the schools during the year 1927, your Committee recommends the appropriation of $251,000. The Committee further recommends a separate appropriation of $600 for tuition charges in state-aided and industrial schools.

Respectfully submitted,

HENRY W. B. ARNOLD, *Chairman*
HAROLD B. GARLAND, *Secretary*
ELMER P. FLETCHER
GEORGE F. MOULTON
ARTHUR W. VOSE
HARRIET WHITTIER

Special Appropriation — Vose School Heating and Ventilating System

A Special Committee consisting of Elmer P. Fletcher and Arthur W. Vose with assistance of Superintendent Ewart completed successfully repairs to the heating and ventilating systems in the Vose school as provided by vote of the Town under Article 34 of the 1926 Warrant.

The contract was let to Buerkel & Company.

Below is the financial statement of the special appropriation.

ELMER P. FLETCHER
ARTHUR W. VOSE

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Milton:

At your request I am submitting the following report after five months as Superintendent of the Milton School system:

General Policies

It is for the best interests of Milton that the school system shall continue to function according to a well organized working plan guided in line with well thought out policies toward worthy objectives. Probably in no other field of public activity would drifting and haphazard procedure be more disastrous to the welfare of the community. The whole industrial fabric and banking interests of the country are based upon credit and the good will of the people. This is true to a far greater extent of public school education.

The test of true economy must be applied to all expenditures, yet any attempts at retrenchment for the purpose of keeping down the tax rate, which does not first consider the best interests of the children, would be short-sighted. It is not wise economy to refrain from spending the people's money for a season and allow a deterioration in buildings, equipment, and quality of teaching in order that a large balance may be returned to the treasury. This apparent saving and much more eventually would have to be spent to bring up the system to its former condition. Sound economy will be found to rest upon eliminating waste, if there is any, in time and materials and in securing for the boys and girls the greatest return for their own labor and industry and for the money expended in return for public school education.

Education does not consist in passing over a quantity of facts. Rapidly changing conditions of living demand an ability of adjustment to meet these changing conditions. In addition to the mastery of the tools of education, such as reading, writing, and arithmetic, it is necessary that there shall be developed the greatest possible ability to think and meet new situations. This places upon the public schools the two-fold problem of passing over to boys and girls the necessary facts and training common to all situations and also a development of attitudes and abilities for best behavior under changing conditions.

One may read treatises on methods of swimming and yet may never learn to swim until he gets into the water and actually goes through the motions of swimming. This principle is just as true of school work. It is necessary that pupils learn to do by actually doing rather than studying about doing in so far as it is possible to carry out mass instruction along these lines.

Through contact with different fields of activity pupils become broadened and find themselves in a better position to choose their life work. A broad curriculum in junior high school affords an opportunity for many to discover the field in which they are able to succeed and gain experience which makes it possible to choose more wisely the courses they will follow in senior high school and the general field of later activity.

Education is a co-operative enterprise of the whole community. The parts of an automobile may be manufactured at widely separated points and assembled at one place into a perfectly working machine. This does not work out so well in education of children. Much waste has resulted from attempts to educate each child in sections, leaving to mysterious chance the assembly into a perfectly working citizen the sections educated in the home, school, church, playground, and each of the other community influences.

School Enrollment

The steady increase in the number of pupils in the schools of Milton is a fact which has frequently come to the attention of the School Committee. Below are recent figures bearing on the matter.

PLATE I

Year.	Number of Pupils in January.	Total Number of Pupils registered during Year ending in June.
1921	1,553	1,619
1922	1,603	1,671
1923	1,723	1,774
1924	1,818	1,860
1925	2,003	2,028
1926	2,200	2,283
1927	2,370	–

Plate I shows the increase in number of pupils graphically.

The question of providing schoolrooms and equipment adequate to meet the needs of this growing school population has received active attention.

At the annual town meeting in 1925 a committee was appointed "to consider the question of the acquisition by the town of land for school purposes and to report not later than the next annual town meeting." The town accepted the report of this committee at the annual meeting in 1926 and acquired the following land:

First: $3\frac{1}{4}$ acres on the south side of Eliot Street at its junction with Capen Street, together with an outlet to Columbine Road

Second: $4\frac{1}{3}$ acres on the north side of Edge Hill Road opposite Cunningham Park

Third: 2 acres west of the High school

A building program favored by the School Committee and by the Superintendent of Schools was approved by the special committee in its report under date of March 6, 1926. This contemplated:

First: a new grade school in the Eliot Street district to take the place of the Glover and to relieve the Tucker

Second: a new grade school in East Milton to take the place of the Wadsworth and to relieve the Belcher

Third: a junior high school in East Milton

Fourth: a new building for the present Junior High which now uses a part of the High school building, or for the High school

Very rapid growth in two districts at the two extremities of the town presents a problem which, if not wisely handled, will make imperative the need for construction of two buildings at one time. At the Belcher school the building is overcrowded and classes are held in the office and other unusual places. This condition may not long continue without detriment to the children. A little temporary relief may be afforded by transfer to the Wadsworth school of children living in the Shadowlawn and Edge Hill Road section. This relief would not be sufficient to absorb one year's growth. Immediate consideration should be given to construction of an elementary school on the site opposite Cunningham Park to provide for children living west of the railroad and for those now in the Wadsworth building. This would relieve conditions at the Belcher school and remove the danger of small children crossing the railroad.

At the beginning of the next school year the Tucker school building will not be large enough to accommodate all pupils in that district. While the growth in school enrollment drawn from the Mattapan and Eliot Street section is more rapid than that in any other part of the town, some temporary relief may be found in six rooms at the Vose and Glover schools. To make use of these there will be necessary a renovation of the rooms, purchase of furniture, and equipment, employment of teachers, and readjustment of district lines or further provision for transportation of children.

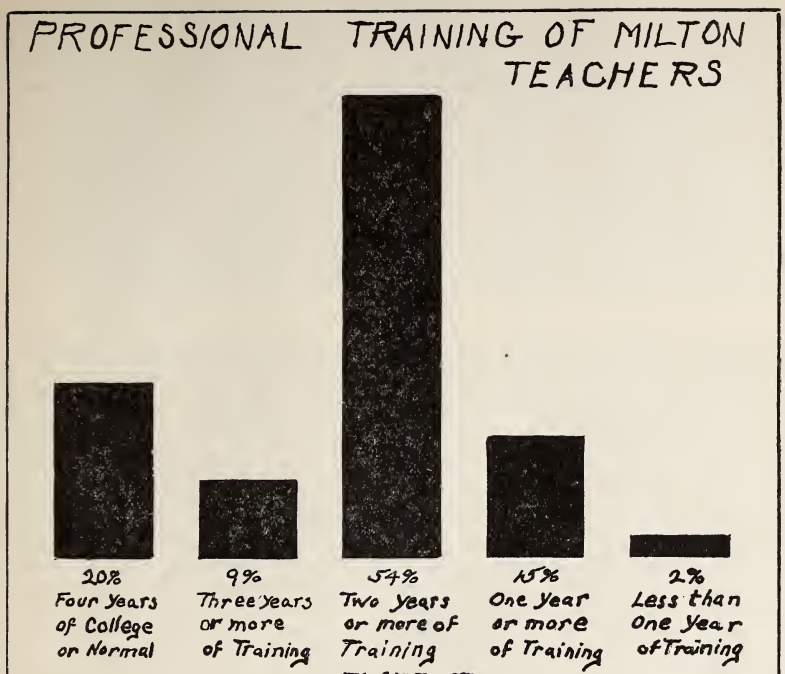

PLATE II

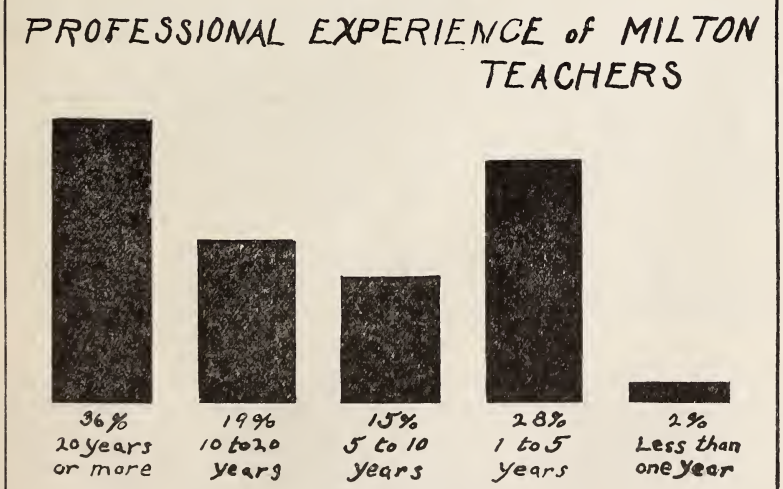

PLATE III

Character Education

Character-building is a commonly accepted aim of education. This must be developed through the every day activities of the pupils rather than by direct classroom teaching. It must be a natural outgrowth of all of the contacts of the pupils with teachers through their studies and various other activities. The doing of daily chores about the home and a reasonable amount of manual labor required of boys and girls under right conditions develop a quality of character and an appreciation of the value of money in terms of work which may not come in any other way. Because of many other interests attracting their attention this influence in their development has been lost. It rests upon the home, yet it requires a close co-operation between home and school in order that there may be a proper balance of study, recreation, and work.

Greater emphasis may well be placed upon those phases of school work which have distinct character-building qualities to the end that development of character may be adequate for wholesome living among increasingly complex conditions.

Teachers

The most powerful influence in the educational program is quality of teaching. The best schools are in the community which employs and retains first class teachers. Good buildings, books, equipment, facilities for transportation, careful school organization are all incidental to teaching. The interplay of teachers' and pupils' thoughts and influences, their shaping of character and laying the foundation of good citizenship is that for which all else exists in the school system. "As is the teacher, so is the school." Milton has in its employ a corps of teachers interested in the highest welfare of the children. Whenever a vacancy occurs an effort is made to secure the best trained and experienced teacher for the position that can be employed for the salary to be paid.

A study of the training of all of the teachers in the town, Plate II, shows that twenty per cent have had four years or more of college or normal training, nine per cent three years or more, fifty-four per cent two years or more, fifteen per cent one year or more, and two per cent less than one year of training. This indicates a high degree of training of teachers employed in the system. Just as in the medical and legal professions a high standard of training must be maintained, so in the case of those who have in charge the education of our children.

The experience of Milton teachers, Plate III, is equally of high rank. Thirty per cent have had twenty years or more of experience, nineteen per cent ten to twenty years, fifteen per cent five to ten years, twenty-eight per cent one to five years, and only two per cent less than one year.

Employment of teachers is an important duty of the Superintendent. There is an annual turnover in our teaching force of fifteen per cent or greater. The amount of salaries involved is over twenty thousand dollars. The responsibility for investing this amount is exceeded by that of getting the highest quality of instruction for the boys and girls in the schools. When new teachers are needed to begin work in September, if sufficient time is available, there is a large field from which to choose and there is less interruption in school work. A definite problem is presented by every resignation that occurs during the school year when most teachers are at work and do not care to change. The task of finding available candidates and engaging the best qualified is one which requires much time which might be devoted to supervision of instruction. A resignation which becomes effective at any other time than at the close of the school year is generally a costly loss to the community.

Health

A great deal remains to be done for the health of children in school and out. It has been well said that it is the right of every child to be born under proper conditions, to live in healthful surroundings, to be free of malnutrition, to have opportunity for outdoor play, to have prompt and efficient medical attention, and receive instruction in the elements of health. In the present working out of the health program all children are examined once a year by a competent physician. Defects are called to the attention of parents. Experience shows that this is not enough. The School Nurse, with endless tact and patience, works on individual cases, visits homes and attempts to bring about the right conditions for the best health of the children.

Statistics for the State indicate that fifteen per cent of children in the public schools are ten per cent or more underweight. This means that in Milton there are more than

350 children who are struggling under a heavy handicap. Some of them will break under the strain of school work in two or three years because conditions which could be removed are allowed to continue. Experience proves that every child in the public schools ten per cent underweight can be brought up to normal weight if the cause is removed and the most eminent authority states that in every case without exception the cause can be removed. Without trespassing in the field of private practitioners or interfering with the duties of the home, it is possible through nutrition classes to handle the underweight problem. The sympathetic assistance of the home is necessary. The same holds true in regard to the care of the teeth based upon recommendations of the school dentist.

The problem of epidemic disease is always one that presents serious difficulties. The exclusion from school of children exposed to contagious diseases has failed to accomplish the result intended because these children are in close contact with other children outside of school hours. The plan of continuing school, in rooms where one or more pupils have been excluded for a contagious disease, under close supervision of the school physician and nurse is being followed. It is hoped in this way to have better control over the disease than would be possible if groups of children were excluded and allowed to associate outside.

The Superintendent recommends a plan of more complete physical examination in order that defects which may be remedied may receive attention before they have developed and impair the vitality of the pupils in the schools. There are a few children, particularly in the elementary schools, suffering from nervous diseases, heart trouble, and conditions that if allowed to go would develop into tuberculosis. These cases might well be grouped in a fresh air room until they are brought up to a normal condition of health when they might be returned to the grades from which they were taken.

The development of a health program along these lines need not entail a large additional expenditure of money. It calls rather for a careful study of the health of all children in the schools and removal of conditions that stand in the way of good health and normal progress through the grades. Such a program will tend to conserve the greatest and most valuable resource of the town, — its children.

Physical Education

The objective in physical education today is not primarily the development of a winning team in each of the major sports. Winning teams are desirable and will continue to be an outcome of a physical education program. It is of far greater importance that all pupils, boys and girls alike, be engaged in some form of physical education that will be for their highest development. This brings with it the larger group activities of a physical education program. It makes necessary larger play areas and more supervision. There should be developed in the school life of each pupil a desire for wholesome recreation and knowledge of certain games that will carry over into the years when school life is replaced by occupation or profession. A program of this kind reacts upon the general school life in such a way as to bring about keener interest in school work and a desire to remain in school longer, the problem of truancy is reduced and the whole school morale is raised to a higher standard.

Under-Age Children

Each year there arises the problem presented by the child who is a few days or weeks under the age required for admission to kindergarten or first grade and whose parents believe that he is well qualified to profit by school work.

It must be acknowledged by even a casual observer that some children are more developed in all respects than others who are a few days or weeks older. Some children develop more rapidly than others. This is a recognition of individual differences.

The established rule of the School Department which governs admission of children to school provides that "Children who will be five years old before January 1 of the following year may be admitted to the kindergarten during the month of September. Children who will be six years of age before January 1 of the following year may be admitted to the first grade during the month of September."

Because of the fact that some children fully able to meet all other requirements were just under the age necessary for admission and would be retarded a year, the rule was amended to read "Provided further that children mentally above the age requirement limit be admitted to school during the first month of the school year."

An experienced child-psychologist examined all who came by appointment in response to a published notice. The figures below indicate the results of the revised plan of admission to kindergarten and first grade.

Number examined for admission to first grade . . . 13
Number of those examined who entered first grade . . . 7

	First or Highest Quarter.	Second Quarter.	Third Quarter.	Fourth or Lowest Quarter.
Rank for first half year . . .	2	3	2	0

Seventy-one per cent are in the upper half of their classes. None are failing.

Number examined for admission to kindergarten . . . 35
Number of those examined who entered kindergarten . . 22

	First or Highest Quarter.	Second Quarter.	Third Quarter.	Fourth or Lowest Quarter.
Rank for first half year . . .	8	5	5	4

Fifty-nine per cent are in the upper half of their classes.

Absence because of illness seems to be the cause of retardation of those in the lowest quarter in kindergarten.

The results indicate that the school standing of those admitted under the revised plan a month after the opening of school compares favorably with that of all others in their grades.

Conclusion

As indicated in the paragraphs above, the Superintendent's vision of Milton's school system includes the present and extends some years beyond. While this report and that of the Principal of the High and Junior High schools give more space to newer phases of school activities, emphasis will continue to be placed upon those supreme values which have generally been accepted as the basis of public school education in the elementary, junior high, and senior high schools.

The Superintendent expresses his appreciation of the cordial reception given him by citizens, teachers, and all others in the school system. His appreciation of the faithful manner in which they are meeting their civic responsibility is expressed to the School Committee.

Respectfully submitted,

HORACE F. TURNER
Superintendent of Schools

February 5, 1927.

REPORT OF PRINCIPAL OF HIGH AND JUNIOR HIGH SCHOOLS

H. F. Turner,
Superintendent of Schools, Milton, Mass.

Dear Mr. Turner: — One of the urgent educational problems to be solved in a rapidly growing community is the effect of rapid increase of population upon the number of students in attendance at the High School.

Careful estimates based upon the size of the class to be graduated from the Senior High School next June and upon the size of the seventh grade class to enter from the grammar schools next September show that we will have a considerably larger enrollment from this cause alone. Estimates based upon the number of new students who have come to us for the past few years indicate that this factor is so large that next year the high school building, despite the recently completed addition, will be filled to capacity. Briefly, the student body of the high school is growing so rapidly that by the middle of next year we will have caught up with our reserve high school building program as planned and that, after next year, the high school building will, in all probability be too small.

Disintegration of the educational program and deterioration of school work inevitably follow overcrowded high school housing conditions. I feel that plans may well be laid at once to relieve this situation before it becomes acute.

The problem of our rapidly growing high school is presented in another acute phase. Not only do we need greater housing capacity for this unusual growth but we need extra teachers to meet this anticipated demand and to relieve teaching conditions caused by the indicated increased high school registration. We have had approximately four hundred students enrolled in the Senior High School this year and about five hundred twenty in the Junior High School. Our curve of probable increase in attendance is such that the enrollment of this year of about nine hundred and twenty will, in all probability, next year be increased to between ten hundred twenty-five and ten hundred fifty. Evidently this increase will necessitate the employment of teachers for the one hundred twenty-five or more additional students whom we expect. This general increase will also overcrowd some already large classes so much that these large classes must necessarily be divided, making a need for supplementary teaching help.

One of the features of the growth of the school is the increase in the number of students electing to take science courses in the Senior High School. Our classes in biology, chemistry and physics are very much crowded, and there is need of extra teaching help in these subjects. Many more students could have been profitably guided into the science classes this year if we had room for them. The growth in the number of students wishing to elect shop work, mechanical drawing and domestic arts has also been very rapid and the matter of more rooms, equipment and teachers for this department is also becoming very acute.

We have need of more men teachers, particularly in the Junior High School. One of the great advantages of the Junior High School organization is the opportunity which it offers for adolescent boys to be guided and taught by men. I feel that it is very desirable to have our small force of Junior High School men teachers increased.

During the past few years, there has been recognized by educators and laymen the need of an educational program in high schools leading to better social training, understandings and ideals. In a modern high school our boys and girls are engaged in a busy constructive program where each individual is personally learning, mentally achieving and making social adjustment for the social well-being of the entire school. The specific aim of this program is social efficiency and co-operation. This program is so large that it cannot be established at once. In our program, we have included, in a preliminary way, the creation of opportunities for social contact by encouraging our boys and girls to associate in group activities; — athletic teams, clubs, parties, concerts, plays. We have fostered student participation through the student council and informal committees, student papers, and traffic supervision.

The club feature is so important that time has been allotted for students to have club meetings during the regular school day. The club organization is simple. The teachers have been asked to express a preference for a hobby and have announced that a club centering around that hobby would be formed. Then students have been permitted to form a group around the hobby in which they are most interested under the guidance of the teacher interested. This has been so successful that there are less than thirty students in the Junior High School who have joined a study group in preference to club membership.

Another phase of our social training has been the extension of the field of school assemblies, particularly in the Junior High School. One of the purposes of the assembly is to bring students together in a unit to enjoy or take part in recreational, instructional or inspirational programs. In the Junior High School we have had weekly assemblies in which, under teacher direction, students have presented programs containing typically; simple dramatizations, concerts, drills, programs based on class work, and exhibits of school work. Motion picture exhibitions and a few inspirational lecturers have been included in the assembly programs. These programs have been well organized and have resulted in the students receiving information and enjoyment. The assemblies have also served to give the students specific training in auditorium conduct. The assemblies are planned to weld community and school life in an interdependent social relationship.

In the Senior High School, vocational guidance and inspirational talks are given regularly each Friday afternoon except during the early weeks of the school year when the programs are being organized. We have had strong speakers from the business and professional world who presented to our Senior High School students many phases of business opportunities, who gave inspirational talks or who gave talks on important economic questions. We feel that the speakers who came to us exerted a very appreciable effect upon our boys and girls. Many of these talks were the bases of subsequent class discussions under the guidance of the teachers.

For a number of years, it has been recognized by many educators that the high schools ought to offer instruction and guidance in ethics. There are many practical difficulties in having formal stereotyped methods in ethical guidance. To overcome these difficulties in formal ethical instruction, several of our teachers are formulating plans for using the case method of ethical and social guidance. The method consists of stating a clearly defined, practical ethical or social situation which is discussed by the students, as though it were real. The teacher acts merely as a guide and avoids imposing his views in the discussion. This method we hope to give a fair trial in both the Senior and Junior High Schools, varying our methods, of course, to meet the difference in the ages of our students.

A well equipped library is a vital, essential part of every well equipped modern high school. The newer methods of instruction, such as directed learning, the socialized recitation, and exploratory studies in science absolutely require a well equipped library and a well trained person to direct the activities of the library. The library is a work shop for all departments of the school; a laboratory which meets the needs for reference reading. The librarian, in an equally important way, guides the reading, and sustains the interest of the pupil in work assigned by the classroom teacher.

The value of a library will be greatly increased by the services of a person trained in library science. It is generally conceded by educational executives that in a school of the size of the Milton High School a full time librarian may profitably be employed. In addition to the technical cataloging and classifying of the library books so that they may be easily accessible to the students, the librarian is the expert to whom the teachers may go for a great deal of supplementary assistance. The person in charge of the library should be a specially trained expert in the guidance of boys and girls through their reading and through their contacts with school libraries. The library work as outlined would supplement the work of the public library. It would give our students an opportunity to have easy and intimate contact with library privileges during school hours.

We are making a systematic effort to increase the efficiency of the studying habits of our students. Teachers are systematically directing students as they study. We have regular periods in school for students to be specially directed in learning. Several teachers have taken selected groups of pupils for the purpose of directing their study. All of the teachers are paying particular attention to the study room habits of our students, with the view of enabling the students to economize time in studying. We are aiming to lessen the time of home study for the students of the lower grades by teaching more efficient study methods. We plan that the amount of home study to

be done by our children progressively increases from the seventh grade to the Senior High School.

Our program of health instruction has been very much strengthened by the new gymnasium and the additional locker accommodations furnished in the new addition to the building. We are encouraging group play activities in physical education so that a large number of boys and girls may take part in group competitions. We are trying to increase the number of participants in athletics; we are encouraging those who are not particularly skilled to take part in contests. This encouragement of group play is not at the expense of sane inter-school contests, but this development of group playing will eventually bring better school teams which participate in inter-school contests. A splendid spirit of sportsmanship and of clean playing is shown by the boys who represent the school on its teams and a splendid sense of sportsmanship is shown by our students at all of our games.

We are particularly in need of more land for out-door physical exercises. The present playground is already inadequate. In view of the future rapid growth of the school we need more land for our physical instruction during the school hours and for the after school physical work.

A very gratifying professional condition in our high school is the progressive attitude taken by our teachers with reference to professional improvement by means of college extension courses. A recent report to me from our teachers showed that twenty teachers had availed themselves of college professional improvement courses during the year nineteen twenty-six. I feel that our teachers are to be commended for this splendid professional attitude. This work done by teachers in the extension courses is being supplemented by reports to the other teachers and by conferences with me. Many of the teachers who have taken these courses are reading, under my guidance, recent professional educational books, as their interests determine.

In closing may I briefly sketch our program of student guidance. We recognize the need of educational guidance. Boys and girls need to be guided in their school work and in their choice of subjects studied. Subject teachers and home room teachers are helping in this. Pupils need to be guided in their reading, the subject teacher and librarian may be of great assistance in this matter. Students should be guided in methods of learning as I have indicated above.

We also feel that boys and girls should have moral and ethical guidance, of course this is interwoven in all school activities. We are experimenting with the case method of ethical guidance as I have stated, feeling that there should be special guidance in ethics. A librarian would be of great help in this matter.

I have touched upon our program of health guidance as carried on by the physical education department. This guidance is based upon physical examinations and upon knowledge of the student by the physical instructors and is aided by the guidance of the school nurse. We need the co-operation of parents in our corrective and preventive health work. Our work in health guidance is based not only upon correction of bad health conditions but upon the establishment of good health habits for the individual and upon the preparation of our boys and girls for an active interest in the health problems of the community when they assume the responsibilities of manhood and womanhood.

The program of vocational guidance centers around the study of the individual child; in instruction as to the conditions and opportunities offered in them; in the preferences, aptitudes and limitations of the boy or girl and in careful, constructive and sympathetic aid to help students in making wise decisions as to their life work.

Aside from the consideration of our needs caused by the rapid increase in the size of the school, I have confined my report to the very important though in somewhat intangible topics which deal with the newer phases of high school education, because I feel that these newer aspects of high school need to be emphasized and because they cannot be too well appreciated.

Respectfully submitted,

CHARLES K. MOULTON,
Principal.

APPENDIX

SPECIAL REPORTS

AND

STATISTICS

QUOTATIONS FROM RULES AND REGULATIONS OF THE SCHOOL COMMITTEE

1. Admission to Kindergarten and to First Grade

Section 45. Children who will be five years old before January 1 of the following year may be admitted to the kindergarten during the month of September. Children who will be six years of age before January 1 of the following year may be admitted to the first grade during the month of September. Provided further that children mentally above the age requirement limit be admitted to school during the first month of the school year.

2. Tuition Pupils

Section 69. Tuition fees at the rate of $125 (One Hundred Twenty-five Dollars) per year in the High school, $100 (One Hundred Dollars) per year in the Junior High school, and $75 (Seventy-five Dollars) per year in the elementary schools shall be paid by non-resident pupils to the Superintendent of Schools at the beginning of each term. Pupils whose term bills have not been paid at the end of the second week from the time the bills have been rendered shall be required to discontinue their attendance at school.

3. No-School Signal

Section 61. The signal 2-2 sounded four times on the fire alarm at —

7.15 o'clock means no school sessions for all schools for entire day.
7.30 o'clock means no school sessions for all schools below the Junior High school for the entire day.
11.40 o'clock means no afternoon session for all schools below the Junior High school. This signal will not be sounded if the 7.15 or the 7.30 signal has been sounded. The session at the Vose School will not be affected by this signal.

The 7.15 signal will rarely be sounded, as it includes the closing of the High and Junior High schools.

The widely varying conditions in the several parts of Milton make it difficult to reach decisions equally fair to all interests. Parents are, therefore, expected to exercise discretion in regard to their own children.
